## INQUIRY PROCEEDS.

### House Committee on Agriculture Continues Packing House Investigation.

#### Upton Sinclair Wants to Testify—Several Parties Appeared Before Committee This Morning—Some Urged That Government Pay for Inspection as Otherwise Burden Would Probably Be Shifted by the Packers to Cattle Raisers.

By Wire to The Sentinel.

WASHINGTON, June 9.—The need of a more general inspection of meats and meat products and better sanitation in packing houses was further discussed before the house committee on agriculture this morning.

Upton Sinclair, author of "The Jungle," has wired asking to be heard by the committee is disposed to get along without him.

Representative Garner, of Texas, asked the committee to do its work speedily in order that the agitation may cease. His people want legislation, but they want it quickly. He thought inspection expenses should be paid by the government as otherwise it would surely fall on the stock grower ultimately.

Judge S. H. Cowan, of Fort Worth, Texas, attorney for Texas cattle raisers, made an extensive argument. He too expressed belief that if cost of inspection is placed on the packers they will shunt it off on the raisers. He read a telegram from John T. Lyett, of Fort Worth, secretary of the Cattle Raisers' Association, saying that the present agitation had seriously affected the price of cattle and would depress values from \$4 to \$5 a head. Other telegrams from Texas were to the same effect.

## DATES FOR VIRGINIA AND N. C. FAIRS DECIDED UPON TODAY.

### At Meeting of Secretaries of Various Fair Associations of the Two States Held Here This Morning. This and Other Matters Were Considered and Disposed of—"Southern Race Circuit" Organized.

A meeting for the organization of a Southern Race Circuit was held this morning at the City Hall, the objects of the meeting having been to avoid a conflicting of dates on the part of various fair associations in Virginia and North Carolina to adopt purses and classes for races which will be nearly uniform, to employ a suitable starting judge, to arrange for attractions to go through the circuit, and to consider other matters of mutual advantage.

The following were present: Col. G. E. Webb, representing the Forsyth County Fair Association; J. L. King, representing the Greensboro Association; Cyrus T. Fox, manager of the Radford, Va., Association; Dr. R. P. Copenhaver, secretary of the Tazewell, Va., fair association; J. P. Carrico, President of the Galax (Va.) Association; and C. W. Creswell, assistant secretary. Charlotte, N. C. Mr. Fox was also authorized to represent the fair association of Roanoke, Va. It is understood that Charlotte, N. C., will also come into the circuit, and possibly two or three other places.

Col. G. E. Webb was chosen chairman of the meeting, and Cyrus T. Fox, secretary.

Dates for the several fairs were selected as follows:

- Galax, Va., September 5, 6 and 7.
- Radford, Va., September 11, 12, 13 and 14.
- Tazewell, Va., September 18, 19 and 20.
- Roanoke, Va., September 25, 26, 27 and 28.
- Winston-Salem, N. C., October 2, 3, 4 and 5.
- Greensboro, N. C., October 9, 10, 11 and 12.
- Charlotte, N. C., October 16, 17, 18 and 19.

Cyrus T. Fox, who was made the circuit secretary, was authorized to correspond with several licensed starting judges with the view of obtaining

a competent official for all the places in the circuit.

There was an expression of opinion as to classes and sizes of the purses. An average of \$300 for each class was considered quite liberal. Some classes for local horses can be kept under that figure, while the free-for-all can be made as much as \$400 or \$500, and the average still be not exceeded.

It was agreed that each association should arrange its race schedule as soon as possible, and forward the same to Secretary Fox. The schedule will be completed and a revised schedule will be prepared to embody the features of each association's schedule and then be returned for approval. While it is not expected that each association will have exactly the same classes and purses, it is hoped to make them as nearly uniform as possible. The aggregate amount of purses at each place, it is expected, will range from \$2,200 to \$3,200.

It was agreed that an attractive advertisement of the circuit should be inserted at once in "The Billboard," and that later on a joint advertisement of the race schedule should appear in several of the horse papers.

Secretary Fox was instructed to enter into negotiations with a number of the leading fair attractions that will be on the road, with a view of securing the best at a minimum cost to each association.

All the associations represented at the meeting will become members of the National Trotting Association, if not already members, so as to ensure better racing under a strict enforcement of the rules.

It was the consensus of opinion that all gambling features should be eliminated, so as to provide for clean sport, which will be entirely unobjectionable.

After some consideration had been given to the matter of admission tickets, passes, complimentary, and charges for special privileges and space on the grounds, the meeting adjourned.

Policeman W. R. Warrent was sworn out by Dr. Kerner and Policeman Samuels was cited to trial before Justice of the Peace J. M. Guyer, of Kernersville. The hearing opened at 6:30 last evening and was concluded in an hour when the magistrate dismissed the case, taxing Dr. Kerner, the prosecutor, with the costs.

The defendant was represented by Mr. Lindsay Patterson, while Mr. F. T. Baldwin appeared for the prosecution.

The policeman had witnesses who testified being present when Mr. Samuels bought the calf from Dr. Kerner, the price agreed upon being \$3.00.

Dr. Kerner swore that Samuels had never paid him for the calf; that the policeman took it from his (Kerner's) pasture.
