

SCHOLARSHIP ESTABLISHED — Rose's Stores Inc. on Monday presented to Vance-Granville Community College a contribution of \$2500 to establish a scholarship in honor of John T. Church for his long-time service to the institution. Church, who is chairman of the board emeritus of the Rose's chain, was present when L. H. Harvin, III, chairman of the board and chief executive officer of Rose's (right), presented the check to Dr. Ben F. Currin, VGCC president. Interest earned from the donation, which will be added to the college's Endowment Fund Corporation, will cover a full year's tuition for an academically qualified student needing this assistance. The first recipient of the John T. Church Scholarship, which will be awarded annually, will be named in late summer. Church has supported the college since its inception in 1969 and is the senior member of its Board of Trustees, in addition to serving as board secretary for the past four years. (VGCC Photo)

Keep House Plants Well Fed, Healthy

Don't forget to give your house plants proper care during the warm outside gardening months. You'll want them green and healthy next winter when they will be the center of attention again. The best method of feeding your house plants is to use liquid fertilizer.

If some of the plants have outgrown the containers and become root-bound, repot into a larger container.

A good potting medium is a mixture of three parts loamy soil, two parts peat moss and one part coarse sand. To this mixture add one cup of 20 percent super-phosphate to each bushel of prepared soil. Bone meal may be substituted for the superphosphate.

Many house plants do better out of doors in the summer, if they are adapted to outdoor conditions. They may be grown on porches, terraces or in the garden border. This would not apply to African violets and certain sensitive specimens.

A good way to carry many types of house plants through the summer is to bury them up to the rim of their containers in a choice site out of doors. A layer of gravel at the base of each pot will assure good drainage.

Anniversary Service Held

Union Grove Gospel Chorus celebrated its 10th anniversary Sunday, April 15, at Union Grove Church.

The chorus used the theme, "Singing Praises to the Name of the Lord," and Mrs. Mary J. Harrison of Warrenton Baptist Church served as mistress of ceremonies with Sherman Johnson, WARR deejay, as master of ceremonies.

Greetings were brought by Mrs. Shirley H. Foster, president of

the chorus. Mrs. Barbara W. Alston, secretary, gave the history of the chorus, emphasizing the growth of membership, pitfalls and accomplishments during the past 10 years.

During that time, the church has donated a piano to the church, along with an inter-com system, water fountain, and a copy of their first album, "Glory Hallelujah," dedicated to the church.

Mrs. Annie Brown Branche was the recipient of 15 long-stemmed roses from the members of the chorus and an engraved plaque noting her outstanding service in record promotion for the chorus.

Visiting choruses were Jordan Chapel Young Adults, Warren County; Antioch Gospel Chorus, Townsville; Earnest Owens and the Gospel Heralds of Henderson; and Mrs. Ann Coleman with the Musical Expressions of Mt. Olive Baptist Church.

Trim Car Costs

The cost of transportation is the second biggest budget item for most families. One large saving will be to use a car for another year instead of trading it in. Smaller savings can come from driving at a lower speed, reducing the number of trips made, contacting the insurance company for a lower premium and keeping the engine tuned up.

Risky Business

Surrounded by would-be usurpers and assassins, emperors of Byzantium led risky lives. Of the 88 emperors from Constantine I to XI, 13 took to a monastery, and 30 others died violently—starved, poisoned, blinded, bludgeoned, strangled, stabbed, dismembered, or decapitated.

MUZZLE YOUR ENERGY HOGS

Electric water heaters and central air conditioners gobble up more energy than all your other appliances combined. But we can help control their consumption with Load Management switches. By cycling these two appliances on and off during peak electric demands, it will help us hold down future rate increases.

What's more, the \$100 switches are free from your EMC, and we'll install them at no cost. Call us now. And we'll be right out with the muzzles.
