SPRING CATARRH.
 E. W. O'Hanlon Sells Hyomei Under Guarantee of Cure.

The changeable weather of spring is directly responsible for the prevalence of catarrhal troubles in Winston-Salem at the present time.

As a result, E. W. O'Hanlon has had a larger sale of Hyomei the past week than ever before in the years that he has handled this reliable treatment for the cure of catarrh.

Unlike the ordinary remedies that have been used in catarrhal troubles, there is no stomach dosing with Hyomei. It is breathed through a neat pocket inhaler that comes with every outfit, and its balsamic, antiseptic healing penetrates to the most remote cells of the nose, throat and lungs, killing all catarrhal germs, healing the irritated mucous membrane, and effecting a complete and permanent cure.

If there is a single catarrhal germ in the system, Hyomei will search it out and absolutely destroy it, completely eradicating the trouble. The remedy has made so many cures among O'Hanlon's customers that he offers to pay for it if it does not benefit even the worst case of catarrh.

The complete outfit costs only \$1.10, consisting of an Inhaler, medicine dropper and bottle of Hyomei, while extra bottles of Hyomei can be obtained for 50 cents. There will not even be this small expense if Hyomei does not cure, as E. W. O'Hanlon will return your money.

The Winston-Salem Zoo.
 The Fries Manufacturing & Power Company, of Winston-Salem, owns and operates the electric cars of the city. At the Waughtown end of the railway it maintains a beautiful park where they do various things to entertain the people during the summer months. The latest attraction is a zoo, which contains lynxes, bob cats, coyotes, coons, foxes, possums, beavers, monkeys and other kindred varmints. This feature will prove a drawing card, for men, women and children who like to look at live animals that have been captured and tamed.—Charlotte Observer.

Mr. Tomlinson Re-Elected.
 At a meeting of Post D. T. P. A. of High Point, a few nights ago, Mr. C. F. Tomlinson, formerly of this city, was elected president of the post for the ensuing year. Mr. Tomlinson is now engaged in business at that point, being a member of the firm of Tomlinson Chair Company.

Radical Changes In Styles.
 do not appeal, as a rule, to the quiet dresser, but he is just as particular about the cut of his clothes as the ultra-fashionable chap, and insists upon conservative models embodying to a slight degree all the variations that each season introduces. If you are a man of this sort you will then truly appreciate our superb collection of conservative style Sack Suits at \$12 to \$20, especially those at \$15.

Our collection of suits at \$15 comprises both single and double breasted Sacks, that for style-individuality, quality of materials, excellence of tailoring and fit are seldom equaled under \$20. These are here in black, blues, fashionable grays and all sorts of mixtures in quiet dignified effects.

TO KILL THE DANDRUFF GERM.
 Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.
