STATE SUPREME COURT TO MEET AUGUST 27

(Special to The Sentinel.)
RALEIGH, Aug. 18.—The Supreme Court convenes for the fall term August 27, the first day being as usual devoted to the examination of applicants for licenses to practice law. The appeals from the first district will be called on Tuesday, August 28. The indications are that there will be an unusually large number of applicants for law license. There will be forty-eight from the University law school alone. Then there will be large classes from Trinity, Wake Forest and other schools in the State.

COMPANY'S MAIN OFFICE TO BE MOVED HERE

(Special to The Sentinel.)
RALEIGH, Aug. 20.—The Chatham Manufacturing Company, of Elkin, filed with the secretary of state today a notice of amendment to its charter, by which the principal office will be moved to Winston-Salem. The Elkin wooden mills will be continued. The amendment also increases considerably the powers of the company and increases the capital stock from \$100,000 to \$350,000. Hugh A. Chatham is president.

MORE TROUBLE IS EXPECTED IN CUBA

(By Publishers' Press.)
HAVANA, Cuba, Aug. 20.—Rural guards stationed at four points in the province of Pinar del Rio deserted this morning and went over to the rebels operating in that province. About forty men are involved. The government has dispatched a trainload of troops to Pinar del Rio province to command the situation. A heavily armed guard has been stationed in treasury and all customs employees have been armed. General Demetrio Cassillo was arrested today at Santiago.

PUSHING THE WORK ON THE SOUTHBOUND.

Mr. E. H. Hardaway, of Columbus, Ga., is here to put in a bid for a large amount of concrete bridge masonry for the Southbound Railway. The company is still experiencing delay in securing rights-of-way. However, the management is ready to receive bids with a view of pushing the work of bridge building across Yadkin river and the creeks along the line between this city and Wadesboro.

Application for Pardon.

Application has been made to Governor Glenn for the pardon of Hile Keton, colored, who was convicted of burglary in the second degree at the July term, 1904, of Forsyth superior court, and sentenced to work on the roads of Forsyth for a term of five years. Keton is now in jail, unable to work on account of sickness. The county physician, it is said, is willing to sign the application for pardon, as Keton's condition is such that it is not believed that he will ever be able to perform manual labor.

Just Testing the System.

Superintendent Holmes, of the Winston fire department, went up in the tower of the Municipal building this afternoon to test the fire alarm system. No notice had been given and when the bell tapped 32 a crowd rushed to the corner of Main and Fourth streets—just to see the horses come out with the engine and other fire fighting apparatus. The throng thought it was a sure enough fire.

PERSONALS.

Thomas Barber went to Charlotte this afternoon.
Miss Nettie Blum returned this afternoon from a visit to friends at Walnut Cove.
Phillip Boone and son were here this afternoon, returning from a visit to Mocksville.
The charges against the defendants before Mayor Eaton this afternoon were principally for drinking.
Mr. and Mrs. Thomas Benton returned this afternoon from a visit to Mr. and Mrs. Winslow Smith, in Lincoln county.
John L. Jones, of Pearla, Ill., spent the day in the city. He is a son of Mr. J. L. Jones, who died at Kernersville a week ago.
The wood work on Forsyth's handsome new county home has been completed. The building is now in the hands of the painters.
S. W. Apperson, after spending several days here, left this afternoon for Chester, S. C. He travels for the Marler-Dalton-Gilmer Co. of this city.
George Martin, of Vine street, has in his garden a vine from the total of which was 16 pounds. There are still on the vine fifteen green tomatoes.
On account of the inclement weather the children's day exercises, announced to be given last night on the Academy campus, by the Home Moravian Sunday school, was postponed. Lovefeast was served in the afternoon in the church.

TWO THOUSAND PERSONS KILLED IN EARTHQUAKE AT VALPARAISO

PROPERTY LOSS CAUSED BY DISASTER AGGREGATES ABOUT THREE HUNDRED MILLIONS.

One Hundred Thousand People Are Now Facing Starvation—Fire Followed Close Upon Earthquake Shock In Capital of Chili—Several Hundred Shocks Have Been Felt There—Catastrophe Greater Than Recent One at San Francisco.

(By Publishers' Press.)
VALPARAISO, Chili, Aug. 20.—Two thousand dead in the ruins at Valparaiso, an army of a hundred thousand refugees facing starvation in the hills and property valued at \$300,000,000 destroyed—is the situation in Chili's earthquake-wrecked city today. There is no food to be had in any large quantity, except from stray ships that enter the Chilean ports. The government has ordered cruisers to take aboard foodstuffs and start immediately to relief. Every building in the city was damaged and many burned after the first severe shocks. Martial law has been declared. The earth continues to tremble and workmen are yet afraid to clear away debris. Information from mother affected places tells of the ruin but there is no definite estimate of the loss of life except at Santiago where it is reported the death list is fifty-five. Numerous small villages are reported in ruins. All things considered the disaster is greater than the San Francisco catastrophe. There is infinitely more suffering. Eighty-two shocks occurred Thursday night, and 300 more since then. The great fires which raged since Thursday night are gradually dying out. Relief Measures Discussed. WASHINGTON, Aug. 20.—The National American Red Cross Society has requested the State Department to inform it of the extent of the Chilean earthquake and of advisability of appealing to this country for relief for sufferers in that country. On account of meagre reports received in Washington the Red Cross hesitated to take any steps previous to this time. Assistant Secretary of State Bacon is a member of the executive committee of the Red Cross Society. Report Received Saturday. WASHINGTON, Aug. 19.—Official advices reached the State Department today regarding the Valparaiso earthquake, but they gave information similar to that already contained in press dispatches. Under today's date, Mr. Hicks, the American minister at Santiago, cabled that 50 deaths were reported at Valparaiso and immense destruction had been caused by fire and that many towns have been wiped out. He added that there is universal mourning. He said it was reported that at Santiago there were 30 deaths and much destruction of property. The State Department also announced that Minister Hicks, "under date of the 18th, reports that on the 16th there was a frightful earthquake with loss of life, many buildings being destroyed, and shocks continued until the date of the telegram; that the legation was safe; that the houses in the towns were deserted and thousands of people had slept two nights in the plazas and parks." Cable advices were received at the Chilean legation today, dated Santiago, Chile, August 18, stating that the earthquake in that city was very severe, but that there were few casualties. Up to the time of filing the dispatch, which the charge d'affaires believes was Saturday evening, no news had been received in Santiago from Valparaiso on account of the interruption to the railroad and telegraph lines. A dispatch to the State Department from the American legation at Quito, Ecuador, states that a report has been received there that an earthquake visited Valparaiso, but the dispatch gave no details. Another dispatch to the State Department came from the American consul general at Iquique, Chile, who reports that Valparaiso is in ruins from an earthquake and is on fire. He stated that at the time of the filing of his dispatch there was no communication with Santiago and no further details were obtainable. The date of his dispatch is in doubt. Mr. Buchanan, the head of the American delegation to the Pan-American Congress at Rio, cabled the State Department today saying that no information had been received at Rio concerning the earthquake, and asked the department for news. Acting Secretary Adee cabled the information contained in the dispatches from Minister Hicks at Santiago.

IN BAD CONDITION.

N. C. Corporation Commissioners' Report On Yadkin Railroad.

Commission States That Road Bed Is In Such Condition That It Endangers Lives of Passengers And That This Condition Should Be Remedied at Once.

(Special to The Sentinel.)
RALEIGH, Aug. 20.—The corporation commission issues a statement in which it holds that its investigation of the conditions of Yadkin Railroad from Salisbury to Albemarle shows that complaints made especially by citizens of Albemarle are well founded in that the road-bed is almost impassable and dangerous to lives of persons passing over it; that wrecks are occurring almost every day, all because of carelessness and negligence of the company, done as the citizens complaining believe, to save the company the expense necessary for repairs. The commission declares that the railroad is not free from negligence and that it should be required to employ the necessary labor to make the needed changes at once.

CLOSE WATCH BEING KEPT ON SCHOONER

(By Publishers' Press.)
HAVANA, Cuba, Aug. 20.—A suspicious looking schooner is lying off Pinar del Rio to pick up men accused of being implicated in a plot to assassinate President Palma and overthrow his government, who made their escape yesterday at the time the other alleged conspirators were arrested. A close watch is being kept on the schooner by authorities. The professedly some of the men implicated by secret police in conspiracy has given the government good cause for apprehension. The cause of the conspiracy seems to have been their own ambition for advancement.

Take a day off and go with Centenary Sunday school to Guilford Battle Grounds and Greensboro—four hours at each place. This is the last of the season. Fare \$1.00 round trip. Train leaves 8 a. m. Thursday, Aug. 23rd.
Dr. E. Fulp, of Fulp, arrived in the city this afternoon.

BRYAN HAS SAILED.

Nebraskan Leaves Gibraltar Today On His Way To New York.

Will Arrive There August 29 And Will Be Given a Big Reception by His Admirers.—Something of Mr. Bryan's Tour Around the World.

(By Publishers' Press.)
GIBRALTAR, Aug. 20.—William J. Bryan and wife sailed from here at 2 o'clock this afternoon for New York aboard the Princess Irene, of North German Lloyd Line. The vessel is due to arrive in New York August 29. The tour of the world by Mr. and Mrs. Bryan, which was concluded for the time being when they sailed today from Gibraltar, began just a year ago. During the year Mr. Bryan has been absent from the country. The Nebraska statesman has visited many of the political institutions of the nations he has visited and has been the recipient of many honors at the hands of foreign rulers and statesmen. Bryan sailed from San Francisco September 26 last, going to Japan, after a stop at Hawaii. In Japan he was the recipient of many honors. The Philippine Islands were next visited. There the title of "Datto" was conferred on Bryan by the natives. A brief stop was made at Borneo and Bryan continued the trip to India. After touring that country and paying a lengthy visit to the Holy Land his tour was continued into Europe. The last few months have been spent in various countries of that section of the globe.

WOMAN TAKES AN OVERDOSE OF LAUDANUM

(Special to The Sentinel.)
GREENSBORO, Aug. 20.—Mrs. J. W. Brooks is in St. Leo's hospital suffering from an overdose of laudanum, taken this morning at 8:30 o'clock. It is thought, with suicidal intent, Dr. Jarboe who attended her said it might have been accidental, but was of the opinion that family troubles were the cause for the act. She is now getting along nicely, though she is not out of danger.
A license was issued this afternoon for the marriage of John Marvin Burton to Miss Lula Myers, both of Salem.

STATISTICS ABOUT EDUCATION IN N. C.

Bulletin No. 7, which has just appeared from the office of the state superintendent of public instruction gives a good idea of the progress made in public education in this State for 1904-05. A dispatch from Raleigh to the Charlotte Observer says:

The table showing twenty years progress of the schools from 1884-85 to the present is of high value. The increase in the number of rural schools for whites is 31 per cent during that period and the increase in the number of pupils is nearly 84,000. The total increase of white school populations, both in town and country, is 41 per cent, that of colored 14 per cent. The increase in enrollment in the white schools is 75 per cent and in the colored 31 per cent. The average daily attendance on the white schools has increased 71 per cent and that on the colored schools only 18 per cent. The funds raised for rural and city schools 20 years ago aggregated \$681,904, while now they are \$1,015,039, showing the wonderful increase of 148 per cent. The term for the schools has been increased 45 per cent, being now 58 days. The average salary of white teachers has increased 29 per cent in the 20 years. The amount spent for school buildings shows a most wonderful increase. Twenty years ago the amount spent for rural school buildings was \$64,156, while now it is \$273,844, the increase in the period being 326 per cent. Everything shows progress. It must be stated in regard to this bulletin that the figures for 1905 are from the advance returns of the report of the state superintendent. The total available school funds for 1904-05 was \$2,308,728; the school population 696,622, the amount per capita raised for schools being \$2.42. The value of all property in the State for 1903 was \$433,687,809, the amount of taxable property for each child of school age being \$622. The amount raised for each inhabitant, based upon the census of 1900, is 88 cents, the population then being 1,892,810. There was raised by the general poll tax \$343,501, by fines, etc., \$68,628, and by liquor licenses and dispensaries \$132,889. The per cent spent for teaching is 73, for building 19 and for administration 8. The amount expended for supervision alone is only 5 1/2 per cent. For school libraries the expenditures aggregated \$10,189. The showing as to the attendance at the white schools, etc., is of particular interest. Only 11 1/2 per cent of the white school population is in towns and cities which contain separate school systems. The white school population is 469,616, of which the enrollment is 325,390, and the average daily attendance being 60 per cent. There are 7,000 teachers in these white schools, the average number of children to a teacher being 40. The percentage of the whole school population enrolled is 70 per cent in the country and 63 in the cities and towns. The figures as to the negroes are also of interest, showing a total school population of 262,976, with 248,821 enrolled and an average daily attendance of 82,390, the percentage of those enrolled attending daily being 56 per cent; the number of teachers is 2,682, each averaging 55 scholars. Sixty-five per cent of the school population is enrolled in the schools. There are 5,357 white schools. The average term is 87 days in the country and 165 in the cities and towns. The average monthly salary is \$28.80 in the country and \$41.40 in the towns. The total value of all school property is \$3,182,918, of which \$2,712,112 is of whites, \$470,806 colored. The average value of the white school houses is \$530, colored \$260. There yet remains 264 white and 293 colored school houses built of logs, and there are no fewer than 401 white and 165 school districts which have no school houses. The land area of North Carolina is 48,580 square miles, and the average area covered by each school is nine miles, the average population of each school being 78. There is only one teacher in 4,443 schools, while 851 have two or more, and in 832 some high school subjects are taught.

ISLAND DESTROYED

Earthquake Of Last Week Wiped Out Robinson Crusoe's Island.

This information has just reached City of Lima, Peru.—The island was famous as scene of the famous story of "Robinson Crusoe."
(By Publishers' Press.)
LIMA, Peru, Aug. 20.—Robinson Crusoe's Island is no more. This information has reached here. The famous island is reported to have been wiped out of existence by great seismic disturbance of last Thursday and Friday, which wrought such havoc throughout Chili. The island of Defoe's castaway, always popularly supposed to be Juan Fernandez, who lived a solitary existence there for four years, is regarded as having made the basis for the tale of Robinson Crusoe. It is this island which is now supposed to have been destroyed by terrestrial disturbances.

CHANGES IN Y. M. C. A. OFFICERS AT SPENCER

(Special to The Sentinel.)
SPENCER, Aug. 20.—Mr. A. C. Van-Campen, general secretary of the Spencer Railroad Department of the Young Men's Christian Association, has tendered his resignation as such, which will be accepted by his committee of management as soon as his successor can be secured. Mr. Van Campen has been secretary of the Spencer association for nearly five years and leaves to accept the secretaryship of a large association on the Norfolk and Western Railroad in Virginia. During his administration here a handsome new building valued at about \$35,000 has been secured and occupied by the association. Mr. R. G. Pierson, of Moundsville, W. Va., was in Spencer last week looking over the field with a view to accepting a call to the secretaryship of the Spencer Association. He is highly recommended. Mr. E. E. Redfern, now secretary of the Clifton Forge, Va., association has accepted a call to the assistant secretaryship of the Spencer association and is expected to move his family here within a few weeks. The association here is making active preparations to hold a formal opening of its new building next month when a number of the higher officials of the Southern Railway Company, which gave about \$20,000 towards the same, are expected to be present.

NEGRO ACCUSED OF MISAPPROPRIATING FUNDS

Jip Howard, colored, was arrested and locked up last night on the charge of misappropriating funds belonging to the True Reformers, an insurance order, conducted by colored people. Jim denies the accusation against him. He claims that all money collected by him was turned over to the treasurer. Howard will be given a hearing in a day or two before a magistrate. Howard makes the twelfth boarder for Jailer Hauner. Two of the number are serving jail sentences, while four others were brought in from the county roads, being sick and unable to work.

DR. H. J. WILLIAMS MAY LOCATE IN CAPE TOWN

Dr. H. J. Williams, Jr., who recently completed a four years' course in the American Medical College, Chicago, after spending a few days in the city, left this afternoon for Washington, D. C. He will go to Edinburgh to take another year's course in medicine. Dr. Williams will probably locate at Cape Town, South Africa, and take charge of a private sanitarium. Dr. Williams left here 10 years ago. He came back six years ago on a brief visit. His sister, Miss Eva Williams, who left here three years ago, is now at Morris, Ill. She is a trained nurse, having graduated from two of the best hospitals in Chicago. She writes her brother that she expects to visit Winston-Salem the first of October.

COMPLICATIONS WITH JAPAN POSSIBLE

(By Publishers' Press.)
HONOLULU, Aug. 20.—The possibility of complications between the United States and Japan as a result of treatment accorded Japanese residents of Hawaii is being freely discussed here as a result of the publication of the Japanese Daily Chronicle series of inflammatory articles in English, objecting to the manner in which many Japanese there are treated, stating that the latter are held in contempt by whites and their presence in Hawaii is resented. If other labor could be secured for plantations, it is asserted, the Japanese would be dispensed with altogether.

THIEVES ENTER THE DEPOT AT GERMANTON

A telephone message to The Sentinel from Germantown stated that the Southern Railway depot there was broken open Saturday night by an unknown party. They carried off several express packages, the ticket case, vouchers and a suit case. The ticket case was found Sunday morning about 100 yards from the depot. The suit case was thrown in Town Fork Creek. The robbers were evidently disappointed. They failed to get any money as the agent, Mrs. Stewart, always carries the cash home with her at night.

DOWIE AND VOLIVA REACH AN AGREEMENT

(By Publishers' Press.)
CHICAGO, Aug. 20.—Dowie and Voliva have agreed to forget their differences and will unite interests in government of Zion City. By terms of agreement Dowie will for the remainder of his life be first apostle of the Christian Catholic church while the temporal affairs of the community will be in the hands of Voliva and his supporters. The agreement will be ratified today or tomorrow.
