CYCLONE IN TEXAS DOES MUCH DAMAGE

(By Publishers' Press.) FORT WORTH, Texas, Aug. 8.—A report received here from Amarillo says the town of Canon City suffered severely from a cyclone. Several people are reported killed and injured. The same storm raged at Amarillo and an entire family by the name of Riggs was killed by lightning. Reports from Angelo, Ballinger and Brownwood today indicate damage by the flood. It is said at Angelo waters have receded and the greatest loss appears to have been in live stock, though there have been considerable property and crop losses, which may reach a hundred thousand. At Brownwood hundreds of people were driven from home. All crops for miles around were destroyed, together with much live stock. Land is under water for a distance of three miles. At Ballinger hundreds of people were driven from their homes by waters of the Colorado. The Santa Fe Railroad is the heaviest loser, several miles of track being entirely washed away. Many fine bridges on the Colorado and Concho rivers have been washed away.

KILLED BY HIS OWN TRAIN. Young Man of Wilkesboro Horribly Mangled at Depot in Lexington.

The body of Mr. Noah E. Church passed through the city this morning enroute to Wilkesboro, former home of deceased, for interment. The deceased was a young man, 21-years old and was killed at Lexington at noon yesterday by a freight train, with which he held the position of brakeman. He was standing at the rear car of the front section of his train, local freight No. 64, which was cut in two while shifting cars, and when the accident occurred was clearing the track for No. 36, northbound passenger train. For some reason, the unfortunate man did not know the cars were about to move, and their sudden movement backward threw him across the track, along which he was dragged about 25 yards and mangled terribly. His arms and feet were cut off, and his head crushed and entirely severed just above the eyes. His remains presented a ghastly sight. A pool of blood and brains were left on the track.

The remains were turned over to the local undertaker and his people were notified at Wilkesboro. The dead brakeman had only been in the employ of the Southern Railway since May. This is said to be the fourth of a series of accidents which have all occurred at about the same place within the last 15 months, resulting in three deaths and one serious injury. Mr. M. S. Church, of Wilkesboro, father of the deceased, went to Lexington last night and accompanied the body of his son home today. Crosby Church, brother of Noah, who holds a position with Fogle Bros. Co. here, joined his father this morning.

FAKE PICTURE AGENTS. Travelling Through Country Claiming to Represent Winston-Salem Photographer.

Mr. H. A. Lineback, a photographer here, is in receipt of letters from Davis and Rockingham counties advising him that two fakirs are travelling through the country taking pictures of residences and claiming to be agents of Mr. Lineback. Their plan, it appears, is to take a picture of a home and collect for same and telling the owners that the photographs will be mailed to them as soon as the Winston photographer can finish them. Mr. Lineback wishes it understood that he has no agent. A Madison lady writes Mr. Lineback that the two men came to her place several weeks ago and insisted upon taking a picture of her residence, saying that it was such an old place and that they wanted to send one of the photos to an exposition. She paid \$1.00 but has not heard from the men or pictures since.

BOHANNON TAKEN TO PENITENTIARY

(Special to The Sentinel.) GREENSBORO, Aug. 8.—The three negroes, Frank Bohannon, Kl Crutchfield and Oscar Crutchfield, in jail here for the alleged murder of Mr. Beachman last week, were brought before justices of the peace and waived examination and were recommitted without bond. They will be taken to the penitentiary for safety at two o'clock this afternoon. The fact of their examination and of their removal is known to but few. The strain of guarding the jail last night, added to repeated rumors again today of plots for lynching led to the precipitate action of the authorities. The whole city sat up last night waiting for reported incursion of crowds from other points, but the thorough determination on the part of the authorities, military and citizens generally to protect the jail and prisoners at all hazards prevented any overt act or even the presence of a large number of strangers. It is a relief to have the prisoners away.

Miss Maude Goldstein spent the day in Greensboro.

Mrs. Bettie Gibson has gone to Moore's Springs for a stay of two weeks.

STRIKE A FAILURE.

Nearly All Workmen In St. Petersburg Have Resumed Their Positions.

What Was Intended to Be a Big Display of Revolutionary Strength Proved to Be Notably Unsuccessful.—Revolutionary Movement Among Russian Workmen Seems to Be Badly Crippled.

(By Publishers' Press.) ST. PETERSBURG, Aug. 8.—Work has been resumed at all the mills and factories. The failure of the strike is regarded as an open recognition of the powerlessness of the extremists. Order has been restored in the capital. Well-informed authorities here believe Admiral Skryloff, commander-in-chief of the Black Sea fleet, himself authorized the theft of documents at Sevastopol needed in the trial of mutineers in order to escape the responsibility of passing sentence of death on mutineers. By time fresh inquiry has been finished the affair will probably be forgotten and amnesty will have been extended to the rebellious men. The government has entrusted to ministry of the interior the preparation of a bill dealing with Jewish questions.

CONFEDERATE REUNION. To Be Held at Danbury Saturday—Revival Services—Personal Mention.

(Special to The Sentinel.) DILLARD, Aug. 7.—A series of meetings is in progress at Bethesda M. E. church this week. The lawn party given at Pine Hall Saturday afternoon is reported to have been very successful.

W. B. Willis and family, of Rocky Mount, Va., are spending several days here with relatives.

Miss Pearl R. Martin, of East Bend, is visiting Miss Eva Mitchell this week.

W. E. Lasley and family, of Pine Hall, visited relatives here Sunday.

C. A. Mitchell is spending several days at Moore's Springs in the interest of his health.

The township Sunday School Convention will be held at Knoll Hears on Saturday before the third Sunday in this month.

Several people from this neighborhood are arranging to go to Danbury next Saturday to the Confederate reunion.

NEGRO MADE THREATS. Caldwell Barber Said Other Families Would Suffer Fate of Lyerlys, and Now He Languishes in Salisbury Jail.

BARBERS JUNCTION, Aug. 7.—Caldwell Barber, a negro man living in the Cleveland section of this county, who has committed considerably in the Lyerly family murder and the lynching of the Gillespie negroes and Jack Dillingham at Salisbury last night, was arrested this afternoon by Deputy W. A. Thompson and carried to Salisbury, where he was placed in the county jail. This negro made threats, or rather remarks, to the effect that "there would be more families left in a worse condition than the Lyerly family." A warrant was sworn out for the negro and he was placed in custody, pending an examination.

ANOTHER MURDER NEAR JAMESTOWN

(Special to The Sentinel.) GREENSBORO, Aug. 8.—There was another murder out at the double tracking camp near Jamestown yesterday afternoon. A negro whose name is given as Charles Halston shot another negro workman twice with a pistol. It has been impossible to get the particulars of the shooting, but the police here have been notified that the murderer escaped, and a full description is given of him.

PAN-AMERICAN CONGRESS. Railroad Question Has Been Up for Consideration by That Body.

(By Publishers' Press.) RIO DE JANEIRO, Aug. 8.—Mexican delegates to the Pan-American Congress will propose reorganization of whole railway scheme, dividing project into three sections, the first to include Mexico and Central America, second the United States, Panama and Colombia, and third Argentina, Peru, Ecuador and Bolivia. Each section will hold separate railroad conference and report to congress convened on commerce. They had decided not to touch the question of port laws and regulations. Instead they will advocate appointment of experts to make collections of all port laws with object of forming basis for intelligent discussion at next meeting of the congress.

NEW YORK, Aug. 8.—Wm. M. Methner, 66, and wife, 52, sought death this morning by inhaling gas at their home at East 167th street. The neighbors, attracted by smell of gas, broke down doors to find them dead.

WALTER H. NEAL.

Mr. F. C. Abbott, who was called to Newport News ten days ago on account of the death of his mother, is now being detained at Newport News on account of the illness of his father.

FIVE ARE WOUNDED

Also Twelve Japanese Are Taken And Are Being Held As Prisoners.

Japanese Were Poachers in American Seal Fisheries Off Alaska And Were Attacked by Americans.—No International Complications Are Anticipated.

(By Publishers' Press.) WASHINGTON, Aug. 8.—News reached the State Department this morning that five Japanese were shot by United States guards and twelve Japanese, two of them seriously wounded, taken prisoners as the result of a raid made by some Japanese schooners on Alaska seal preserves. The affair occurred on Attor Island, the westernmost of the Aleutian group. The report comes from Edwin W. Stuns, solicitor for the Department of Commerce and Labor, who is in Alaska to enforce the law prohibiting all persons not citizens of the United States from fishing in Alaska waters. The prisoners have been taken in the United States revenue cutter McCallagh, commanded by Capt. J. C. Gantwell, from Attan to Dutch Harbor in Alaska. Acting Secretary of State Bacon will immediately communicate to the Japanese ambassador the facts and will express regret that the Japanese poachers were so summarily dealt with by Americans. There is no reason to expect international complications as a result of the incident, but there is no question but the situation in Aleutian Islands, especially as it affects the Japanese, is a delicate one.

AFTER THE STANDARD OIL CO. United States Court Convenes at Chicago for Purpose of Investigating Some of Its Business Methods.

CHICAGO, Aug. 6.—Investigation of methods of the Standard Oil Company by the United States government began in Cleveland several weeks ago, was resumed here today. A special grand jury called to report before Judge Behea is to pass a week considering re-bate charges and secret railroad agreements, by which it has been declared, the Standard Oil Company has been forcing competitors out of the market. A number of railroads entering Chicago are in danger of being drawn into the struggle.

An inquiry will be directed into what is known as the "Grand Junction Commission Rate," and an alleged discriminatory rate to East St. Louis. These rates of railroads are alleged to have given monopoly to the Standard Company in the South and Southwest.

The government forces will be directed by Charles W. Morrison, who directed the beef prosecution.

This afternoon Special Attorney Morrison with his several assistants and District Attorney Sullivan, of Cleveland, questioned a number of proposed witnesses. These men were questioned as to what they knew of Standard Oil methods.

JUDGE NEAL'S VIEWS. He Favors More Peremptory Challenges by State in Trials for Capital Offences And Also Favors a State Reformatory.

The following letter has been sent by Judge Neal to a number of papers and explains itself.

Laurinburg, Aug. 4, 1906. To the Editor: Under the law as it now exists in this State when a person is charged with the commission of a capital criminal offense and is placed on trial he may challenge peremptorily twenty-three jurors and the State can only challenge four. From an experience in the practice of law and then five years work on the bench it is clear to my mind that the statute ought to be changed so that in the trial of the offenses of arson, rape, murder and burglary, the four capital felonies, the State ought to have the same number of challenges as the prisoner. It is my deliberate opinion that this will help solve the lynching problem.

As I go over the State and try young boys for the commission of crime I become more and more impressed with the imperative necessity for the establishment of a reformatory to which youthful criminals may be sent. I would not suggest in its inception the outlay of a large sum of money by the State, but one just large enough to see if we can't save bad boys and make out of them good and useful citizens. I am sure we can bring good out of this and I think we ought to make the effort. Very many times I have had my heart to bleed when as a judge it became my duty to send boys to jail and the penitentiary—bright-eyed, good-looking boys, boys that had too much promise of good in them to be sent off with thieves and murderers and hardened criminals, and yet were so bad and vicious that they ought not to be turned loose on society and the public. I have made up my mind to make an effort, conducted on an honorable basis, to have these two statutes written in the laws of my State.

Yours very truly, WALTER H. NEAL.

MISS WALKER GETS \$21,000.

Union City, Tenn., Jury Gives Asheville Girl Judgment for This Amount Against Col. Dick Edwards.

UNION CITY, Tenn., Aug. 7.—At last the long-drawn-out and hotly-contested breach of promise suit of Miss Lola Walker, of Asheville, N. C., against Col. Dick Edwards, of Union City, Tenn., has dragged its weary course to a close. At 3 o'clock this afternoon the jury, after being out about two hours, rendered a judgment for \$21,000 in favor of the complainant. Judge R. E. Madden will open court Wednesday to hear any motions that may be presented. Nothing is known as to what course the defendant, Col. Edwards, will take. It is thought the suit has already cost him \$10,000. It has been on trial for 32 days and the sheriff of this county, Oblon, estimates the cost to the county at \$1500.

New Advertisements.

Lashmit—Three years old today. How we grow; why we grow?

Rosenbacher & Bro.—Some very special attractions for this week now available.

P. A. Thompson—Good soda talk. C. N. Brown, Jeweler—New arrivals to be sold at once.

A Life-Saver. As every man knows, it's a very old saw.

That a man who is drowning will clutch at a straw. And a thirty man, too, does the same when his two lips.

BIG MEETING AT THE JAMESTOWN FAIR

(Special to The Sentinel.) NORFOLK, Aug. 8.—At their biennial encampment just ended at Columbus, Ohio, the Knights of Macabees have decided to add a picked body of men from the Uniform Rank of the order to the military pageant at the Jamestown Exposition, to be held at Hampton Roads near Norfolk, Virginia, next year.

The decision is unusual and demonstrates the widespread popularity of the exposition, inasmuch as the order does not make a practice of holding yearly encampments. These are a biennial feature of the meetings and ordinarily the next encampment would have been held in 1908. In view of the fact that there will be a great military display at the exposition, attended by military delegations from nearly all the great fraternal orders of the country, there was little hesitation at the recent encampment in authorizing a departure from the custom of the order.

This decision will bring to the exposition at least 2500 Knights with their wives. Five hundred members of the Ladies of the Macabees, an auxiliary order, will also attend the exposition, taking part in the drills on Lee Parade. Both bodies will be brilliantly uniformed and their smart drills will add greatly to the attractiveness of the military feature of this great historical celebration.

The members of the Uniform Rank of the Macabees will be quartered in tents in the general encampment on the grounds. Those tents will be furnished by the exposition company and will embody all the latest sanitary features adopted by the United States army. Meals will be furnished to the visitors at a low price and everything possible will be done to make their stay enjoyable. Drills of a purely military character will be judged by the army officers detailed for the purpose by the United States government.

Major General W. H. Sletzer, commanding the uniform rank, expects to visit Norfolk in a short time to make arrangements with the officials of the exposition for the great encampment. While he is here the date of the Macabees' visit will be fixed and a day set aside on the exposition calendar to be known as Macabees' Day.

The Knights of the Macabees is one of the largest fraternal orders in the world. The Ladies of the Macabees is one of the large auxiliary fraternal bodies. Both bodies attended the St. Louis fair and were highly praised for the excellence and military precision of their drills. Drills in which the ladies will compete with the men will probably be a feature of the Macabees' visit at Jamestown.

DEMOCRATS ADOPT \$100 PLAN. Chairman Griggs Says He Wants Every Good Democrat To Contribute One Dollar Towards Capturing the Next House.

WASHINGTON, Aug. 6.—The Democratic congressional committee has decided to follow the lead of the Republican congressional committee in working the dollar subscription plan. Announcement to this effect was made today by authority of James H. Griggs, of Georgia, who has under way the task of capturing the House in the sixteenth congress for the Democrats.

Up to date Chairman Griggs has found it difficult to collect funds and he has decided to issue a popular appeal for help. He expects that every good Democrat interested in the cause will respond promptly and with substantial subscription.

In 1896 when Mr. Bryan made his first run for the presidency, 30,000 people in the land put \$1 a piece for 16 to 1. Chairman Griggs thinks that most of these 30,000 persons are still living and he has obtained possession of the lists containing their names. Circulars will be addressed to these asking each and every one to give up at least a dollar more.

RELIEF FUND \$23,000. That Amount Already Raised for Victim Shipwrecked Off Spanish Coast.

(By Publishers' Press.) CARTAGENA Spain, Aug. 8.—According to one of the divers engaged in the salvage of the cargo of the wrecked Italian steamer Sirio he saw 79 bodies in the interior of the vessel during the examination of her. The diver tried to assist salvagers to raise safe of the steamer but the attempt failed. The hull is wedged between two rocks and lifted to starboard at an acute angle. Subscriptions to the fund for relief of victims of the disaster have reached the sum of \$23,000. Many benefit performances are being given at various theatres.

HAY RIDE.

A jolly party of young people, comprising Misses Anna Wheeler, Daisy Spangh, Alma and Bertie Tice, and Messrs. Nat Peterson, Julius Goslin, Clyde-Rights and Nat Curt, participated in a delightful hay ride to Kernersville last evening, where they were graciously received and entertained by the Rev. and Mrs. C. H. Westfield, at the Moravian parsonage. The party left the city at 7 o'clock returning in the "two small hours, by the light of the moon."

FOUND AT HIS HOME

Caleb Tate, Wanted in Virginia By U. S. Government Authorities,

Had Been Living Here And Working for N. & W. Railroad Under the Name of Joseph Jones.—Broke Out of Jail at Hillsville, Va., Over Two Years Ago, at Which Time Six Other Prisoners Were Released.

Deputy Marshal Carroll, assisted by Policeman C. C. Royal, made an important arrest at 4:30 this morning. Their prisoner was Caleb Tate, who has been working with a section force on the Norfolk & Western road for more than a year under the name of Joseph F. Jones.

About two and a half years ago Tate broke out of jail at Hillsville, Carroll county, Virginia, and at the same time released six other prisoners. The charge against him is falsifying a claim against the United States government. Tate was a witness in the federal court at Abingdon, Va., and in making out his claim testified that he was 290 miles of mileage, whereas it was later shown that he only traveled about 100 miles.

The officers found Tate at his home on Sixteenth street this morning. He was in bed. At first he denied the charge against him, but when brought face to face with Mr. R. C. Mitchell, manager of R. J. Reynolds' farm, who knew him in Virginia, Tate broke down and confessed that he was the man wanted.

Deputy Marshal Carroll has had a warrant for the arrest of Tate for six months, but he was never able to find a man by that name and he so notified the Carroll county officers. Recently he was notified that Tate was with one of the N. & W. section forces. Investigation led the deputy marshal to visit Mr. R. C. Mitchell, who stated that he had seen Tate since he came here and that he could identify him.

Deputy Marshal Carroll has notified the Virginia authorities of the capture. Deputy Marshal Lloyd Childress, of Hillsville, Va., will come after Tate and take him back to Abingdon, Va., for trial. Tate has a wife and two children. He will remain in jail here until the officer arrives.

TWO TRY SUICIDE. Neighbors Arrived in Time to Prevent Husband and Wife from Succeeding in Effort to Take Their Own Lives.

(By Publishers' Press.) WASHINGTON, Aug. 8.—Without a gun in their pockets two Washington boys, college graduates, Richard J. Cook and M. W. T. Elgin, the latter, a nephew of Rear Admiral Evans, United States Navy, started on a trip around the world at a wager. The terms of the wager are that the young men shall return to Washington within a year and that, during that time, they shall not receive any financial assistance except in return for labor.

After earning their breakfast yesterday by waiting on a table in a local restaurant the pair started for 2:30 more on foot. Thence they expect to work their passage on one of the boats plying to Norfolk where they will probably ship before the mast on a cattle boat for Liverpool.

COLORED ORPHAN HOME. Dr. D. Clay Lilly Preached Sermon at Formal Opening of Institution.

The formal opening of the colored Orphan Home of Winston-Salem, N. C., was held on Sunday, August 5. Rev. Dr. D. Clay Lilly, pastor of the Presbyterian church, preached an able and eloquent sermon from the 72nd division of the Psalms, 12th verse. Dr. Lilly was accompanied by Mr. J. P. Taylor, of the firm of Taylor Bros., who also spoke some very encouraging words. There was quite a concourse of people present to witness the opening exercises, to enter into the spirit of the occasion, and also to heartily enjoy the wholesome and inspiring sermon by Dr. Lilly, and the timely remarks of Mr. Taylor.

A collection of \$47.00 was taken, for which the trustees of the home return many thanks.

RELIEF FUND \$23,000.

That Amount Already Raised for Victim Shipwrecked Off Spanish Coast.

(By Publishers' Press.) CARTAGENA Spain, Aug. 8.—According to one of the divers engaged in the salvage of the cargo of the wrecked Italian steamer Sirio he saw 79 bodies in the interior of the vessel during the examination of her. The diver tried to assist salvagers to raise safe of the steamer but the attempt failed. The hull is wedged between two rocks and lifted to starboard at an acute angle. Subscriptions to the fund for relief of victims of the disaster have reached the sum of \$23,000. Many benefit performances are being given at various theatres.

HAY RIDE.

A jolly party of young people, comprising Misses Anna Wheeler, Daisy Spangh, Alma and Bertie Tice, and Messrs. Nat Peterson, Julius Goslin, Clyde-Rights and Nat Curt, participated in a delightful hay ride to Kernersville last evening, where they were graciously received and entertained by the Rev. and Mrs. C.
