S.S.S. RIDES THE SYSTEM OF MALARIA

The healthy color of the skin is given to it by the millions of little red corpuscles in the blood. These are the carriers of nourishment, health and strength to all parts of the body—in other words the very life of the blood. When the germs of Malaria get into this vital fluid they destroy these corpuscles and rob the blood of its rich, life-sustaining qualities...

A HOME OF HAPPINESS.

Having been a patient of the Keeley Institute of Greensboro, N. C., I would like to state for the benefit of those who are still servants of strong drink that the Keeley Institute did more for me than it promised or I expected. I found the officers and physicians kind, courteous and polite. In fact everything was done to make my stay while there pleasant. I only wish I could induce every man addicted to strong drink to apply to your Institute here. I am confident he would find a permanent cure, such as I found, and enjoy the same feeling that I have enjoyed since I experienced my cure at the hands of your valuable Institute. I shall always have a warm place in my heart for the Keeley Institute at Greensboro, N. C. It elevated me from the company of drunkards to the respect of the business and better class of citizens, and made a home of confusion one of perfect happiness. R. W. KIRKMAN, Spray, N. C., Oct. 24, 1904.

Resolutions of Respect to Samuel H. Taylor.

Whereas, it has pleased an All-Wise Heavenly Father to remove from our midst our esteemed brother, Samuel H. Taylor, an honored member of Winston Lodge, No. 167, A. F. & A. M., whose death occurred August 15th, 1906; and whereas, we desire to place on record some tribute of respect to his memory and many noble qualities and to tender our sympathy to his bereaved family, therefore, Resolved, 1st, That in the death of Samuel H. Taylor our lodge loses one of its most loyal members, and our community one of its most useful and patriotic citizens. His was an exemplary life, quiet, inoffensive and unselfish and kind and obliging to every one, a devoted husband and father, true and faithful to every duty devolving upon him. Resolved, 2d, That while we deeply deplore his loss we would humbly and reverently bow to the divine will. Resolved, 3d, That we hereby tender our heartfelt sympathies to his stricken family in their sad bereavement and would commend them to Him Who is Father of the fatherless. Resolved, 4th, That a copy of these resolutions be spread upon our minutes, a copy be sent to the widow of our deceased brother, and a copy to the Twin-City Daily Sentinel and the Orphans' Friend for publication. D. P. MAST, R. E. TRANSOU, W. C. BROWN, Committee.

IN MEMORIAM.

On August 18th, 1906, as the last lingering rays of the king of day were ridding the western hills with golden tintings, when all nature seemed as it were in quiet repose, the sweet, lovely spirit of Adelaide, the youngest daughter of Mr. and Mrs. C. J. Shoaf, took its flight from earth's sorrows to that bright city above and is now resting in the bosom of Him who said, "Of such is the kingdom of heaven."

At the time of this sad affliction little Adelaide and her devoted mother were sojourning at Crockett's Springs, Va., in search of health. That monster disease, diphtheria, seized the little one and after a few days' struggle claimed her as his victim, despite the efforts of the best physicians and untiring love of a doting mother.

Adelaide, the golden-haired cherub, was born in Winston-Salem April 25, 1900 and since then has been the joy of a happy home. The interment took place at the old Moravian burying ground at Salem, N. C., on Monday, the 29th.

Wearing Overcoats Now. DES MOINES, Iowa, Aug. 27.—Frost was reported in Iowa low lands today for the first time this season, although it is not thought that the great Iowa corn crop will suffer damage because of it. The mercury dropped as low as 40 degrees at Cedar Rapids and Creston the coldest August day for 15 years. Charles City reported light frosts, although the temperature was 42 degrees.
