

Two Warren County Men Arrested After Recovery Of Stolen Oven

The recovery by Warren County law enforcement personnel of a microwave oven stolen in Franklin County has resulted in the arrest of two Warren County residents.

Percell Richardson and Joseph Edward Bobbitt, both of the Heck's Grove community, have been charged by Franklin County

officials with one count each of breaking and entering and larceny, Chief Deputy Bobby D. Bolton announced this week.

According to Bolton, the two men, in addition to facing charges in Franklin County, are considered suspects in unsolved crimes under investigation in Granville, Halifax and Warren

counties, as well as Mecklenburg County, Va.

Richardson has been placed in the Franklin County Jail. Bobbitt awaits trial in the Vance County Jail.

Warrants have also been issued for the arrest of five Vance County men in connection with the March 14 break-in at the residence of Mrs. Mary Hunt, which is located on U.S. 1, south of Manson. Reported missing following the incident were a 19-inch color television valued at \$800 and a VCR valued at \$300. Sgt. Lawrence Harrison was the initial investigating officer.

Following continued investigation by the department, warrants were drawn on Earl Wayne Bullock of Middleburg (breaking and entering and larceny), and Henderson residents Kenneth Wayne Bullock (aiding and abetting breaking and entering and larceny), Ollie Harris (aiding and abetting breaking and entering and larceny), Bobby Kelly (aiding and abetting breaking and entering and larceny) and Albert Bullock (receiving stolen goods).

Kenneth Wayne Bullock was arrested on April 29 and placed under a \$1,000 secured bond in the Warren County Jail. After posting bond, Bullock was released to await his appearance on May 18 in Warren County Criminal Court.

The four remaining suspects have not been apprehended, Chief Deputy Bobby D. Bolton, who became involved with the investigation last week, said.

Leroy Wyche, 35, of Manson was arrested last Friday after Warren County Sheriff's personnel the previous day had confiscated 80 small marijuana plants near his residence. The plants were found growing in a tub that had been placed in a wooded area less than 70 feet from the dwelling.

According to Chief Deputy Bolton, Wyche fled the scene as officers approached him on Thursday.

When Wyche was arrested on Friday after returning to his residence, a small number of plants not confiscated on Thursday were found in his possession. Following questioning, Wyche was arrested and released on a \$500 bond. He will appear in Warren County Criminal Court on May 11, Bolton said.

Three reports of missing items and a case of damage to personal property are also under investigation by the department.

Kenneth Johnson on April 26 reported the disappearance of a new Master Chef dishwasher valued at \$380 from his trailer on S.R. 1604. There are no suspects in the crime under investigation by Deputy W. T. Winston.

A Raleigh resident, Ms. Gloria Bonin, reported the disappearance of assorted items from her summer residence at Lake Gaston Estates.

Reported missing were a telephone (\$20), a hot water heater (\$120), a table with three chairs (\$200), an aquarium stand (\$30), a small black-and-white television (\$60), a desk drawer (\$20), a bed spread (\$30), a refrigerator shelf (\$15) and a heating element from an electric range (\$80). Deputy Ronnie Baskett is the investigating officer.

An estimated \$850 in goods on May 2 were reported missing from the Rt. 2, Norlina residence of Ms. Juliette Evans. After returning to the Soul City trailer park at the end of her work day, Ms. Evans discovered an entry lock broken. Reported missing were a 19-inch color television, an Emerson stereo set with speakers and an AM/FM radio-double cassette player. Sgt. Lawrence Harrison is the investigating officer.

Also on May 2, Bravid Watson reported damage to a farm trailer that had been parked on the lot of his store in Vaughan. Damages to the tires on the vehicle, which had been slashed, have been estimated at \$50. Deputy Lloyd Newsome is the investigating officer.

Lettuce was enjoyed by peoples of the Mediterranean and the Americas ago. Lettuce was among some of the first crops sowed in colonial gardens.

Warren County High School masonry students George Harrison, III, right, and John Miller recently attended the N. C. State VICA Leadership Conference held in Asheville, where they participated in a brick/blocklaying contest. Harrison received the silver medal and a trophy for second place winner. He missed advancement to the national level of competition by 13 points. Miller received the bronze medal and a trophy for third place winner. Clarence Jones, masonry instructor at Warren County High School, supervised and prepared these young men for participation in the competition.

Warren Bricklaying Students Take Awards

Four students from the Warren County High School Masonry Department attended the N. C. State VICA Leadership Conference held in Asheville on April 14-16. Thirty-eight schools throughout the state were represented at the Conference, where some served as delegates and others as participants in a brick/blocklaying contest. Competing in the contest for Warren County High School were George Harrison, III and John Miller, both second year masonry students. Representing as delegates were Hervy Christmas and Tyrone Bryant.

Each contestant had to build the same project. Warren County High School won second and third places in the contest.

George Harrison, III received the silver medal and a trophy for second place winner, and John Miller received the bronze medal and a trophy for third place winner. George is the son of Mr. and Mrs. George Harrison, Jr. of Hollister, and John is the son of Mrs. Sharon Miller of Warrenton. Clarence Jones, masonry in-

structor at Warren County High School, supervised and prepared the young men for participation in the contest. He stated that "these young men have applied extensive effort, time and dedication in preparing themselves for this competition."

Merchants Asked To Display Flags

On patriotic holidays, flags are traditionally flown in cities and communities throughout the nation. This display of the colors is to commemorate the American way of life and the men and women who gave their lives in the defense of our nation.

Warrenton is invited to display its flags. The town had thoughtfully provided side walk flagpole holders in front of most businesses along Main Street. A 3 X 5 foot U. S. flag mounted on an 8' X 1" flagpole can be used for these holders.

All merchants are encouraged to display a flag in front of their business this upcoming Memorial Day and future holidays. For further information, contact Clifton C. Alston, Veterans Service officer, at 257-3385 or 136-A S. Main Street in Warrenton, Monday through Friday 8:30 a.m. to 5 p.m.

With the combined efforts of the Warren County and Littleton Jaycees, the temporary headquarters for the Buck Spring 4-H Camp was given two coats of white paint last weekend, as a part of the

Jaycees' commitment to assist in the development of the camp facility. The project was completed after 109 manhours of work.

Temporary Buck Springs Camp Headquarters Given Facelift

By GEORGE W. KOONCE

The temporary headquarters for Buck Spring 4-H Camp received a facelift during the weekend with two coats of paint being applied by 13 members of the Warren County Jaycees and two members of the Littleton Jaycees. Some 109 manhours were donated by these two organizations that took in an all-day workday on Saturday and an afternoon work period on Sunday.

The painting of the frame residence was carried out as part of a community project under the leadership of Lynn Henry and Scott Mulchi, co-chairmen. According to N. Macon Robertson, president of the Warren County Jaycees, this project officially begins the start of the new year for community service activities to be carried out by the Jaycees.

Painting of the house at Buck Spring is the third project since 1985 that the Warren County Jaycees have undertaken to help develop the camp facility. The two previous projects included

the development of nature trails on the 71-acre site and carrying out a fundraising project with a donation of \$770.

The residence painted by the Jaycees was stripped of all old paint a week ago and on Saturday the Jaycees used an oil-based primer for the first coat. They returned Sunday afternoon to put the finishing coat of paint on the building. The residence is now a brilliant white-finished structure that is a real complement to the total development of the project.

Jaycee members participating in the project and furnishing much of their own equipment were: Macon Robertson, Ricky Bryant, Lynn Henry, Randy Pegram, David Crowe, William Cox, Mike Norwood, Arnold Williams, Macy Bolton, Danny Bartholomew, Scott Mulchi, Gary Williams and Kenny Clayton of the Warren County Jaycees and Dallas Rodwell and Clyde Johnston of the Littleton Jaycees. Also, Edward Hunter volunteered his services by mow-

ing all the grass with a riding lawnmower that was provided for him.

The Warren County 4-H Office is deeply indebted to this great community minded organization that is always looking for the opportunity to do a good deed for the community.

Deputy Sheriff Joins Department

A new deputy sheriff on Monday, April 18 joined Warren County's law enforcement staff, Sheriff Theodore Williams announced this week.

Wills Scott Bissette, a Wilson native, has been hired by the department.

Bissette, a 1981 graduate of James B. Hunt High School in Wilson, is a former U.S. Marine. He completed on February of this year the 460-hour law enforcement training school at Wilson Technical College that is required for certification as a deputy, the sheriff said.

Bissette is single and resides in Norlina.

Grant Applications Are Being Sought

Grant applications for funding which aim at delinquency prevention are being sought, according to Carolyn Alston, Warren County Task Force on Delinquency Prevention member.

The amount of funding which is available is \$5,000, and those interested in applying for the funds may pick up the appropriate forms in Mrs. Alston's office at John Graham Middle School. Applications must be returned to Mrs. Alston by May 11.

Public or private programs providing direct services to juveniles ages 10-17 for residential programs, and 7-17 for all other programs, are eligible to apply for funding, if the targeted youth population is involved with juvenile court for status offense or delinquency petitions or behaves in a manner that places them at risk or such court involvement.

Carroll Named Head Of Scouting Program

Brad Carroll will be the chairman of the 1988 Warren County Investment in Character program for the Great Northern District of the Boy Scouts of America, according to Tim Thomas, finance committee chairman.

The Investment in Character program is a fundraising campaign among members, parents and friends of scouting. Thomas said that the campaign will provide the funds needed to operate scouting in Warren, Vance and part of Granville counties.

Thomas explained that the campaign is part of a 12-county effort covering an area called the Occaneechee Council. The Council receives about 48 percent of its operating budget from the United Way, with the balance coming from the Investment in Character campaign. The Occaneechee Council provides program services directly related to local youth and their scouting units. These services include camping, training, advancement, activities and organization, according to Thomas.

In 1987, over \$1,250 was raised in Warren County for the Investment in Character campaign. Carroll said that approximately \$1,400 has been raised this year so far in Warren County, only slightly lower than the \$1,500 goal that Carroll set for the campaign.

The district goal—the total amount from Warren, Vance and Granville counties—has been set for \$16,000. Contributions from the community is the only way the goal can be met. Contributors can pledge amounts for the year and fulfill their pledge in installments, according to Carroll.

Carroll, who is vice president of First Citizens Bank in Warrenton, is a former scout himself. Having grown up in Johnston County, he remembers the days

when "scouts weren't financially able to participate in activities that are available today such as camporees or day camps."

"I've always been grateful for the citizenship training the scouts gave me, and I'm glad to give something back to scouting," Carroll said. As an adult, Carroll had been a scout volunteer, holding the position of District Chairman in 1983-84. During that time, he and Warren County High School principal James Wilkerson were instrumental in setting up a Career Awareness Post at the high school.

Carroll is also involved in community organizations such as the Warrenton Rotary Club and Warren County Ducks Unlimited.

"I can confidently say that youth benefit greatly from the development opportunities they are given by scouting. Each of us can make an investment in our community by supporting the leaders of tomorrow—our scouts!" Carroll said.

Williams Performs At Raleigh Recital

John Buxton "Buck" Williams, 7, performed Sunday, May 1, at the Raleigh Piano Teachers' Association Spring Musicale held at Browne McPherson Recital Hall on the Peace College campus in Raleigh.

His piano selection was entitled "Chris's Blues." Buck's teacher is his paternal grandmother, Mrs. Jean F. Williams of Inez.

Also in attendance at Sunday's event were his parents, Mr. and Mrs. Harry Williams, III, of Inez, and his sister, Lucy, also of Inez. His maternal grandmother, Mrs. Virginia Meekins of Manteo, also attended.
