## HARDIN CASE TO GO TO JURY NEXT WEEK

(Special to The Sentinel.) GREENSBORO, Sept. 7.—District Attorney Holton announced just before the adjournment of the United States court yesterday afternoon that he would rest the case for the government with the understanding that he be allowed to introduce the testimony of Mrs. W. A. Hayes later should Judge Boyd rule that it is competent. The examination of witnesses for the defense was commenced this morning. It is hardly probable that the defense will conclude the making of evidence before tomorrow, and it will probably be the middle of next week before the case goes to the jury.

Ex-Governor Aycock arrived yesterday and will assist the attorneys in the defense of R. H. Hardin now on trial. C. B. Watson has not retired from the defense, as has been stated but is kept away on account of important business elsewhere. Nearly all of the witnesses examined yesterday were character witnesses, and no evidence of especial importance was deduced. The evidence was largely corroborative testimony. The following witnesses for the government were on the stand yesterday: J. C. Mitchell, D. A. Hayes, R. A. Spainhour, Manly Miles, Jonah Myers, Ben Call, Pink Hauley, P. A. Louax, R. H. Byrd, and John Anderson. Those for the defense were: F. F. Blevins, L. Bumgardner, W. L. Wimbome. One witness placed on the stand yesterday testified as to the location of places mentioned in the reports of Hardin to the department of internal revenue. He described the location of each place mentioned and told the distance it was from some important town. When he had finished, Governor Aycock, for the defense, said it was a good recitation of geography, and he would not cross-examine the witness.

## WILL FILE CHARGES AGAINST NOTARY PUBLIC

A member of the Winston bar stated today that charges would be filed with Governor Glenn against all notary publics in Winston who are assisting in the money-lending business. They will be asked to show cause why their license should not be revoked. The next Legislature will be asked to enact a law making it a misdemeanor for any one to engage in a business where usurious interest is charged and where money-lenders fail to keep books and refuse to give receipts.

## The Tavis Case.

Several members of the Winston bar will go to Raleigh next Monday to attend the hearing before the Supreme Court in the case of B. C. Tavis, who recently passed examination before that tribunal and would have been granted license to practice law but for objections filed by Watson, Buxton & Watson, Manly & Hendren, Lindsay Patterson and Geo. P. Peil. These lawyers allege that Mr. Tavis is not a fit person to enter the profession. The specific charge lodged against him is that for two years he has been engaged in lending money to poor and ignorant people and charging a usurious rate of interest. One affidavit made by a colored man alleges that he borrowed money from Mr. Tavis and paid 1,000 per cent. The charges were filed with the Supreme Court on Saturday before Mr. Tavis stood examination.

Depositions were taken before Clerk Transon in the case this morning. Mr. Tavis, who has affidavits as to his character, is represented by Maj. J. E. Alexander. Major Alexander was seen this afternoon and asked if he wished to make a statement. He said: "While I want all the facts known I do not think it proper to try the case in the newspapers as that is contrary to custom among the lawyers. I do wish to say, however, that all reports as to unkind remarks having been made by Tavis or others about anybody connected with the charges is utterly untrue. These reports were spread for a sinister purpose. Tavis has no unkind feeling toward any one."

## CITY FINANCE COMMITTEE AND SCHOOL BOARD AUTHORIZED TO BUY LOT.

### Institution To Be Located in Center of City—Petition Presented To Aldermen Asking the Board to Allow the Saloons To Keep Places Open Until 10 P. M.—Other Matters.

At the meeting of the Winston Aldermen last night, Kobre was granted license to continue the sale of spirituous and malt liquors; Mr. T. L. Farrow was re-elected tax collector, the question of enlarging the West End graded school or establishing a new high school was discussed, a petition was made but lost, to allow the saloons to keep open until 10 p. m. instead of 8, as at present. These were the most important matters before the board.

## Meeting in Detail.

The first matter brought before the board was a request from property owners, asking the board to have Chestnut street repaved. It was granted.

A request for the extension of the sewer line on Main street between Fifth and Sixth streets, was referred to the sewer committee with power to act.

Mr. Hendren, in presenting the petition of M. Kobre for renewal of saloon license, explained that the applicant had purchased from Mr. R. J. Reynolds a lot on Third street, adjoining the new Riediger building, and proposed to erect a modern structure to cost, with the lot, about \$10,000. Kobre's license to continue business at present stand was extended 60 days.

The management was granted license to open a bay in the Zinzendorf as soon as it is completed.

Upon the request of Judge Starbuck the aldermen agreed to make the new street leading to the mill to be built by the Chatham Manufacturing Co. 50 feet wide instead of 40.

The finance committee recommended through Chairman Lipfert, that the commission of the city tax collector be reduced from 2 1/2 per cent. to 2 per cent. The committee commended the services of Mr. T. L. Farrow, the present city tax collector, as eminently satisfactory and recommended his re-election for a term of two years.

## New School Building.

Action taken by the Aldermen means that Winston will soon have another school building. The school board and finance committee were authorized to purchase a lot near the center of the city on which a nice building is to be erected. The school board favors a high school and it is quite likely that it wishes will be complied with, though the suggestion has been made to use the new building for the primary department.

The question of increased school facilities was presented by Mr. I. K. Norfleet, who spoke of the crowded condition of the West End school, saying that many children could not be accommodated for lack of room.

The board passed an ordinance to protect squirrels liberated by Maj. J. G. Young on the street between Summit and Broad streets. It will cost the party molesting these little animals \$5.

A petition was read from the saloon keepers asking the board to change the hour for closing their places of business from 8 to 10 o'clock. Alderman Norfleet spoke strongly against the motion, saying that he felt sure a great majority of the people of the city opposed such a change. He had heard many say that it was one of the best laws ever passed by the board—to close the saloons at 8 o'clock. The vote on the question was a tie—3 and 3. It was broken, however, by Mayor Eaton voting to let well enough alone. The saloons will continue to close at 8—at least, until further action is taken.

Some of the saloon men have been heard to express themselves as being satisfied with the present hour of closing. The policemen like it, saying that the change made a year or more ago, so far as they can learn, has proven satisfactory to the public generally.

After a very lengthy parleying Hundley finally put up his gun and allowed himself to be arrested, giving bond for his appearance at trial. This warrant charged Hundley with disturbing religious services recently at a burial near Snow Hill church.

The "White Roll" cigarettes were advertised in an especially effective manner. No plug manufacturing concerns had booths.
