

FLORIDA.

The people of Florida are burning Gen. Scott in effigy, charging him with a prudent avoidance of the enemy, &c. And he, in return, has published a most undignified 'General Order,' representing the people of Florida as being seized with a panic at the appearance of a party of "just five Indians,"—and that "the planters in the recent case near Tallahassee fled without knowing whether they ran from squaws or warriors," &c. This has added prodigiously to the excitement.—*Fay. Obs.*

The Augusta (Ga.) Courier, of the 20th inst. says: "Rumors of the alarm about Tallahassee reach us from various quarters. The Indians had attacked St. Marks, but were repulsed. Florida is represented as likely to be given up to the Seminoles entirely, and requiring to be re-conquered. They think there, that the Seminoles are moving up to unite with the Creeks, and opening a communication with their hammocks and everglades in the southern part of the Peninsula; they will be able to give a safe retreat to their neighbors, when Alabama has, for their misdeeds, indignantly hurled them from her borders."

A gentleman arrived in this city on Saturday evening last, from St. Augustine, informs us that intelligence had been received at that place from Fort King, stating that the Indians were putting to death all their children under two years of age, meaning thereby to rid themselves of all incumbrances for a future desperate struggle; also that they were making corn in more than ordinary quantities, which the negroes were made to work very hard under a guard of sentinels.

This intelligence was received from a friendly Squaw taken prisoner, who had escaped from the hostile Indians.—*Charleston Mercury.*

THE CHRONICLE.

—S.A.L.E.M.—

SATURDAY MORNING, JUNE 4, 1836.

The speech of the Hon. A. H. SHEPHERD, occupies a considerable portion of our columns today. Let not its length discourage our readers from attentively perusing this development of hidden facts, which never before have been disclosed.

White Meeting.—On Monday of the late County Court, held for the county of Rockingham, a meeting was held in the Court-House at Wentworth, approving of the nomination of HUGH L. WHITE as President, and JOHN TYLER as Vice President of the United States, and also approving of the nomination of Judge SETTLE as the White Elector for this District. Capt. James Dillard presided as Chairman, and Maj. A. B. Holderby and John L. Lescour, Esq., acted as Secretaries. The meeting was addressed by Mr. Lescour, Rawley Galloway and Robert Martin, Esqrs.

White meetings have been held in 44 counties.

The proceedings of Congress are omitted, because they are not very interesting.

Death of Mr. Livingston.—The New York papers announce the death of the Hon. EDWARD LIVINGSTON, our late Minister to France. He died on the 21st ultimo, at his seat in New York, in the 72 year of his age. Mr. Livingston had filled during his life, many important and conspicuous public stations. His codes of Law and practice reflect honor and respect on his memory for ages to come.

His death was hastened by drinking cold water while heated.

Indian War.—The news from the Creek and Florida War is distressing. We have made extracts of the most interesting news, which will be found in preceding columns. The scene at Columbus, G. is represented as heart-rending beyond description. Thousands have fled to that place for protection—families have been separated in their flight, and it is not uncommon to see husbands searching for their wives, husbands for their wives, and both for their children.

Columbus is placed under martial law—business suspended, and stores generally closed.

A battle was being waged, on the Alabama side of the Chattahoochee, and sharp firing was heard at Columbus—it was expected a severe battle had been fought. Probably the result will reach us by the next mail.

New Papers.—The *Carolina Beacon*, a family newspaper, published at Greensborough, in this State, by Messrs. Zevly & West, has just made its appearance. It is a neat paper, printed altogether with new materials, at \$2 in advance. We wish it success.

Andrew R. Porter & Co. have issued proposals for publishing in the flourishing town of Lincoln, a weekly Newspaper, to be entitled the *Lincoln Transcript*.

The *Danville Reporter*, a well conducted journal, came to us in a new dress, and otherwise improved.

The weather has been unusually cool this week.

The Arsenal.—The bill for the establishment of an Arsenal of Construction in Fayetteville, in this State, has passed the House of Representatives, and doubtless will also pass the Senate.

A complimentary dinner was given on the 7th ultimo, in Baltimore, to Henry S. Fox, Esq., the new Envoy from Great Britain.

Mr. Madison.—We regret to see it stated that this venerable and illustrious man is much indisposed.

Naval Apprentices.—A proposition is before Congress for introducing into the sea service of the United States, a system of naval apprenticeship.

Where has the Northern Mail been?—The Southern stage arrived on Thursday night, bringing the northern mail due on Saturday last, but no papers further south than Cheraw. Look-out, Postmasters!

Illumination.—Knoxville, Tenn., was illuminated on the night of the 17th ultimo, in consequence of the 'glorious news from Texas.' The Register says:—

"The time for illuminating was announced by the firing of cannon, when, in a moment, as if by magic, every window gave a brilliant and tasteful display of the common joy. The military paraded the streets and were accompanied by a large portion of our citizens. The ladies too, who are slanderously said to look best by candle light, were to be seen in joyous groups, promenading the streets, giving countenance to a cause so worthy of their approbation."

Public Execution.—John Calhoun, who was sentenced, at the recent term of the Superior Court for this county, (Guilford) to be hanged for the murder of his wife, was executed at this place on Saturday last.—Notwithstanding the incessant rain on that day, there was a great concourse of people crowding around the cart and the gallows, to see the murderer's last sad day of life.—*Greensborough Pat.*

NEW YORK MARKET, May 18.

The news from Europe has produced utter inaction in cotton, and extensive sales could not be effected without a considerable decline.

Gen. Clinch.—We see it stated, that in consequence of not conceiving himself properly treated in relation to his rank, Gen. Clinch, who is considered the best officer in Florida, and a first rate Indian fighter, a short time since resigned his commission—the acceptance of which however, has been declined by the President. It is most unfortunate for the country that Gen. Clinch's suggestions were not attended to, and an adequate military force placed at his disposal. Had this been done, the tranquility of the nation would never have been disturbed. Gen. C. is a brave man and a practical man, and we feel proud in acknowledging him as a North Carolinian.—*Ral. Reg.*

A bill has passed both Houses of Congress, and will doubtless be approved by the President, assuming the debt now due by the three cities of the District of Columbia, amounting to a million and a half of dollars, receiving in trust, towards its eventual extinction, the stock belonging to those cities in the Chesapeake and Ohio canal, which the money was borrowed to pay for.—*ib.*

The Petersburg Rail Road Company has declared a dividend of 5 per cent. out of the profits for the half year ending on the 1st instant.—*ib.*

Fine Sales of Tobacco.—Three hogsheds were sold in Danville on Tuesday 16th, the entire crop (lugs excepted) of Martin Harris of Rockingham county N. C. No. 1, \$18 25—No. 2, \$12 50—No. 3, \$10 25, purchased by P. Gilbert & Co. for manufacturing. The present condition of the market, every where, is dull, compared with a few weeks ago. The article of any quality, yet bears a price which renders it profitable to the planter. Fine tobacco is in demand, and will bring extravagant prices.—*Danville Obs.*

Cherokee Treaty.—It is stated in the Globe of yesterday, that the Senate have ratified this treaty—which stipulates, we believe, some six or seven millions of dollars to the Cherokees as an inducement to the relinquishment of their lands in Georgia, and to their removal west of the Mississippi.

We are authorized to state that the departure of several detachments of the Marine Corps for the South is in consequence of a voluntary offer of the commandant of that corps to the president of the U. S., to lead his corps to the scene of action in Alabama. It is one of the valuable qualities of this corps, that it is equally effective for sea and land service.—*Nat. Int.*

Some idea may be formed of the rapidly increasing importance of the commerce of our inland seas, by the fact, announced in the Buffalo papers, of the launch of an elegant ship of 300 tons, from Grand Island, on Tuesday last. She is designed for a regular trader between Buffalo and Lake Michigan. Another ship of 350 tons is on the stocks at Buffalo.

Floor, at Milledgeville, was selling, May 10th, at \$30.

LATE FROM EUROPE.

The packet ship South America, Capt. Waterman, which sailed from Liverpool on the 16th Apr. arrived at New York on Friday. By her the editors are put in possession of the files of Liverpool papers to the 15th.

The most important intelligence is, that the British ministry was about taking a decided stand in favor of the Queen of Spain. Lord Melbourne, in the House of Lords, had distinctly stated that the letters of Lord J. Hay, to Gen. Cordova, announcing the interference of the British in the affairs of Spain, were authentic. At Portsmouth the most active measures were in progress to give succor to Spain.

A Better Currency.—We are told (says the New York Daily Advertiser) by a large dealer in bank notes, that Bank notes of the State of Ohio are from 2½ to 3 per cent. discount in our city; and bank notes of the banks west of the Alleghany, are generally, from 2½ to 4 per cent. discount. We are told also, by a gentleman just from New Orleans, that he paid in the city of New Orleans 6 per cent. premium for notes of the bank of the U. States, and that he understood they bore a like premium throughout the whole Valley of the Mississippi, and we have seen a letter from Nashville, in which the writer says, any quantity of United States bank notes could be sold at a premium of five per cent.—These are truly appalling facts.

KNOXVILLE, (TENN.) May 25.

Singular Casualty.—A correspondent at Tazewell, communicates to us the following extraordinary and distressing intelligence. While Mr. William Walker, at Speedwell, Claibourne county, an elderly gentleman, was making a fence, he discovered a large spider, which he killed with a stone. In afterwards prosecuting his work, he had occasion to handle the same stone. A mortification shortly afterwards commenced in his hand and increased until it produced his death in 8 or 10 days. At the time he handled the stone, he had a slight sore on his hand in which the mortification afterwards commenced, which was supposed to have come in contact with some poisonous matter from the spider left on the stone. Dr. William Rogers, who attended Mr. Walker, and who also had a sore finger, died with a mortification, in four days after it was first discovered that his finger was affected. Our correspondent further informs us that a number of those who assisted in laying out Mr. Walker have been seriously afflicted—some are now very low, but only the two deaths above mentioned had taken place.—*Register.*

Halifax, May 25.

Awful Occurrence.—We this week have to announce to our readers, the melancholy intelligence of the total destruction by Fire, of the Dwelling House of Capt. James R. Turner, situated about 8 miles from this place. An individual by the name of Francis P. Jones, (a maniac) was consumed in the flames. The house was supposed to have been set on fire by some vile incendiary. When the inmates of the house awoke from their slumbers, the room in which Mr. Jones slept, had fallen in. Mr. Jones was about 40 years of age, and had been deranged and entirely helpless for the last fifteen years.—*Advocate.*

OBITUARY.

The Hon. James H. Peck, Judge of the U. S. District Court for the district of Missouri, died recently at Charleston. It will be recollected this gentleman was, a few years past, impeached before the Senate, but honorably acquitted.
