FIREMEN'S BAZAAR.

First Evening Proved to Be a Great Success.

Under the deft fingers of Mesdames H. L. Higgins, Walter Barham and a coterie of young ladies, the Armory was converted into a most artistic and patriotic hall on last evening.

In the cigar booth, which was effectively decorated in blue and white, Misses Mary Bailey, Mary Cromer, Annie Mickey, Lillian Johnson, Etnore Barber, Theodosia Gray and Elizabeth Hill were kept busy in selling that staple of all soirees—fine cigars—to gentlemen present.

Next to this was the doll booth. A fitting home for this beautiful little lady was this floral bower. Large red roses, gracefully arranged on a white background, made it a thing of beauty.

Blue and white with fans adorned the toilet article booth, in which were Misses Bessie Hairy, Ada Nichols, Cassie Rose and Edwina Lockett.

Mr. Jerome DeWitt was the custodian of the girls' furnishing department, where every thing beautiful for a well-dressed man could be found.

Very popular proved the ice cream and cake, which was sold from a dainty booth in white with festoons of red ribbons.

Draped in our national flags was the lemonade booth, where Misses Trueson, Donna Henry and Kathleen Simpson sold the cooling beverage, while in the seventh pretty both the attractive trio of housekeepers, Misses Pearl McDearis, Julia Wilson and Grace Taylor, presided over the house-furnishing goods.

Indeed, articles of all sorts and kinds will be found here. All that were not sold last night will be auctioned off tonight.

Very delightful was the charming musical program rendered by Mrs. Robert Galloway, Mrs. Charles Nordest, Misses Lora Ferrell and May Barber, and Messrs. Jasper Dean, Roland Taylor, Brooks Bynum and Amos Huis.

Nothing which the ladies could desire was lacking to make this a complete success. Quite a large number of articles were sold last night, the proceeds of the evening being \$43.00.

Be sure and go tonight and get some of the bargains which will be found and see who gets the handsome doll.

Concert at Christian Church. Those present at the concert at the Christian church last night seemed to enjoy the program. Some numbers worthy of special mention were the excellent rendering of the Hungarian Rhapsody No. 2, by W. F. Bland, Lindsay Kester, a boy of about 10 years, showed he has musical talent by his violin playing. With no teacher of music to instruct him he has learned to draw the bow with considerable skill for a beginner.

Mr. Ernest Norwood displayed some elocutionary talent, and other features were worthy of mention.

To Entertain Choir. Mr. and Mrs. W. F. Morton, of Kernersville, will entertain the members of the Methodist choir this evening at their home in Kernersville from 8 till 11. The choir is composed of Misses Daisy Leak, Nannie Gentry, Annie and Boyd Lowrey, Lella Stockton, Mr. and Mrs. A. N. Linville, Mr. and Mrs. W. F. Morton, Mr. George V. Fulp, Mrs. Emma Norman Jones, Mr. Herbert Lowry, Mr. Odell Beard and Mr. G. C. Bodenhamer.

JEW IN RUSSIA.

Their Condition Now Seems More Hopeful Than It Has Been.

Action of Russian Government in Punishing Those Participating in Massacre of Jews Will Doubtless Do Much to Keep Down Future Anti-Jewish Outbreaks.

By Wire to The Sentinel. LONDON, June 29.—The Russo-Jewish committee has sent \$50,000 to relieve the immediate necessities of Jews in Bialystok.

Sir Samuel Montague, chairman of the Russo-Jewish committee and the greatest authority on the Russian Jews, in an interview on the present situation in Russia, said:

"The world's outcry against the Jewish massacres, particularly protests from America and England are having a salutary effect. I think the reign of massacre has practically ended. England has been informed that the Russian minister of interior has ordered all governors to take every precaution possible against anti-Jew revolt and also notified the governors that they will be held strictly responsible for bloodshedding. This is certain to have good result for all massacres up to the present time have been ordered from St. Petersburg to serve as a safety valve for revolutionary outbreaks.

The condition of the Jews in Russia is improving. We hope much from the action of the duma in sending delegates to Jewish centres to explain to Christians how harmful to the revolutionary cause are the attacks on Jews."

NEXT TERM OPENS SEPT. 5.

Changes in Faculty—Miss Stewart To Have Charge of Natural Science Department and Miss Erwin the Elocution Department.

The 165th annual session of Salem Female Academy and College will begin on Wednesday, September 5, at 10 o'clock a. m. The opening exercises will be held in the Home Moravian church. There will be a few changes in the faculty.

Miss Maud G. Stewart will fill the chair of Natural Science during the next school year. Miss Stewart graduated first from Carleton College, and then taught for fifteen years. She then entered Columbia University, New York, and has spent three years in study in that great institution. She is working for the degree of Doctor of Philosophy, and will receive the same after a very little more work is done. The Academy says that she is a Western lady, modest and dignified in her manner.

Miss Eliza F. Erwin has been nominated by the authorities of the famous Curry School of Expression to take charge of the elocution department during the next school year, and has been elected to this position. Miss Erwin was born in Kentucky, and is a member of one of the old and well-known families in her section of the State. She graduated at Danville, Ky., and later entered the Curry School, Boston. After a three years' course she graduated, and, in addition to the work in elocution, she also took the course of physical culture, and has had normal work during the time that she was pursuing her studies. Miss Erwin will still further prepare herself for her work by a summer course.

Miss Margie Smith, who has taught successfully in the Winston and other schools, has accepted a position in the Academy faculty.

AROUND THE CITY.

Herbert Lowery, of the Kernersville News, was in the city today. —The condition of Chief of Police Crutchfield remains about the same. R. F. Foltz, who for some time was with R. J. Bowen & Bro., has accepted a position with A. Shiparo. —J. P. Charles, of Southside, is confined to his home, a blood vessel having burst in his left leg. —Dr. T. M. Cook, of Waughtown, recently harvested 56 bushels of wheat from one and one-half acres of land. —The many friends of Dr. John Bynum will be pleased to learn that his improvement continues. He is now able to sit up a few minutes at a time. Prof. D. H. Hill, of the A. & M. College, is in the city on his return from Vade Mecum Springs, where he has been with his little son. Dr. Hill gained flesh and strength rapidly. He is a writer of great ability and is looking into the Salem museum and securing pictures and data of the Moravian settlement here.

Republican Contest. The following item has been received by The Sentinel: A careful canvass of the political situation in Forsyth county shows without any question that E. Spencer Blackburn will receive the endorsement of the county convention which meets on Saturday, the 30th. The rural townships are almost solid for Blackburn and are hourly growing more enthusiastic for him. There is absolutely no question of Mr. Blackburn's growing popularity. He virtually has a "clinch" on the state chairmanship. In fact it is quite likely that he will carry Judge Adams' home county, Guilford.

Death at Southside. Miss Mamie Flynn, of Southside, died this morning after a short illness of typhoid fever. Miss Flynn was nineteen years old. The hour of the funeral has not been arranged.

NEARING THE END.

Present Session of Congress Will Probably Adjourn Tomorrow Afternoon.

Great Amount of Business Being Disposed of in Last Few Hours of the Session.—Rush by Members to Have Messages They Are Interested in Acted Upon.

By Wire to The Sentinel. WASHINGTON, June 29.—The days of feverish legislative activity have arrived. Congress today and tomorrow will give the country an object lesson in what it can accomplish when it really wants to. It seems likely the plan to adjourn tomorrow afternoon at 3 o'clock will be adopted without opposition. Representative Dalzell has the resolution for adjournment in his pocket but won't offer it until all possibility of a slip on conference reports on bills Cannon insists must be passed before adjournment is removed. Conference reports will require some time in adjustment. In the meantime the members with bills in which they are especially interested are trying to get them through in the closing rush and congress until final adjournment will be a busy place.

POLITICAL GOSSIP.

Item from Greensboro About a Statement Relative to Activity of Some Revenue Officers in Politics. Special to The Sentinel. GREENSBORO, June 29.—Even Republicans here are laughing at the news from Washington that Congressman Blackburn has lodged complaint against certain revenue officers in Cumberland county for pernicious Republican partisan activity. An old Republican from the eighth district, who is an "organization" or Adams-Butler factionist, said that he never heard such "gall" in his life. He then related that in the Wilkesboro Convention, which nominated Blackburn two years ago, revenue officers literally over-rode the primaries and in the convention itself put Blackburn through, literally at the point of pistols. This same gentleman said that in the campaign of 1900, when Blackburn defeated Buxton for Congress, he had the revenue officers to ride horseback, booted, armed and spurred to every appointment, Buxton had for speaking. Blackburn would not meet Buxton in debate but had these officers to represent him.

TRUST INQUIRY.

Believed That Federal Grand Jury at Nashville, Tenn., Will Investigate Tobacco Trust. By Wire to The Sentinel. NASHVILLE, June 29.—The federal grand jury convenes here in special session next Thursday. It is presumed it has been called to investigate the alleged tobacco trust. The investigation will cover the leaf tobacco districts of Tennessee, Kentucky, North Carolina and Virginia. Henry M. Lester, of New York, attorney, is expected to aid in prosecution of the trust.

Fortune Teller's Fatal Reading.

A report comes from Lexington that the death of a young lady in a prominent family of the county was the result of brooding over a prediction of a fortune teller recently. The young lady was in Lexington recently and had a palmist to "read" her hand. He foretold that she would have a long spell of sickness, in short, that she would be sick all the rest of her life. Meningitis set in, which might be the result of an over-active and irritated brain, and death followed.

TEN SALOON LICENSES.

M. Kobre Gets Permission to Run His Bar Only 90 Days, to Close Out Business.

The Winston Aldermen, at the special meeting last night, granted eight bar-room licenses for 12 months, the price being \$1,500, and two for ninety days. One of the latter is to the Hotel Phoenix Co., which has leased the hotel conducted for several years by Mr. A. F. Young. It is understood that the new management has the privilege of retaining the saloon license for a year, provided they secure a lease on the hotel for that period.

There was considerable discussion over the application first filed as M. Kobre & Co. and later changed to M. Kobre. He was represented by Mr. W. M. Hendren. After argument by the counsel, and discussion by members of the board, it was seen that a majority of the aldermen were opposed to renewing the license in the name of M. Kobre. Mr. Hendren then offered the name of Max Harris, saying that this gentleman would buy the business of M. Kobre & Co., provided he could get license. Harris is brother-in-law of M. Kobre and there was opposition to him, too.

Finally it was agreed to grant M. Kobre license for 90 days in order to give him time to close out his business. Later the time was changed to 90 days, it being understood that the license would be revoked October 1st.

The board decided not to allow any saloons on the south side of Third street, between Main and Church streets, after October 1. T. K. Roediger & Co. will move at an early date to the stand now occupied by C. C. Shoffner, in the A. F. Messick building. Mr. Shoffner and George Roediger will consolidate their business and will occupy the new Roediger building at the corner of Third and Church streets.

Those granted license are as follows: Holbrook & McCann, Roediger & Shoffner, Chap Bodenhamer, T. K. Reniger & Co., P. A. Davis, Sherman & Phillips, C. K. Todd, Paul Hennings, Phoenix Hotel Co., and M. Kobre, the latter for three months.

MAN'S HEART SEWED UP.

Contrary to Hope and Belief of Surgeons Operation Was Unsuccessful.

By Wire to The Sentinel. NEW YORK, June 29.—The wonderful operation of sewing up a man's heart where he had been stabbed by a knife, which was performed ten days ago, at a hospital in Brooklyn, has proved unsuccessful. Anthony Savage, victim of a stabbing affair, died this morning. The surgeons who performed the operation had every hope, saying he would recover and the heart would perform its functions but the wound proved fatal.

Report of Associated Charities.

The Associated Charities has submitted its report for the month of June. It shows 350 subscribers, earnest men and women laboring to relieve the distress in the community. The applications for help received by the association during the past month number 107; number found deserving help, 79; number found not deserving help, 37. Garments distributed among the poor amounted to twenty-two, and the amount of money spent for medicine and food was \$77.94.

Two Conventions Tomorrow.

The two county conventions will likely be held in the court house tomorrow. The Democrats will likely be in session a short time as only delegates are to be chosen to the state, congressional and judicial conventions. The Republicans have the same mission to perform, but if there is a contest over the state chairmanship the convention may be in session sometime. There is a plan to introduce a resolution endorsing Blackburn, and the opposition may object to such action.

A. L. Hicks left this afternoon for St. Marcus, Texas, where he expects to locate.

TO HAVE 3 HOTELS.

"The Winstonia" To Open Next Week In Handsome Messick Building.

Winston-Salem is to have three first-class hotels. In addition to the Zinzendorf and the Phoenix, "The Winstonia" will be opened the first of next week in charge of a competent and skilled manager, at the corner of Third and Chestnut streets. The building, which was recently completed by the A. F. Messick Grocery Co., at a cost of about \$20,000, is five stories high, contains 66 splendid rooms, with toilet and baths on all floors. On the first floor will be a well appointed cafe and the office; on the second floor is located ladies' dining rooms.

The building is being handsomely furnished throughout with new furniture and fixtures, the same being purchased from Huntley-Hill-Stockton Co.

The building will be heated throughout with the Gurney Fecuum heating system.

"The Winstonia" under the direction of a popular hotelist, will be a credit to the Twin-City and The Sentinel bespeaks for it a liberal patronage.

Messrs. W. T. Brown, A. F. Moses and associates have secured a lease on Hotel Phoenix, which has been conducted so successfully for five years by Mr. and Mrs. A. F. Young. The new lessees will conduct the hotel under the name of the Hotel Phoenix Co. They have also made a deal for the fixtures and furnishings and are now negotiating with a competent out of town man for manager. The hotel will therefore not be closed, as reported a few days ago. Mr. Young's lease expires tomorrow. He may remain in charge until his successor is installed.
