Slosh Sound

Fresh coconuts should be heavy for their size and you should be able to hear the milk slosh around. Coconuts without milk are spoiled. One fresh coconut yields three or four cups of grated coconut.

Exum will have his class to prepare a precise estimate of materials as a class project.

The business portion of the meeting concluded with the reading of the collect.

Members prepared several large and small Valentine arrangements for the Colonial Lodge, Warren Plaza Nursing Home and the Warren Nursing Center.

Mrs. Carroll Ends Franchise Effort

Mrs. Minnie Carroll, owner of a Garner-based realty company, has dissolved her association with the Century 21 franchise to reinstate the company's original name. Known again as Carroll Realty, Mrs. Carroll plans to continue the same "quality service given to customers since 1971."

Realtors are required to renew their contracts with Century 21 every five years. According to Mrs. Carroli, the impact of non-renewal has been negligible. "We haven't lost a single listing and the response has been of a positive nature," she said.

Mrs. Carroll is the daughter of Mr. and Mrs. William Allen of Warrenton and the daughter-in-law of Mr. and Mrs. Gus Carroll.

Interesting Reading In Store For Recipients Of Directory

Telephone customers will find some interesting reading about their area in their new Carolina Telephone directory now being delivered, according to Richard R. Barnes, Jr., district commercial manager for the company. The new directory is effective March 2.

The Henderson area directory includes listings for customers in the Centerville, Franklinton, Henderson, Louisburg, Norlina, Oxford, Wake Forest, and Warrenton telephone exchanges.

"The directory includes a section called the Community Information pages, highlighting useful facts and data about area cities and towns. These pages, located in the front of the directory behind the Customer Guide Section, are devoted to Henderson, Louisburg, Oxford, Wake Forest, Rolesville, Youngsville, and Warren County. The pages include such information as education, transportation, medical services, industry, and community and cultural activities," Barnes said.
