Notices Of Tobacco Quotas To Be Mailed

Tobacco allotment and quota notices for 1970 will be mailed to Warren County farmers today (Thursday), T. E. Watson, ASCS office manager, said yesterday.

The 1970 basis tobacco acreage allotment and marketing quota has been reduced five percent. This is the first reduction in tobacco acreage since the acreage-poundage program was put into effect in 1965.

The notices to be mailed to most tobacco farmers today will show the effective 1970 acreage allotment and marketing quota for the farm after adjustment for over or under-

marketing. Watson said there are a very few farms where the 1969 marketing record has not been completed. These farm operators will get their notices just as soon as the 1969 marketing records have been reconciled, Watson said.

Warren County's 1970 base allotment is 4,907.83 acres. The base quota is 7,678,871 pounds. Watson said that this will make the county's effective allotment 5,130.66 acres. The effective quota will be 8,016,421 pounds. This compares with a 1969 effective county allotment of 5,166.87 acres and a quota of 8,084,070 pounds.

Cotton Allotments May Be Leased In County

Upland cotton allotments may be sold or leased for transfer to another farm for 1970, T. E. Watson, ASCS office manager for Warren County, announced this week. He said that transfers may be made within the county but cotton allotments may not be transferred outside the county.

Watson said the deadline to file an application for transfer is Dec. 31, 1969. Conditions for the transfer were listed as follows:

The application must be filed at the transferring farm's county ASCS office.

Both owner (s) and operator (if separate persons) of trans-

ferring farm must sign application.

Any lienholder on transferring farm must agree to transfer.

No allotment can be transferred to a farm and from the same farm during a single crop year.

The amount of reimbursement, terms of payment, etc., for allotments is entirely up to parties involved in the transfer. After a transfer is approved, the agreement can be dissolved only by all parties concerned notifying the county committee in writing that they want the agreement dissolved.

Warren County Farmers Approve Cotton Quotas

Warren County cotton growers voted 96 percent in favor of cotton marketing quotas, with 602 votes in favor and 25 against, T. E. Watson, ASCS office manager, said this week.

Watson said there were approximately 1988 eligible voters in the county who were mailed ballots. Ballots were tabulated in the ASCS office on Dec. 10.

A favorable vote nationally means that producers who plant within their 1970 allotment will be eligible for price support payments and loans, with penalties for exceeding the allotment, Watson said. The 1970 cotton program will be essentially the same as that of last year.

Watson said that further details will be announced prior to the sign-up period, which will be sometime after the first of the year.

Scout workers will in the next few days call on Warren County citizens for their 1970 contributions to the Warren County Boy Scouts of America, Benjie Powell, finance chairman, announced yesterday.

Powell pointed out that scouting is one of our best and surely one of the most important ways to train your boy and mine to be the future men of this great country.

"Your contribution," he said, "is necessary to help finance this program. So when our scout helper calls on you, please give."

Draft Board To Be Closed For Holidays

The Warren County Draft Board office at Warrenton will be closed Dec. 24, 25 and 26, and will be open a half day on Dec. 29, 30 and 31, Scott Gardner, chairman of the board, announced yesterday. He said the Draft Board would also be closed on Jan. 1-2 while Mrs. Winnifred Thompson, executive secretary is on leave.

Gardner asks that the boys whose birthdays fall on the days the office will be closed to report for registration on Jan. 5.
