Come Enjoy Our Warm Waters
Just \$7.92 per month

That's right! Just \$7.92 a month, or \$8.68 for our Energy Saver water heater*, will give you all the warm water you need! Gas water heaters provide more hot water, faster, than either electric water heaters or older gas models. And you can't beat propane gas for economy. In fact, by switching from an electric water heater to a propane water heater from PARGAS, you can save up to \$350 per year in reduced energy costs.

Both our standard and Energy Saver models are heavily insulated to reduce stand-by heat loss. Each is covered by a 5-year limited warranty. And either can be yours at these low monthly payments—with **no money down!** So come enjoy our warm waters. And give your water heating budget a rest.

*Payments based on a 36-month financing period and do not include sales tax, installation or monthly propane bills. Water heater must be connected to PARGAS. This offer good on the purchase of the following model gas water heaters only: GV303T, GV303S, GVF333T, GVF333S.
