Lioness Club Is Sponsoring Red Cross Blood Unit Visit

Academy Honor Roll Released

The Warrenton Lioness Club will sponsor a Bloodmobile at the Lions Den on Monday, Feb. 11, from 12 noon to 5:30 p. m., according to Mrs. Alice R. Robertson, Warren County Bloodservices chairperson.

Mrs. Robertson noted that the American Red Cross is in great need of blood, and that persons between the ages of 17 and 65 and weighing 110 pounds or more may donate blood. "We would like to sign up as many 'VIP' donors as possible. These are persons who pledge to donate blood a minimum of four times a year," she said.

"All blood donors are special people; they help save lives! VIP donors are very important members of the community because they make an extra effort to help maintain a safe, reliable blood supply.

By giving four times a year, VIPs support the blood supply year-round including those periods when many donors are busy with other activities and forget to give, especially holidays and summer vacation months. Blood is needed seven days a week, 52 weeks a year," Mrs. Robertson continued.

Studies have shown that people in good health can safely give blood four or more times per year without any ill effects, according to Mrs. Robertson. "While it cannot be proven that there are any good effects, there is the satisfaction of helping others. Within a few minutes after the donation, the lost blood is replaced by fluids drawn into the blood space. Shortly after, the bone marrow manufactures replacement red cells at a more rapid

rate so that within approximately six weeks, normal levels are reached," she reported.

The Red Cross requirement that donors give only once every 56 days insures that one does not give too frequently. Donors receive a mini-physical prior to donating in order that the safety of the donation can be determined. "In cases of doubt, the rules are applied to protect the donor, regardless of how acute the need for blood," the chairperson stated.

Mrs. Robertson encourages eligible persons, both VIP donors and once-a-year donors, to give the "Gift of Life" on Feb. 11. Persons having questions or civic organizations wishing to sponsor a bloodmobile may contact her at 257-3947 or 257-2542.
