## S OUTBREAK IN RUSSIA IS JUST BEGINNING NOW.

ECTED STORM SEEMS ABOUT TO BREAK  
IN ALL ITS FURY.

Parts of Russia Proper And Russian Provinces  
Sudden Disturbances Are Reported Today—Such  
Has Been Expected Daily Since The Recent Dis-  
solution Of The Duma or National Assembly—Govern-  
ment Powerless To Check Discontent.

Slow but steady growth of revolution-  
ary sentiment throughout the country is just what they have been  
counting on. The time for which they  
have been waiting when events will  
be ripe to strike the final blow  
against the government to force its  
form or overthrow the dynasty in-  
victor will not be long delayed.

One of the new storm centers,  
where serious outbreaks have occurred,  
is at Proskurava, southwestern  
Russia, where the inhabitants attacked  
a detachment of dragoons who arrested the agita-  
tors. Later they were released and a  
battle followed in which the dragoons  
were driven from the city. At several  
points the peasants have begun  
to erect barricades and have issued a  
proclamation, saying they will defend  
their property with their lives.

## COLOMBIA NOT YET FRIENDLY TO U. S.

(By Publishers' Press.)

WASHINGTON, July 28.—Strong  
feeling against the United States  
still exists in Colombia, according to  
report of U. S. Minister John Bar-  
rett, just made to the state department.  
In reference to conditions in  
that country Barrett says this feeling  
does not like the attitude of personal  
animosity towards Americans. "Colom-  
bians, high and low, are too polite  
and sensible for that," he adds. "It  
is a feeling in the minds and hearts  
based on high political and patriotic  
ground, which, however, with com-  
mendable philosophy, recognizes the  
revolution and now turns to the  
future to bring blessings that will  
counterbalance losses and sorrows of  
the past." Great credit is due Gen-  
eral Rafael Rojas, president of the  
republic, adds Barrett, for his untiring  
efforts for his country. "If he  
succeeds he will deserve a place in  
history like that of President Diaz  
of Mexico," Barrett predicts.

## INSPECTION TOUR. BRAKEMAN KILLED. WITH METHODISTS. GOVERNOR TALKS.

### Corporation Commission In- vestigating S. A. L. Tracks And Road-Bed.

Went Out Today On Pittsboro Divi-  
sion of the Road.—A Recent Acci-  
dent Largely Responsible for Trip  
of Inspection Taken by Members of the  
Commission.

(Special to The Sentinel.)

RALEIGH, July 28.—The North  
Carolina Corporation commission  
will be in a special train this morning  
over the Pittsboro division of the Se-  
aboard N. C. Line with a view of in-  
specting the track and road-bed. The  
inspection is especially on account of  
the recent accident in which a train  
turned over and several persons were  
injured.

Soaps were taken rapidly by Gov-  
ernor Glenn, council of state and other  
officials to provide a separate  
system at the A. & M. College.

### NEWSPAPER MAN TO BE POSTMASTER AT RALEIGH

(Special to The Sentinel.)

RALEIGH, July 28.—The news of  
the decision of Republican State  
Chairman Speer, B. Adams, to recom-  
mend Willis G. Briggs, well known  
newspaper man of this city, as post  
master of Raleigh to succeed C. T.  
Bailey, retiring postmaster, is re-  
ceived here with much gratification  
on the part of the great majority of  
citizens. A more generally satisfac-  
tory appointment could not have been  
made. There are a number of reports  
current as to agreements as to assis-  
tant postmaster and other minor positions  
but it is not thought that any changes will be made for some time  
to come. One report is that C. H.  
Leonard is to continue as assistant  
postmaster by agreement, he having  
been in the race for postmaster. And another is that Lester Butler, brother  
of ex-Senator Butler will be made  
assistant. He was a candidate for  
postmaster and now holds a position  
in the office of Collector E. C. Duncan.  
All these reports are mere specula-

tion.

Mr. Briggs was summoned to Wash-  
ington yesterday and will hardly return  
to Raleigh before this evening.

### Horrible Death On The Rail- road Yards At Spencer Today.

T. E. Rogers, Brakeman On Asheville  
Division of Southern, Who Had  
Been Sleeping in a Caboose, Was  
Killed as Result of Collision With  
Some Shifting Cars—Two Others  
In Caboose Injured.

(By Publishers' Press.)

SPENCER, July 28.—T. E. Rogers,  
a brakeman on the Asheville division  
of the Southern Railway, was instant-  
ly killed in a collision in the yards of  
the company in Spencer this morn-  
ing. Fred Kelly and J. W. Hunt, both  
of Asheville, were also severely in-  
jured in the accident.

Rogers, whose home was in Ashe-  
ville, together with Kelly and Hunt  
was sleeping in a caboose on a side  
track and the cars pushed in front of  
the engine were being shifted around  
a curve and ran into an incoming road  
train. Rogers had just awake and  
stepped out off the platform when the  
crash came. He was caught under  
the cars, his neck, one arm and one  
leg being broken and his head  
badly mashed. Kelly and Hunt, while  
asleep, were hurled twenty-five  
feet into the air and fell among the  
demolished cars, sustaining temporary  
injuries.

An investigation as to the cause of  
the wreck is being made today.

### MISS ETHEL BURRUS DIES SUDDENLY

Miss Ethel Burrus, daughter of Mr.  
J. G. Burrus, of Rockford, died sud-  
denly at the home of her brother, Dr.  
Tilden Burrus, in High Point, from  
an attack of acute Indigestion. Miss  
Burrus was about 19 years old and  
was a most estimable and popular  
young lady. She went to High Point  
a few days ago and was enjoying ex-  
cellent health up to the time of the  
fatal attack. The remains were sent  
to Rockford this morning. The fun-  
eral will not take place until after  
the arrival of her brother, Dr. Burrus, of  
Nebraska, who is now en route to  
North Carolina.

Young Girl Confined With Criminals.

NEW ORLEANS, July 25.—Petitions  
in the State Department in behalf of  
Miss Sallie J. Brown, the young  
American girl imprisoned on  
the Isle of Pines, and who was par-  
doned by President Palma, reached  
here tonight. The petitions say that  
Miss Brown, the 19-year-old daughter  
of Ira A. Brown, a resident of the Isle  
of Pines, created a private telegraph  
line over private lands, connecting  
her home and a postoffice, and was  
operated as a diversion. The Cuban  
authorities considered this act a violation  
of General Wood's order against  
private telegraph lines and Miss  
Brown was sentenced to pay a fine  
of \$100 or go to jail for one month.  
She considered this action an outrage  
and refused to permit the payment of  
the fine. The documents say she was  
confined in a floorless cell with crimi-  
nals and was refused comforts from  
her friends.

Democrats Will Get Together.

Col. and Mrs. J. R. Webster, of  
Reidsville are the guests of Mrs.  
Henry Burrow on Main street. Col.  
Webster says that before leaving  
home he was advised that there was  
a good attendance upon the Demo-  
cratic mass meeting held at Went-  
worth today. It was decided, so Col.  
Webster was informed, to submit the  
candidate nominated for county official  
to a primary. Col. Webster feels con-  
fident that the Democrats of Rock-  
ingham will get together and roll up  
their old-line majority next November.

Stuck a Nail in His Foot.

and Mrs. J. L. Farrow, is quite ill as

yesterday was quite serious, but  
today he is thought to be improv-

will speak at the Second Street Tab-  
ernacle, 10 a.m. Saturday.
