Is Appointed Scout School Graduates **Fund Chairman**

Mrs. Alex S. Watkins, Jr., has been appointed the 1977 Sustaining Membership Enrollment Chairman for Warren County. The Girl Scout fund-raising campaign will be held from May 1 through 15.

Mrs. Watkins noted that Girl Scouts endeavor to help a girl deepen her awareness of herself as a unique person of worth. To develop values which will give meaning and direction to her life; to relate to others with increasing skill, maturity and satisfaction; to contribute to her society through her own talents and in cocperative effort with others.

Girl Scouts in Warren County have been very active during the past year. They planted a dogwood tree to help with the beautification project of Warrenton during Girl Scout week. They go on ecology walks around town and help clean up the streets.

Troop 379 and Troop 725 made Christmas ornaments and gave a party to the Warren Plaza Rest Home and the Brownies made Easter baskets for the Child Development Center.

MRS. WATKINS

Liquid Feeding May Be

Best For House Plants

Just because everything outside is green, growing and receiving your attention, don't neglect the care of your house plants this summer.

The best method of applying fertilizer to house plants is in liquid form, suggest North Carolina State University extension specialists. If a soluble fertilizer is used, be sure to follow the manufcturer's instructions. If a dry garden type fertilizer is used, dissolve one teaspoonful in a quart of warm water. Stir well and let stand overnight before using. Then use enough of the solution around well established plants to wet the soil well.

If some of your plants, have outgrown the container and have become root-bound, repot in a larger container. A good potting medium is a mixture of three parts loamy soil, two parts peat moss and one part coarse sand. To this mixture add one cup of 20 percent superphosphate to each bushel of prepared soil. Bone meal may be substituted for the superphosphate.

Many house plants do better out of doors in the summer if they are adapted to outdoor conditions. They may be grown on porches, terraces or in the garden border. This would not apply to such as African violets.

A good way to carry many types of house plants through the summer is to bury them up to the rim of their container in a selected site out of doors. A layer of gravel at the base of each pot will assure good drainage.

Local Girl Honored

ANN ARBOR, MICH.-A Warren County girl is among ten University of Michigan teaching assistants who were recently honored here. She is Yvonne C. Johnson of Route 2, Warrenton.

Teaching assistants, who teach some sections of undergraduate courses while working on graduate degrees, are nominated for the award by students and faculty members. They are selected annually on the basis of teaching excellence.

Ms. Johnson, who is majoring in music, received her bachelor's and master's degrees in music education at the University of North Carolina. She also attended the Litz Academy in Budapest. Her teaching assignments at U-M included music teaching in elementary and secondary

MAIN STREET

Mrs. Alex Watkins FBI Seeking High

The FBI has career opportunities for high school graduates, Mark Howe, agent from the Raleigh FBI office, pointed out this week while visiting the county. Information about the FBI and the opportunities offered high school graduates are contained in the following news release:

The Federal Bureau of Investigation investigates violations of many different laws of the United States, and is also responsible for protecting the security of our country. FBI Special Agents perform the investigative work, but they need the help of many other employees, such as clerks, typists, stenographers, fingerprint technicians, and others. Each employee plays a vital part in the important and interesting work of the FBI.

Both men and women, who are high school graduates, are eligible for these jobs which are available at FBI Headquarters in Washington, D. C. Qualified high school seniors who submit applications early will be offered appointments during the summer months to insure a job for them after graduation.

Annual starting salaries are: Clerks-\$6,572; Typists-\$7,-408; and Stenographers-\$8, 316. Clerks who show ability and interst are rewarded with grade raises to reach \$9,303 in 19 months, and capable employees are rewarded proportionately.

An applicant must be at least 16 years of age and a citizen of

This new back-hoe has been placed into operation in Norlina following the awarding of a contract last week by the Norlina Board of Commissioners.

the United States. No experience is necessary as all positions have on-the-job training. Promotions are based on merit; paid annual vacation time starts with 21/2 weeks and progresses to 5 weeks after 15 years; and liberal group hospitalization and insurance benefits are available.

Washington, D. C., and the surrounding area have many fine educational institutions of higher learning for employees who are desirous of continuing their education while gainfully

Further information and applications for employment may be obtained by contacting the Special Agent in Charge, FBI, 1120 Jefferson Standard Building, Charlotte, North Carolina, 28202, telephone number 372-5484, or by contacting Special Agent Mark J. Howe, FBI, Room 648, Federal Building, Post Office Box 26416, Raleigh, North Carolina, telephone number

755-4620.

Track Meet

The Tar River Conference Track Meet will be held at John Graham High School on May 6. Thinelads from Bunn, Louisburg, Norlina, Franklinton and John Graham high schools will vie for ribbons in track and
