NO PERSON

Would Make Such a Proposition to the People of Winston-Salem Unless They Were Absolutely Sure.

Did you ever know or hear of a person who would offer to return every cent you paid him if he could not build up health and create strength and vitality for old people, weak, sickly women and children and the convalescent, create an appetite, cure stomach troubles, make those who are too thin, fat, rosy and healthy? Or cure hacking coughs, chronic colic, throat and bronchial troubles.

This is exactly the offer our well-known and reliable druggist, E. W. O'Hanlon makes to every person in Winston-Salem.

Mr. O'Hanlon says: "Our offer is based upon what we believe to be the greatest strength-creator and health-restorer known to medicine. Vinol, which is the up-to-date form of administering cod liver oil, recognized for centuries as the grandest of all body-building agents for wasted human strength and vitality.

In Vinol we have simply done away with the useless system-clogging oil, and given the people all the medicinal curative elements of cod liver oil actually taken from fresh cods' livers, and we have never sold in our store a medicine of more intrinsic value.

As a body builder and strength creator for old people, weak women, puny children, after sickness and for all pulmonary diseases, its fame has spread so far that it is now guaranteed by over two thousand of the leading druggists of the country, and especially by us." E. W. O'Hanlon, druggist.

Following the Flag.

When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired commissary Sergeant U. S. A., of Rural Route 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines and being subject to colds, I took Dr. King's New Discovery for consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at V. O. Thompson's druggist. Price 50c and \$1. Trial bottle free.

Death from Lockjaw

never follows an injury dressed with Bucklen's Arnica Salve. Its antiseptic and healing properties prevent blood poisoning, Chas. Oswald, merchant, of Rensselaersville, N. Y., writes: "It cured Seth Burch, of this place, of the ugliest scar on his neck I ever saw." Cures cuts, wounds, burns and sores. 25c at V. O. Thompson's drug store.

Hand Bags at Cost.

Watkins' Book Store is offering their entire line of hand, shopping and vanity bags this week at cost. The sale started yesterday and closes after Saturday.

RESULT OF THE OREGON ELECTION

WASHINGTON, June 8.—Congressman Bowers, chairman of the campaign committee of the Democratic Congressional Committee, today gave out the following statement of his views on the recent election in Oregon and its effect on the summer and fall elections of members of Congress:

"The Oregon election is an indication of the revolt of the people against the stand-pat policy of the Republican party. In 1904 Oregon gave President Roosevelt 42,900 majority out of a total vote of 95,000. This year, two years later, Oregon returns to office with an increased majority, Governor George M. Chamberlain, Democratic incumbent for the past four years, reduces the majorities in both Congressional districts given Republican candidates and on popular vote for United States Senator, against immense majority given President Roosevelt, offers Republican managers cold consolation of bare five thousand majority for Republican nominee, Jonathan Bourie, Jr., over the Democratic nominee, J. A. Garlin, incumbent. The issue of revision of the tariff was presented by Oregon Democrats and it was dwelled upon in the utterances of all the newspapers which supported the Democratic nominees. Inasmuch as majorities received by Republican candidates who are elected were smaller since the presidential election of 1896, Democrats may take some comfort from Oregon outcome and gird themselves for a winning battle for control of the next House of Representatives."

Ogburn-Vest Co.—"If you are interested."

Metropolitan Land Co.—Announce continuation of lot sale through Thursday.

Rosenbacher & Bro.—What to expect tomorrow.

W. O. Senseman—Painting, papering, contracting. The paint to use.

D. S. Reid.—Some special values in tumblers.

Meyers-Westbrook Co.—Trunks at special prices.

INDIANAPOLIS, June 7.—The Democrats of Indiana in convention today adopted a platform strongly endorsing Hon. W. J. Bryan for the presidency and selected a state ticket for all offices except governor and reporter of the supreme court.

Benjamin F. Shively was the permanent chairman. In his address he said:

"That which is today enulogized and approved as the broad statesmanship and enlightened patriotism in Theodore Roosevelt was only a few years ago denounced as reactionary, Revolutionary and unpatriotic in William Jennings Bryan.

"The aftersight of the one is almost equal to the foresight of the other."

CONTAGIOUS BLOOD POISON HUMILIATING—VILE—DESTRUCTIVE

The very name, Contagious Blood Poison, suggests contamination and dread. The worst disease the world has ever known; responsible for more unhappiness and sorrow than all others combined. Nobody knows anything about the origin of this loathsome disease, but as far back as history goes it has been regarded the greatest curse of mankind.

No part of the body is beyond the reach of this powerful poison. No matter how the blood may be, when the virus of Contagious Blood Poison enters, the entire system becomes corrupted, the humiliating symptoms begin to appear, and the sufferer finds himself diseased from head to foot with the vilest and most destructive of all poisons. The first symptom is a small sore or ulcer, so insignificant that it rarely excites suspicion, but in a short while the skin breaks out in a red rash, the glands of the groin swell, the throat and mouth ulcerate, the hair and eye-brows come out, and often the body is covered with copper-colored spots, pustular eruptions and sores.

There is hardly any limit to the ravages of Contagious Blood Poison; if it is not driven from the blood it affects the nerves, attacks the bones, and in extreme cases causes tumors to form on the brain, producing insanity and death. No other disease is so highly contagious; many an innocent person has become infected by using the same toilet articles, handling the clothing, by a friendly handshake or the kiss of affection from one afflicted. But no matter how the disease is contracted, the sufferer finds humiliation and degradation that accompany the vile disorder.

Mercury and Potash are commonly used in the treatment of Contagious Blood Poison, but these minerals cannot cure the disease—they merely mask it in the system. External evidences may disappear for awhile, but the treacherous poison is at work on the members and tissues, and when these minerals are left off the disease returns worse than before, because the entire system has been weakened and damaged by the strong action of Mercury and Potash. There is but one certain, reliable cure for Contagious Blood Poison, and that is S. S. S., the great vegetable blood purifier. It attacks the disease in the way by going down into the blood, neutralizing and forcing out every particle of the poison, and makes the blood pure and rich, strengthens the different parts of the body, tones up the system, and cures this humiliating and destructive disorder permanently.

The improvement commences as soon as the patient gets under the influence of S. S. S. and continues until every vestige of the disease is completely restored to health.

S. S. S. is completely restored to health. S. S. S. is an experiment; it is a success. It has cured thousands of cases of Contagious Blood Poison, many of which had given the sufferer Potash treatment, Hot Springs, etc., and though trial, and had almost despaired of being well again. S. S. S. is made of roots, herbs and barks, and does not injure the system in the least. We are suffering with this despicable and debasing disease, get it out of your blood with S. S. S. before it does further damage. We will gladly send our book with instructions for treatment and any medical advice, without charge, to all who write.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.
