April 15 Is Deadline

Tobacco Designations Are Coming In Slowly

Operators of about 400 farms in Warren County have not designated warehouses at which they wish to market their 1981 tobacco, Thomas E. Watson, executive director of the Warren County ASCS Office, said yesterday. Designations have been made by about 250 farmers, he added.

Watson reminded farmers that Wednesday, April 15, is the deadline for growers to file initial designations.

Any producer who is planning to carryover his 1981 crop into 1982 should determine if the full quota can be carried over to next year, Watson said. If a grower does not plan to plant tobacco in 1981, a designation should not be filed.

April 15 is also the deadline to lease and transfer tobacco.

Farm operators are urged to visit the ASCS office at once and file their warehouse designations.

Road Problems Are Discussed

By Commissioners

Attending a meeting in the Warren County courtroom at 2 p. m. Monday afternoon representatives of the State Department of Transportation discussed road problems of county and state with the Warren County Board of Commissioners. Board Chairman Jack Harris presided over the meeting.

Painter told the commissioners that while \$104,575.00 had been awarded Warren County as its share of \$10 million received by the state from bond fund, \$60,000 of this amount is allocated to cover overdrafts on existing work orders, leaving only \$44,575.00 for county road work.

Of this \$44,575, the following allocations have been made:

Upgrade Green Avenue, from SR 1601 to Plain View Street (to meet our minimum unpaved standards for old subdivision streets) .01 mile, \$5,000;

Spot Improvements - including stabilization on various secondary roads, county-wide, \$25,000;

Road additions - property owner participation paving and contingency funds, \$14,575.

Painter said that whether anything can be done on a written request of Jeff D. Palmer, Sr., of Falls Church, Va., relative to completion of the paving of secondary road No. 1334, begun in 1969 and on a request that a portion of road in a development near Nocarva be added to the state system would depend on action of the Legislature.
