How to Avoid Feeling Stuffed

The holiday season can be a time of unbridled indulgence in food and drink with lots of turkey and ham, all the fixings, and perhaps a good wine or cocktails to toast family and friends.

Doctors suggest moderation with holiday food and drink. If you must try everything on the menu, take small portions and leave room for the main course. Don't leave yourself feeling more stuffed than the turkey. Going overboard at the holiday groaning board can have you groaning with indigestion or heartburn when the party's over.
