Field Day Held At North Warren

Under partially cloudy skies Friday, North Warren opened its annual Field Day with the traditional parade around the field. Leading the parade were the flag bearers carrying the American and state flags, followed by the entire school body.

The teams of Blue and White then began enjoying and competing in such events as the 50 yd. dash, jump rope, and the softball throw. Ribbons were awarded to individual students winning and placing in events.

Lunch was then enjoyed by all, especially the teachers and parents who feasted on pizza donated by the Pizza Hut of Henderson.

The afternoon festivities opened with the giant push ball games. The White and Blue teams from each grade level competed.

Other afternoon games included the human wheel barrow race, 440 relay, and the final tug-o-war. As the points were tallied, students gathered around Mr. Knight and Mr. V. Williams, coordinators of Field Day. The trophy was awarded to the Blue team for the highest amount of points won from events.

Field Day was enjoyed by the students, faculty, and the many parents that came out to encourage support and cheer the students. Not only were the games exciting and exhilarating, but the concessions sponsored by the school and the Junior Beta Club were also a highlight of the day's festivities.
