**HEAVY DEMANDS
ON RELIEF FUNDS**

(By Publishers' Press.)
SAN FRANCISCO, California, Aug. 20.—On account of the enormous demand for relief funds in the form of claims for confiscation and otherwise San Francisco Relief Corporation is threatened with bankruptcy. All plans for building homes for the poor have been abandoned. It has also been decided to make no loans for this purpose. Only the most urgent demands for this relief are to be granted.

**Paint Adds Value
to Property**

For every dollar's worth of paint—good paint—you put on your house, you add several dollars to its value, for the difference in price which property in good repair will bring over a shabby building is by no means measured by the actual cost of the improvement.
In this calculation we have not included the insurance feature—the saving of the property from decay.
Good paint looks well, protects well, lasts well.
There are many imitations of paint which do none of these things, yet cost as much or more than straight white lead and linseed oil, the best paint.

**NEWSPAPERS WORTH COUNTING IS
THE NAME OF A UNIQUE BOOK TO BE
ISSUED SHORTLY BY THE PRINTERS' INK
PUBLISHING COMPANY OF NEW YORK.**

The forthcoming publication is edited by Geo. P. Powell who, thirty-eight years ago, established the American Newspaper Directory, and under whose auspices and control it has ever since made its annual appearance. It is the national authority on newspaper statistics, and a study of its pages reveals the interesting facts that only one newspaper in three succeeds in gaining a sale of so many as a thousand copies, and of those that do, only one in five will allow the advertising public to know how many copies they issue. It is a circumstance that affords some satisfaction to this paper that Newspapers Worth Counting will record it not only among the one of three but also among the one of five as well. The forthcoming book (500 pages Octavo) is one that will greatly interest every man who has to do with advertising. It will be sold for \$1.00 a copy. Subscriptions will be received at this office.

ATLANTA, Ga., August 19.—The Democratic State primary, which will be held August 22, will nominate candidates for governor, state house officials and congressmen. A successor to Congressman Rufus E. Lester, who died just prior to the adjournment of Congress, as well as a candidate for the long term in that district will also be nominated. In the third district there is a lively race on between Congressman E. B. Lewis and Hon. Dudley M. Hughes.

There are five candidates for governor, as follows: Clark Howell, editor of the Atlanta Constitution; Hoke Smith, Atlanta; J. H. Estill, editor of The Savannah Morning News; Richard B. Russell, of Jackson county, and James M. Smith, of Oglethorpe.

STICKS IN THE STOMACH.

Feeling That Often Comes to People With Weak Digestion.
A poor sufferer from indigestion once said that his stomach felt as though it was filled with sticks and as though some of them were on fire and burning him up inside.
When the stomach and the organs of digestion and nutrition are weakened and do not act properly, the symptoms of ill health that follow are many and varied. There is often a feeling of heaviness in the stomach, there is distress and nervousness, dizziness, nausea, nervous and sick headaches, inability to sleep well, pains in the side and limbs, specks before the eyes and a general peevish, irritable condition.
All these troubles are the direct result of indigestion. Cure this by strengthening the stomach and digestive system with Mi-o-na stomach tablets and your symptoms of ill health will vanish like dew before the morning sun; life will be joyous, and digestion will be so natural that you will forget you have a stomach.
Mi-o-na stomach tablets cost but 50c a box and are sold by O'Hanlon under an absolute guarantee that they will be successful in every case where used according to directions or money will be refunded.

WHY HORSES DIE IN HYDE.

An Observer Notices That They Begin to Die After a Hot Wave.
A Lake Landing correspondent, writing to the Washington Progress, says:
"A telephone message has it that 65 horses have died in the county up to the first of the present month, so it seems one calamity follows another. It is also asserted that the hogs are dying; also chickens and cats. It is one thing certain horses are dying rapidly—hardly a day passes but what we hear of some one losing a horse or two. The cause no one seems to know. There is one thing I have noticed a good many years, that after a hot wave horses begin to die. Overwork, too much corn, exposure to rain or filthy stable effluvia, and the constitutional effect comes on during the heated term. It seems to attack that part or organ most susceptible to the influences and conditions. It may be the head, heart, spine, stomach or bowels."
Hon. J. B. Coffield, of Martin, who was in Raleigh last week, said he never permitted his horses or stock to be turned out to graze in hot weather. He thinks the hot sun bakes their brains and causes their death. This is particularly true after long rains have wet the grass upon which they feed.

HEART ON RIGHT SIDE.

Newspaper Man of Curious Physical Make-Up Dies of Appendicitis.
RICHMOND, Va., Aug. 18.—J. W. Taylor, Jr., of Onancock, died in Salisbury, Md., yesterday, following an operation for appendicitis, was twenty-one years old, and since his fifteenth birthday has been widely known as a newspaper correspondent. As a boy his physical attributes were no less remarkable than his mental gifts. His heart was on the right side of his body. Until his fourteenth year he was subject to numerous attacks that kept him physically at low ebb. It was feared that he would not live to manhood. He regained his health and reached nearly 200 pounds in weight. He was the only son of his father, T. W. Taylor, of Onancock, who was at one time collector of the port of that town.

APPEAL TO POLICY HOLDERS.

Insurance Commissioner Urges Them to Attend Meeting on September 12.
State Insurance Commissioner Young has issued a second notice to North Carolina policy holders of the Mutual Life and New York Life Insurance companies, in which he says their meeting, called by him at Raleigh, September 12, is very important. The amount of insurance held in North Carolina is \$21,000,000 in the two companies, being over three times as great as the State debt.
Mr. Young advises policy holders not to send any proxies to any one in New York to be voted, but to await the meeting here, which will arrange for voting as a unit.

"Farmer" Jones' Lost.

From Greensboro News.
It took the combined efforts of three friends, who all but tore the clothes of R. R. Jones, better known as "Farmer" Jones, who enjoys the proud distinction of living at Kernersville, a suburb of Greensboro, in a successful endeavor of preventing the aforesaid Jones from leaping from a train moving at the rate of forty miles an hour, yesterday afternoon.
When the "Farmer" who travels for the Standard Oil Company, and is an intimate friend of John D. Rockefeller, was dragged back into the car from the rear platform, he gave one gasp and sadly sighed, "It is too bad, too bad."
"What's too bad? 'Farmer' asked his rescuers. "Is it because we prevented you from jumping to instant death that you mourn?"
"No, not that, not that; but it is the thought that I dropped 5 cents out of the window, and now it is lost forever."
This remark, coming from one who is intimately connected with a billion dollar trust, caused a laugh to go round the car, which was kept up until the train reached Greensboro. Some one volunteered to lend Mr. Jones a nickel for car fare, but he indignantly refused to accept the money.

FIRE 1,000 SHOTS AT SHERIFF.

Mob Gives Georgia Officer And His Prisoner, Negro Alleged Rapist, a Hard Race Before Latter Could Be Removed from Jail at Cleveland to That at Gainesville.

GAINESVILLE, Ga., Aug. 19.—Sheriff Andrew Jackson, of White county, reached the city at an early hour this morning with Dave Moore, colored, who is alleged to have criminally assaulted the daughter of Jas. Hood, a well known White county farmer, last Friday afternoon. Moore was arrested yesterday in White county. Threats of lynching became very frequent, although Judge Kimsey appealed to the people to allow the law to take its course and went so far as to order a special term of the superior court to convene at Cleveland Monday morning to try the negro. This in a measure appeased the people for a time, but last night threats of lynching became so frequent that Judge Kimsey deemed it wise to have the prisoner removed to Gainesville for safe keeping. Accordingly he telephoned to Sheriff Crowe at Gainesville late last night of the situation and instructed him to meet the sheriff of White county on the way between Gainesville and Cleveland and place the prisoner in jail here at all hazards. This was done. Sheriff Jackson told the officers that he had a narrow escape from the mob of enraged White county citizens, as they hotly pursued him and fired at least 1,000 shots at him. He outran them, however, and got out of their way.
