Local Delegates Attend Symposium On WIC Programs

Senator Hubert Humphrey was the keynote speaker at a National WIC Symposium in Washington, D. C. last week.

Mrs. Janet Farrar and Mrs. Ruth Bugg were among the 800 delegates attending from 49 states, Puerto Rico and The Virgin Islands. Mrs. Farrar and Mrs. Bugg represented the Warren County WIC Program which is a special supplemental food program for Women, Infants and Children established by the federal government in August 1973.

The Mayflower Hotel was headquarters for this first nationwide meeting and The Children's Foundation, with a Washington base, hosted and sponsored the Symposium. The Children's Foundation is a non-profit national, anti-hunger organization concerned with the quality and availability of the nation's food programs for needy children.

Other outstanding speakers were Congressmen George Miller and Charles Percy. Representing the prestigious House Committee on Education and Labor was Congresswoman Shirley Chisholm of New York. Besides outstanding oratory, delegates were instructed by daily workshop sessions covering vital topics of WIC concern.

From a pilot project, WIC has grown in four years to a highly successful and well-funded program with a \$250 million national budget.

North Carolina alone now has 13 WIC projects operating in 26 counties, and currently enrolling 20,500 women, infants and children.

The WIC program in Warren County with a caseload of 650 participants is continually growing and successfully serving needy mothers and children and helping them attain their full potential in growth and development and nutrition education. The overall goal of WIC, here and elsewhere, is the assessment and identification of nutritional problems, the delivery of food orders and information to help correct these problems and the evaluation of these procedures.

The National WIC Symposium lauded the achievements of local programs and shared ideas and procedures throughout the nation to insure future progress.

Smoke Signals News Of Warren Academy

Last Monday afternoon excitement abounded at Warren Academy. The snow took us all by surprise. We were out of school almost before we knew it. It did not last long enough because it left just as fast as it came. But we had a good time while it lasted.

Due to the quick disappearance of the snow we were able to play the scheduled basketball game at N.E.W. The teams came away from N.E.W. elated! All three teams were victorious!

The varsity teams did not play last Friday night. The J.V. girls and boys played at Kerr Lake Academy on that night. We are sorry to say that neither team came away with a victory. The J.V. boys really got wound up in the last quarter and gave Kerr Lake boys a scare. Our boys ended up by five points.

The J.V. boys and the varsity team played on Tuesday night of last week. We hope to say next week that we were the victor over Halifax Academy.

The J.V. girls played the Halifax J.V. girls Wednesday at 4 p. m. Hope to be able to say that they came out winners, also.

We are very proud of
