**SCROFULA AN INHERITED MISFORTUNE**

Every one has a hereditary right to a pure blood supply, which insures a strong, healthy body; but how many do we see who have inherited that greatest of all misfortunes, Scrofula, and are struggling under a legacy of disease and suffering? Scrofula is a constitutional trouble handed down from parent to child, a curse from generation to generation as long as the scrofulous matter is allowed to remain in the family blood. As the very foundation of the blood is diseased we see this awful affliction manifested in many ways, such as enlarged glands or tumors about the neck, which often burst and become discharging ulcers, weak eyes, chronic Catarrh of the head, skin diseases, etc. This blighting disease being so firmly entrenched in the blood often attacks the bones, resulting in White Swelling, or hip disease, while a pallid, waxey appearance of the skin, loss of strength, and often lung affections show that the disease is entirely destroying the rich, nutritive qualities of the blood. There is but one way to cure Scrofula and that is to purify the blood and rid it of the germs of disease, and for this purpose nothing equals S. S. S. Its purifying and building-up properties make it the ideal remedy for Scrofula. S. S. S. searches out and destroys all poisons and germs, gives strength, richness and vigor to the weak, polluted blood and cures Scrofula permanently. S. S. S. is a purely vegetable medicine, made from roots, herbs and barks, and may be taken with absolute safety by young or old. It so thoroughly removes the poison from the blood that no signs of it are ever seen again and posterity is blessed with a pure blood supply. Book on the blood and any medical advice desired without charge.

**GOT HIS HAIR BACK.**

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Mannell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '06, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroys the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

**"SLATER'S COMEDIANS" HERE ALL NEXT WEEK**

A popular price company now in the South for the very first time, but one that has met with abundant success in the North comes to the Auditorium next Monday night, and will remain all week long to delight our theatre goers. The company will be Slater's Comedians, which have been playing continuously for over one hundred weeks, having played summer stock last year at a Cincinnati, Ohio, park and which was especially induced to come South this summer in order to play a chain of Southern playhouses. The organization is composed of well known players and the repertoire consists of only modern successes.

The start of the engagement will be made with that great comedy, "The Diamond Robbery," and in this piece will be found one that will please all. The dramatic situations are strong, the action snappy and the comedy good and wholesome, besides being plentiful. The company will change its play nightly and each time a drama or comedy entirely new to the South will be presented. Between acts of each performance will be presented an up-to-date and exceedingly clever line of specialties.

The sale of seats will be found at O'Hanlon's. The prices throughout the engagement will be 10, 20 and 30 cents.

The Evening Dispatch, of Wilmington, May 22, had this to say of "The Diamond Robbery": "Slater's Comedians opened a week's engagement at the Academy last night and also inaugurated the summer stock season. The bill was 'The Diamond Robbery' and was well presented by a most competent cast. The specialties were splendid, especially the illustrated songs, and so all told the company has been pronounced one of the best popular price organizations of the season."

**Thomasville Orphanage Gathering.**  
The annual meeting date at the Thomasville Orphanage will be Wednesday and Thursday, July 4 and 5. On Wednesday, 4, the trustees of the orphanage will hold their annual meeting and Thursday, 5, will be the big picnic day.

Lay your plans to take supper with the Presbyterian ladies on the lawn in front of the manse Thursday evening. The ladies hope to have automobiles to take the children to ride.

Rubbers 10 to 55c per pair; ladies' slippers or shoes 49c to 1.48 pair; children's shoes 25c to 98c. Prices less than factory cost, at bankrupt sale of W. L. Hill stock.

Ladies' under or top skirts 68c to \$2.98, worth three times the money, at bankrupt sale W. L. Hill stock. Good looks bring happiness. Friends care more for us when we meet them with a clean, smiling face, bright eyes sparkling with health, which comes by taking Hollister's Rocky Mountain Tea, 35c, tea or tablets. For sale by E. W. O'Hanlon, Winston; Landquist & Pfuhl, Salem.

**CATARRH A GERM DISEASE.**

Breathe Air Medicated by Hyamel And Kill the Germs. Now that physicians and scientists universally agree that catarrh is a germ disease, the reason for the failure of the old-fashioned stomach-dosing in this trouble is readily seen. Prior to the discovery of Hyamel, a treatment which cures catarrh by filling the air you breathe with germ-killing and healing medication, statistics showed that at least ninety-seven out of every hundred persons in this state were suffering from catarrh of some form. Although Hyamel has been known only a few years, the remarkable results following its use are shown by the much smaller percentage of those who suffer with catarrh today. The treatment with Hyamel is very simple and pleasant; a small inhaler comes with every outfit and three or four times a day Hyamel is breathed through this, making the air at that time like that found on the mountains where the pine forests give off their fragrant and healing balsams. Used in this way, Hyamel penetrates to the most remote cells of the nose, throat and lungs, absolutely killing all catarrhal germs and effecting a complete and permanent cure of the disease. The complete outfit costs but one dollar, while extra bottles can be obtained for 50 cents. O'Hanlon has seen such remarkable results from the use of Hyamel that he sells it under an absolute guarantee that it costs nothing unless it cures.

**The Painter-Man with the Proper Can**

Painters who use ready-mixed paints, and who have thoroughly tested them all without prejudice, readily recommend **MASTIC Mixed Paint** "The Kind That Lasts"

To be certain of getting the right kind see that, like the painter-man, you get the goods in the proper can. That's the only way to identify the paint before using it. After you once use Mastic the appearance of the work and the durability of the paint will convince you that the painter-man was right in his recommendation. You will need no further proof and you will recommend Mastic paint to your friends.
