DURHAM TOBACCO CASE BACK TO STATE COURT

In United States circuit court Judge J. C. Pritchard heard argument on a motion to remand to the state courts the case of the Blackwell's Durham Tobacco Company of North Carolina, against the Blackwell's Durham Tobacco Company and the American Tobacco Company, of the State of New Jersey, and C. W. Toms, D. W. Andrews and W. W. Flowers, of Durham, says a special from Asheville in today's Charlotte Observer. The facts and allegations involved in this case are well known. Some years ago the American Tobacco Company, commonly known as the trust, absorbed the Blackwell Company, of Durham, and began the operation of the company under the laws of New Jersey; the company never domesticated in this State. The old Blackwell company vacated its State charter when it was incorporated in New Jersey and recently another company, calling itself the Blackwell's Durham Tobacco Company, with George R. Blackwell as its president, was organized and incorporated under the laws of the State of North Carolina and now seeks to perpetually enjoin the New Jersey Blackwell Company from further using the Blackwell trade mark. The new Blackwell Company instituted a suit in the superior court of Durham county to enjoin the New Jersey corporation from the further use of the trade mark. The New Jersey concern and the American Tobacco Company immediately filed a petition and bond with the clerk of court for a removal of the cause to the United States circuit court for the eastern district of North Carolina. The cause was removed and today the plaintiff appeared before Judge Pritchard to have the big suit remanded to the state court. The law firm of Guthrie & Guthrie, of Durham, represented plaintiff, while J. D. Parker, of New York, first assistant counsel for the American Tobacco Company, and Frank Fuller, of Durham, local counsel for the tobacco trust, represented the defendants. After hearing argument by counsel, in which it was shown that the removal proceedings were irregular, Judge Pritchard entered this order: "In the Circuit Court of the United States, for the Eastern District of North Carolina. Blackwell's Durham Tobacco Company vs. the American Tobacco Company (an alleged corporation of New Jersey), C. W. Toms, W. W. Flowers and D. W. Andrews. This cause coming on to be heard before this court at chambers in Asheville, after due notice, upon the motion of plaintiff to remand this cause to the superior court of Durham county, and being heard and argued before the court by counsel for both sides. "It is considered by the court that inasmuch as the petition for the removal of this cause to this court from the superior court of Durham county has never been presented to the judge of the superior court of Durham county, the docketing of the cause in this court was premature and improvidently done by the clerk of this court. "It is therefore ordered by this court that this cause be stricken from the docket of this court without passing upon the motion to remand and without considering the sufficiency of the petition and bond for removal filed in the office of the clerk of the superior court of Durham county, North Carolina, on August 3, 1906, and the plaintiff will have and recover of the defendants, the Blackwell's Durham Tobacco Company and the American Tobacco Company, all the costs incident to this proceeding, for which an execution is awarded."

TWO WERE KILLED. Accident On South and Western Road Not As Bad As Reported.

Timber Supports in Tunnel Being Constructed for New Road in Tennessee Gave Way, Killing Two Workmen and Injuring Two.—At First It Was Thought Many Had Been Killed. (By Publishers' Press.) BRISTOL, Tenn., Aug. 18.—There is much distress among families of men entombed by cave-in at south end of Clinch Mountain tunnel yesterday. Many of them are frantic. Men are pumping air into the tunnel with the hope of saving any of the men who may be alive. The workmen were about 700 feet from the end of the tunnel. The rescue work is being rushed with all possible speed but there is said to be much dirt and stones to be removed before the men can be reached. Later—Late reports indicate that the Clinch Mountain tunnel accident was exaggerated. Only two men were killed and two injured. Timber supports gave way instead of a cave-in.

DOBSON IS NAMED Surry Man Nominated For Solicitor By Republican Judicial Convention.

Only About Half of the Counties in the District Represented.—Nominee Was Not Present.—Had No Opposition.—Major J. E. Alexander Presided in Absence of Chairman.—W. W. Hampton New Chairman of Executive Committee. The Republican judicial convention for this district was held at the court house at 12 o'clock. In point of attendance it was a tame affair, only about half of the counties being represented. Mr. John Dobson, of Rockford, Surry county, was nominated for solicitor, to oppose the present incumbent, S. Porter Graves, of Mt. Airy. Mr. Dobson was not present, hence there was no speech making. The convention was called to order by Maj. J. E. Alexander, who presided over the deliberations. He was delegated to do this by Chairman Numa Reid, chairman of the executive committee, who was prevented from being present by sickness. Mr. Dobson's father was solicitor of this district for several years before his death. Mr. W. W. Hampton, of Dobson, Surry county, was elected chairman of the new executive committee and it is presumed, will manage Mr. Dobson's campaign. Mr. Dobson's name was the only one presented to the convention, hence he was nominated by acclamation.

CHARLES HAIRSTON WAIVES A HEARING

(Special to The Sentinel.) GREENSBORO, Aug. 18.—At a hearing before Squire Collins late yesterday afternoon, Charles Hairston, charged with the murder of Will Carson at Hilltop August 7th, waived examination, and was remanded to jail without privilege of bail. Four witnesses who had been summoned to a previous hearing and failed to come were placed in jail in default of a bond for \$100 each. Henry Wade, wanted here for the larceny of \$80 from Mr. Rawley Galloway, proprietors of Galloway Drug Store, was arrested in Burlington yesterday and is held there on charges of drunkenness and carrying concealed weapons. The negro was employed in the store, and Thursday he saw the money placed in the safe. Yesterday morning the negro and money were missing. The police at Burlington were notified and they arrested the negro. POSED AS A RICH MAN. Bridegroom Fooled His Wife, But Not the Police.—Reported Loss of \$16,000.—After Telling a Mysterious Story of Being "Doped," Taken to Tenderloin and Fleeced, L. B. Hickman Admitted That He Had Not Been Robbed. BALTIMORE, Aug. 17.—Claiming to have been "doped" in one of several saloons in the red-light district yesterday morning, L. B. Hickman, of 232 North Carey street, accompanied by Mrs. Hickman, came into detective headquarters in the court house late this afternoon. Hickman said that after being "doped" he was induced to withdraw \$16,000 from the National Marine bank while in a dazed condition, and that he was later enticed down the Shell road to one of the numerous resorts that flourish near Back and Middle rivers, where he says he was robbed of a little over \$16,000. The police was dubious about Hickman's story, as the officers of the National Marine bank said that the name of L. B. Hickman is not on the bank's books. Hickman was sweated tonight at headquarters, and, after close questioning, he reduced his loss first to \$1,600, and then to \$600. Finally he confessed he had lost nothing at all. It appears that, prior to his marriage a short time ago, he led his wife to believe he was very wealthy. Since then, however, he has shown no evidence of being well fixed, and, becoming suspicious, the bride insisted upon seeing the color of his coin. He withstood the demand until yesterday, when he promised to make good. The presumption is that he adopted the robbery plan of satisfying his wife, and it would probably have worked had not the police been too inquisitive. When reporting his imaginary loss, Hickman told a mysterious story, while his wife wept bitterly by his side. He said that the effects of the powerful drug given him while in the uptown Tenderloin were so severe that when he awoke at 10 o'clock last night he took a Back or Middle River car, transferred to a Carey street car, and arrived home in a dazed condition, hardly conscious of his great financial loss. CHARLOTTE CHATAUQUA. (By Publishers' Press.) CHARLOTTE, Aug. 18.—General Manager D. L. Reid has about completed the bookings for the big September meeting of the Greater Charlotte Chatauqua and will publish, before the end of another week, a completed program. The directors confidently expect that the program will meet with the hearty approval of every one interested in the chatauqua. "One thing about it," said one of the directors, "there will be more well-known lecturers and singers in Charlotte that week than were ever gathered before in North Carolina." It has been decided to set one day aside as "North Carolina Day." Governor Glenn has agreed to come and deliver an address on this day and ex-Governor Charles B. Aycock has been invited and may attend. Extra pains will be taken to make the musical program excellent for the day. The cheap railroad rates offered for the occasion will, it is thought, attract many out-of-town people. The chatauqua will run from September 9 to 16th. RURAL HALL ITEMS. (Special to The Sentinel.) RURAL HALL, Aug. 17.—Rev. and Mrs. Sidney T. Shore and little son, of San Antonio, Texas, arrived home a few weeks ago. After spending a few weeks at his old home they will return to Texas by way of Madison, Ind. Mrs. Shore's former home. Owing to the heavy rain and freshet yesterday, the passenger train from Sanford to Mt. Airy, arrived at 9 a. m., being twelve hours late. Mr. and Mrs. Ernest Heisabeck are spending a few weeks in southwest Virginia, with Mrs. Heisabeck's people. The Rural Hall veneer plants are running full time and turning out a great deal of lumber. Veneer seems to be in great demand. Prof. W. L. Newsom and family returned yesterday to Savannah, Ga., where he is engaged in teaching. The work on the Lawrence and Payne large brick store building is progressing nicely.

TRADE AGREEMENT One Between United States and Spain Goes Into Effect September 1.

This is Not a Treaty And Therefore Does Not Have to Be Ratified by the Senate.—President Roosevelt Has Arranged to Put Agreement Into Effect. (By Publishers' Press.) WASHINGTON, Aug. 18.—The new tariff convention between the United States and Spain will go into effect about September 1. President Roosevelt has already prepared his proclamation to that effect and it is at the state department awaiting the pleasure of the Spanish government as to date for simultaneous publication. This convention is not a treaty and does not therefore require ratification by the senate. It is merely a commercial agreement entered into by the president under section three of the Dingley law reducing tariffs on certain Spanish goods in return for application by Spain of minimum tariff to American goods entering that country. NEGROES HERE FORM INSURANCE COMPANY. Some of the business colored men of Winston have organized and had chartered by the secretary of state an industrial insurance company for Winston-Salem. It appears that heretofore many of the colored people of this city have been and are now connected with insurance companies of other cities and states, but now since there is a company organized here and supported by some of the best business colored people it is hoped by the interested parties that their home people will give the company such support as it may merit. TRINITY COLLERE TO OPEN SEPTEMBER 12

(Special to The Sentinel.) DURHAM, Aug. 18.—Everything is being put in readiness for the opening of college September 12. The date of opening this year is one week later than last. The buildings are being overhauled, and changes made. A number of changes are being made in the Duke building that will add very materially to the comfort and convenience of the students. The campus is in excellent condition, and it is hard to find a more beautiful spot than Trinity Park. The prospects for a successful opening are very bright. The correspondence with students in distant states has been much larger than in former years and the indications are that the attendance from other states will exceed that of other years. President Kilgo is in South Carolina on a visit to relatives. He will be away for several days. The work on the academic building at Trinity Park School is progressing and it is expected that it will be completed by the opening, September 12. Headmaster North says that the prospects for a large attendance are exceedingly good. The debate council at Trinity has arranged a debate with Vanderbilt University to be held in Durham some time during the fall term. The exact date has not been fixed. This is the second debate of the series, the former one having taken place at Nashville. The subject of the debate this year is: Resolved, "That private ownership of plants for lighting and street railway transportation is the policy best suited to American cities." Trinity will argue the affirmative of this question. Frank Martin for Constable. To the Editor: I see that township meeting has been called to meet in the court-house Monday evening at 8 o'clock to nominate a township constable and elect an executive committee. Winston-Salem is particularly interested in the selection of a constable, since it is distinctively a township office. I understand that the office has been practically abolished as the present constable signs all his papers "Deputy Sheriff." Now I want to suggest Frank Martin as a candidate. He is one of the best, most active and most fearless officers the town has ever had. He knows no man in the discharge of his duty. The law breakers all know him and his presence has a tendency to restrain them. The town needs Frank Martin as a constable. Let us go to the court-house and nominate him. LAW AND ORDER. "Brewster's Millions." The Sentinel has purchased the privilege of publishing this intensely interesting novel in serial form and will begin its publication Monday. "Brewster's Millions" is by George Barr McCutcheon, the noted author of "Granstark" and "Beverly of Granstark" and the story to be published in The Sentinel is said to be his best work. It was one of the best selling of all the new books when it appeared and the fiction lovers of this city should not lose the opportunity to read it in serial form. Buy Residence Property. Messrs. J. S. Swain and E. B. Cantrell, who are to be members of the new Crim-Cantrell Furniture Company, have purchased from Mr. S. C. Ogburn the residence site on Liberty street, joining his home place. The house thereon is to be moved to the west side of the lot and remodelled by Mr. Swain, while Mr. Cantrell will erect in its place a handsome new residence. Mr. Cantrell will move his family to this city from Mississippi. Verdict for \$125. Mr. Clement Manly and his stenographer, Miss Wutreschke, returned this afternoon from Davidson court. Mr. Manly represented the defense in a mental anguish suit against the Western Union Telegraph Company brought by A. E. Warner, of Thomasville. The jury gave the plaintiff \$125. He sued for \$2,000.

ACCUSED OF STEALING A LADY'S PURSE.

George Perry and Wallace Boyd, colored, are in the city lock-up, charged with stealing a purse containing fifteen dollars, belonging to Miss Lillie Grubbs, saleslady for the J. W. Hester Co. Miss Grubbs returned yesterday afternoon from a visit to her parents at Walkertown. She had just gone in the store and laid her purse on a table. Shortly thereafter she missed the purse. The matter was reported to the police and an hour later Perry was arrested. He was found in a clothing store buying a pair of pants. Six dollars of the stolen money was found in his possession. Mr. Hester, manager of the store where Miss Grubbs is employed, has identified Perry as one of the negroes in the store at the time the purse was stolen. There is other evidence that he is the guilty party. The officers say Perry has a bad record. Senator Simmons in Washington. From Washington Post. Senator F. M. Simmons, of North Carolina, who dropped into Washington yesterday afternoon, is a guest at the Ebbitt House. The senator was at Democratic congressional headquarters for an hour, where he made the statement that North Carolina would retire Spencer Blackburn, the only Republican from that State in the house, and one of the very few from the entire South, and send a solid delegation to Washington. The Democratic party in his state, Senator Simmons says, is in fine shape and working harmoniously for every man on its ticket, while the Republicans are divided by factional quarrels, especially in the Eighth district, where Blackburn is fighting for re-election. New Advertisements. Wachovia National Bank.—"A good way to save money." Charles F. Sapp, Jeweler.—Sold gold rings from \$1 up. Rosenbacher & Bro.—School frocks for fall; styles, materials and colors to be worn by the little folks. Sink & Fansler.—The paint "that won't come off." Tudor and Wimblish, district agents for Mutual Benefit Life Insurance Co.—The largest annual dividend company in the world. Hunthly-Hill-Stockton Co.—A Volvo sewing machine, highest in quality, moderately priced. To Democratic Voters of Winston Township. At the solicitation of many friends I have consented to allow my name to go before the convention Monday evening as a candidate for constable. My record as an officer and as a party worker is well known. If the citizens of Winston township will nominate me, I will appreciate the honor and will promise not only to make an earnest, faithful and conscientious officer, but will labor for the highest and best interest of our community. FRANK A. MARTIN. W. T. Eaton went to Davie county this afternoon to visit his father. H. A. Pfohl, president of Fogle Bros. Co., went north last night. W. T. Brown came in this afternoon from a trip to Toxaway. Register of Deeds Lindsay went to Mt. Airy today to spend Sunday, the guest of his daughter, Mrs. Holcomb. W. L. Harper, who is keeping books for the Glendon Mining and Manufacturing Co., was here today enroute to Clemmons to spend Sunday with his family. Rev. J. R. Scroggs will preach at the Salem Methodist church tomorrow night.

CROWD PURSUED BELLIGERENT.

He Had Undertaken to Fight Passenger on Car, But Had to Run. SPENCER, Aug. 16.—A negro passenger on a street car here yesterday afternoon became enraged at some trivial matter, and attempted to fight a number of white passengers. Finding the white men in the majority, the negro whose name could not be learned jumped and ran, being pursued by a crowd of infuriated men, who followed him to a colored settlement a mile away, where he was lost. The incident occurred on the spot where Conductor W. A. Wiggins, of Salisbury, was shot to death in April by Ed. Davis, a negro, who is still at large. Former Express Agent Returns. Mr. I. M. Minus succeeds Mr. W. R. Pinckney as agent for the Southern Express Co. in this city. The latter returns to the road as express messenger on the main line of the Southern Railway. Mr. Minus has been agent for the express company at Asheville for a year. He was transferred to the office there from this city. His many friends rejoice over his return. Mr. Minus says he is glad to get back, adding that in his opinion there is no place like the Twin-City. Township Convention Monday Night. The Winston township convention for the nomination of a candidate for township constable and the selection of an executive committee will be held in the court house Monday night. There are several candidates for the place and the convention promises to be quite an interesting affair. Mayor O. B. Eaton is chairman of the township executive committee. Dr. Chreitberg, pastor, says night services will be resumed at Centenary M. E. church on the second Sunday in September.
