Carter Family

Stages Reunion

"A Family's Love is the Greatest Love on Earth" was the theme for the Carter family reunion held July 30 at the Warrenton Lions Den. More than 200 relatives from as far away as Louisiana and New York were in attendance.

Music was rendered by Quentin Alston, James Carter, Tammie Hudson and Eve Ferdinand. This was followed by the serving of a fine meal prepared by James Boyd.

Plaques were presented to the oldest family member present, Mrs. Sallie Carter Mushaw, 81, and to the youngest, Ronald Charles Jessimay, eight months old.

On Sunday the Carter and Mushaw families gathered for a cookout at the home of Edward Mushaw, where good-byes were said.

Big Relatives

Tiny tree hyraxes—furry animals that look like guinea pigs and live in African forests—have some enormous relatives: elephants. The family resemblance shows up mostly in the feet. Both animals have short, stubby toes and flat toenails that are almost like hooves, National Geographic World magazine says. The hyrax's loud voice, however, can sound human—like a scream.

Store onions in a cool and dry place. High humidity may start root growth and decay.

Two Wildlife Commissioners, who were reappointed for six-year terms ending in 1989, were sworn in. Eddie Bridges of Greensboro will continue to serve as Wildlife Commissioner for District 5, and Woodrow Price of Gloucester will continue to serve as Wildlife Commissioner for District 2. Dr. Jack Hamrick of Shelby was sworn in as the newly appointed Wildlife Commissioner for District 8, and his term will expire in 1989. Wildlife Commission Chairman J. Robert Gordon of Laurinburg was also re-elected to serve another two-year term as chairman of the Commission, and Woodrow Price was re-elected vice-chairman.

The Wildlife Commission also considered a proposal which would allow hunters to take big game, which includes deer, black bear, and wild boar with handguns. Only handguns with a minimum barrel length of six inches or longer could be used, and the guns would have to be capable of firing and loaded with .357 ammunition or larger.

In addition, handgun hunters could use the following cartridges; 30-30 Winchester, .35 Remington, .30 Herrett, and 7mm TCU, and 7mm BR. These proposals are to be the subject of a public meeting on Tuesday, August 9 and 10 a. m. in the 3rd floor Wildlife Conference Room in the Archdale Building in Raleigh. Interested sportsmen are urged to attend.
