CABINET TALK ABOUT THE CUBAN SITUATION

N. C. EXHIBIT AT A FAIR IN BOSTON

(Special to The Sentinel.) RALEIGH, Sept. 14.—Secretary T. K. Bruner, of the state board of agriculture, and Curator H. H. Brimley, of the state museum, left this morning for Boston to begin the work of installing the North Carolina exhibit for the Boston Food fair in Paul Revere hall, Mechanics building. A car load of material weighing 18,000 pounds went forward for the exhibit last Saturday and there will be small shipments by freight and express over several days yet of material that has been engaged but has not arrived as early as was contemplated. There will be liberal representations of forestry, truck and fruit growing, agriculture, minerals, building stones and a pictorial presentation of the industrial conditions in the State. The fair opens October 1 and the North Carolina exhibit is intended to attract the attention of visitors to the importance and advantages of the State. Literature will be distributed freely and will be in such form that it can be readily carried along by the visitor and attract and hold attention. Quantities have already been contributed by Asheville, Winston, Wilmington and several other enterprising towns. There will also be a liberal supply sent from the state department of agriculture. Secretary Bruner is in correspondence with a civic league of Boston which has a clientele of fifteen hundred, English, Scotch, Canadian and American small farmers who desire to move to more congenial sections and buy small farms. These are to be attracted to the fair and brought in contact with the North Carolina exhibit. There will be special excursion rates from all over the New England states and it is estimated that the attendance from this source alone will be four or five hundred thousand.

CASES TRIED TODAY IN SUPERIOR COURT

Today's session of the superior court was taken up in hearing evidence in a suit over the possession of church property by the colored Primitive Baptist denomination of this city. The trial will not be concluded before tomorrow. Both sides are represented by able counsel. The plaintiffs are Kit Brown, John Hill, James Boyd, and Moses Hawkins, trustees of the Winston Primitive Baptist church, and they are endeavoring to secure from John T. Martin and his associates the property, which they now have in their charge. A year or more ago discussion arose in the congregation over a proposition to use the house of worship for a public school. The case went through a mercantile court and an appeal was taken to the higher court. The Cumberland Glass Manufacturing Co. today secured a judgment in the superior court against the Old Nick Williams Whiskey Company for \$2,825.56, with interest on \$2,626.75 from September 10, 1906 until paid. By consent of all parties concerned it was ordered that no execution be issued on the judgment until January 1, 1907. Dennis Allen, by his next friend, Caroline Allen, was given judgment against the Fries Manufacturing and Power Company. Several weeks ago Dennis Allen drove into a live electric wire on North Liberty street, the animal sustaining injuries which resulted in the suit. Three divorces were granted by the court yesterday, two being colored couples. They are as follows: Arthur Tolence vs. Hannah Tolence, white; Amanda Waugh vs. Gus Waugh; James George vs. Mattie George.

SPECIAL TRAIN FOR BRYAN AND PARTY

(Special to The Sentinel.) RALEIGH, Sept. 14.—Arrangements have just been perfected at Democratic headquarters for a special train for W. J. Bryan throughout his North Carolina tour. It will consist of an engine and two coaches and will have on board besides the distinguished Nebraskaan a special escort to be announced later and composed of representatives of the various cities and counties to be visited. It will leave Raleigh Monday afternoon at 3:30 and will observe very nearly the same schedule last announced for the trip. Provision is made for short speeches at Durham, Burlington, Kernersville, High Point and Lexington besides the regular speeches at Raleigh, Winston-Salem, Greensboro, Salisbury, Concord and Charlotte.

Carey Smith and France Witherspoon, two young white boys, were tried by Mayor Eaton yesterday on the charge of taking \$16 from the cash drawer of Charles Jones, colored. The parents and guardian of the boys, at the mayor's suggestion, gave them a good whipping. Naude Smith, also white, was placed under a \$50 bond, in default of which he went to jail.

BRYAN SPEAKING.

Excursion Will Be Run To This City From Martinsville Tuesday.

Train for That Purpose Chartered by M. D. Bailey, Jr.—Place of Holding Speaking May Be Changed by Committee in Charge.—It is Argued That Not Enough People Could Hear Bryan at Court House Square While Sun There is Especially Hot in Middle of Day.—Speaking to Be at 11:30 Instead of 11 And Train to Leave at One.

An excursion will be run from Martinsville to Winston-Salem next Tuesday for the Bryan speaking. The train was chartered today and the contract signed this afternoon by Mr. M. D. Bailey, Jr. of this city. The excursion will leave Martinsville at 7:30 a. m., arriving here about 10 o'clock. It will leave here for Martinsville at 4:30 p. m. This will give the people all about the line an opportunity to visit Winston-Salem, hear the Nebraska orator and return to their respective homes the same day. The committees appointed to arrange for the Bryan speaking are very much perplexed, owing to the prospects of such an enormous crowd, as to where the speaking should be. After a careful investigation this morning it was practically decided that the first place chosen, in front of the court house, will not be suitable for several reasons. First, in the middle of the day it is the hottest place in the city, the sun coming down vertically upon it and there not being a particle of shade. Then again it will not half accommodate the crowd, especially if comfort is taken into consideration. At least 20,000 people, and possibly 30,000, will want to crowd into that space. It might hold 10,000 but they would be jammed together and if the sun should shine upon them it would be awful. Again, the ladies would be completely barred, unless they secured windows. Another very serious objection is the fact that it is only 145 feet from where the speaker would stand to the Phoenix Hotel, while there would be 170 feet of people on his right and left and he would have to speak with his back toward two-thirds of the people it makes no difference which way he would turn. The committee is endeavoring to find a more suitable place and is open to suggestions.

The hour of the speaking has been changed from 11 o'clock to 11:30. The train will arrive about 10 o'clock. It will be a special, consisting of an engine and two Pullmans. The special will leave here at one o'clock. It is not known just how long Mr. Bryan can speak here. Of course he must husband his forces as he speaks seven times the same way. He speaks fifteen minutes at Kernersville, High Point and Lexington and about an hour each in this city, Salisbury, Concord and Charlotte.

SIGILIAN EARTHQUAKES CAUSE CONSTERNATION

(By Publishers' Press.) ROME, Sept. 14.—Carrying scores of holy images in their ranks, stopping frequently by the roadside to pray for deliverance from prevailing earthquakes, long processions of pious Sicilians are marching from their homes toward the sea. The whole country in the region of Palermo has been thrown in a state of great alarm, owing to a continuance of shocks and there has been a general exodus from all villages toward the coast. The pilgrims are steadily suffering from want of food and serious famine is threatened. Relief is being hurried to the island by the government. The people fear an eruption from Stromboli but so far the volcano has remained inactive.

JONES-LINVILLE.

Young Physician, Formerly of Kernersville, Marries in Goldsboro. Dr. W. C. Linville, a prominent young physician formerly of Kernersville, but now of Goldsboro, and Mrs. Frances Jones, a popular young woman of Goldsboro, were united in marriage in that place at noon Wednesday. The Kernersville News says: "Dr. Linville and bride arrived here on the 8:08 train Wednesday evening and were driven to the home of the groom's parents, Mayor and Mrs. W. S. Linville, where they were tendered a reception, many relatives and friends being in attendance. Dr. Linville left this city several months ago and located in Goldsboro for the practice of his profession. Miss Mollie Linville, sister of the groom, attended the marriage. After spending a few days here with relatives they will return to Goldsboro, where they will reside." Dr. Linville and his bride spent yesterday afternoon in Winston-Salem, returning to Kernersville last evening.

Free for the Asking. The Ladies' Home Journal books of fall styles were received, loaned at Rosebacher's and one is free for the asking.

FIRE LOSS \$400,000

Cudahy Packing Plant in Suburb of Milwaukee Partially Destroyed.

One Man Loses His Life In the Flames.—Fire Department from Milwaukee Responded to the Alarm.—Details of a Most Destructive Conflagration. (By Publishers' Press.) MILWAUKEE, Sept. 14.—The big plant of the Cudahy Packing Co., at Cudahy, was partially destroyed by fire early this morning. The loss is estimated at \$400,000. One man was killed and several firemen are reported severely injured. The buildings destroyed were the lard refinery, where the fire started, beef house, glue works and killing department. The Milwaukee fire department sent apparatus to help check the flames at the main building.

EFFORT TO ANNUL LEASE OF A. & N. C.

(Special to The Sentinel.) RALEIGH, Sept. 14.—There is a diversity of opinion as to the probable result of the appeal just presented to the supreme court in the noted A. & N. C. Railroad lease case. It is learned that a plan is on foot to have the directors of the road at the meeting to be held Sept. 27th re-affirm approval of the lease so as to establish it whatever may be the outcome of the appeal. It is thought that Gov. Glenn will not permit the states proxy to participate in such a vote as he feels that the lease should stand or fall on its merits as presented before the supreme court and he don't want any hedging to forestall any action the court may take. One prominent East Carolinian said today that in his opinion the sentiment of the state will turn very largely to government ownership and operation of roads within the next year or two and he don't think any further action should be taken toward confirming the lease. Just leave it as it is in the hands of the court and an annulment of the lease might be the very thing the people will ultimately want.

CHANGE IN LIVERY FIRM.

Mr. Casper R. Bitting Purchases Dr. Fleming's Interest in Livery Firm of Blum & Fleming. Mr. Casper R. Bitting has purchased from Dr. C. J. Fleming the latter's interest in the livery firm of Blum & Fleming, on South Liberty street, and hereafter the style of the firm will be Blum & Bitting. The deal was closed yesterday and went into effect this morning. This firm has one of the best equipped establishments in the State today, and it is the intention of the gentlemen composing the firm to add additional vehicles and stock in the near future. Both Mr. Blum and Mr. Bitting are experienced men in the livery business and will no doubt meet with success, as both are capable and popular young men and have many friends.

STOLE EIGHTY POUNDS OF HAM.

Negro Broke Into Hansel Thomas' Storage House. A few nights ago a negro broke into the storage house of Mr. Hansel Thomas on the N. & W. yard, and after carefully going over the stock of meats, which consisted of over thirty thousand pounds, consisting of fat back, rib meats, fine breakfast bacon and hams, he decided that ham was his choice and carried off eighty pounds of fine "Rex Hams." The negro, after a few days of ham feast, has been placed in charge of Jailer Hanner, and his bill of fare, fat back, will be substituted for Rex ham.

"Peck's Bad Boy" Tonight. "Peck's Bad Boy" will be the attraction at the Elks' Auditorium tonight and an enjoyable evening is promised those who attend by the management of the show. The performance contains many ludicrous situations that cannot fail to produce much merriment. The show is said to contain abundant opportunity for good comedy work while the other features will also be well worth the while.

JAPAN AT COMING JAMESTOWN SHOW

(Special to The Sentinel.) NORFOLK, Sept. 13.—Ever in the public eye, the progressive little nation, Japan, will occupy a place of prominence at the Jamestown Exposition, as it has done at those of the past two years. The man at the helm, Yumoto Koshibiki, has looked after "Fair Japan" at every important exposition in America for the past fifteen years and has become a most prominent exposition expert. At the St. Louis Exposition "Fair Japan" was an attraction which won the admiration of millions; at the Jamestown Exposition it promises to be even better than at St. Louis. "Fair Japan" is a concession granted exclusively to Mr. Koshibiki and comprises everything in the way of a Japanese exhibit at the exposition, Japanese tea gardens, bazaar, theatre, restaurant and other features of Japanese home life. The Imperial Garden of Japan will be reproduced in a space of 60,000 square feet, near the centre of the exposition grounds. Here will be located a picture-que Japanese tea house, with pretty Geisha girls serving tea and rice cakes, and presenting every tea drinker with some pretty little souvenir of "Fair Japan." Quaint Japanese dwarf trees, flowers and horticultural products of all kinds as grown in the "Land of the Rising Sun" will be seen growing in this pretty little garden. Another feature of this garden will be a model Japanese home, showing the social side of this interesting people. On the "War Path," among the other amusement features, will be a Japanese bazaar, a Japanese theatre, a Japanese-American restaurant and Japanese sports and games. These also are part of "Fair Japan" owned by Mr. Yumoto Koshibiki, the popular Japanese concessionaire, exposition expert and globe trotter, a shrewd business man, a worthy representative of his progressive nation, a man who is democratic in tastes, a friend of America, but a loyal citizen and always a Japanese patriot.

PRESIDENTIAL BOOM STARTED FOR MAGOON

(By Publishers' Press.) PANAMA, Sept. 12.—A presidential boom for Chas. E. Magoon, retiring governor of the canal zone, who is to go to the Philippines, has been launched here. The boom is the inspiration of the moment and was given its first impetus by members of the Panama Congress, so that it really carries little weight so far as practical politics is concerned, but adherents of the governor are hoping that their action will call forth a response in the United States. Senator Roosevelt, retiring vice-president of the little republic, sprung the boom at a meeting of congress yesterday when Governor Magoon called upon the body to express thanks of the United States for the adoption of the Morales resolution, providing for the entertainment of President Roosevelt in his forthcoming visit to the isthmus.

TWO DEATHS.

Cabell Moser died at the hospital last night after a month's illness with typhoid fever. He leaves a wife and one small child. His age was 21 years. The interment will be at Beech Church. Rufus Thomason died last night at his home near Muddy Creek, six miles north of the city. He was sixty-three or four weeks with fever. Deceased, before his illness, worked at J. A. Vance's machine shop. His sister is dangerously ill with fever.

PALMA ANXIOUS TO STEP DOWN

President of Cuba Wants to Resign On Account of The Revolutionary Disturbance Now In Progress

URGED BY ADVISERS NOT TO RESIGN NOW.

MAY GET OUT ANYWAY.

Announcement of Early Attack On Havana Causes Much Consternation On Part of Palma And His Advisers.—Insurgent Forces Near Capital of Cuba Now And Others Joining Them Constantly.—Disturbances On Island Show No Signs of Decreasing Just at Present. (By Publishers' Press.) HAVANA, Sept. 14.—President Palma summoned his closest friends to the palace this morning and announced to them his intention of resigning his office. The people expect Commander Cuwells, of the Denver, to pacify the island, acting in the capacity of referee. The commander says he can do nothing without instructions. Rebel commissioners Zeayas and Loyaga went on board the Denver this morning and urged him to act. An extraordinary cabinet council was in session this morning. It is the opinion of Secretary Montalvo that Palma should not resign. It is understood that the president is acting under the influence of his family. His wife is the daughter of President Cardola, who was murdered by the revolutionists. She has been begging Palma ever since the revolution was started to tender his resignation. President Palma cried like a child when he saw the Americans and yesterday. He said his work of forty years for independence of Cuba had been destroyed by the revolution.

REVOLUTIONISTS ACTIVE.

WASHINGTON, Sept. 14.—The state department today received two dispatches from charge d'affaires Sleeper at Havana. One of them says the Western Railroad bridge at Calabazar and the bridge of United Railways at Bejucal and Rinceo, all in Havana province, were destroyed by rebels. The governor of Santa Clara province says the city of Santa Clara is threatened. A second dispatch from Sleeper, dated last night, says it is reported that 300 insurgents attacked rural guards on the morning of 12th at Seazadel Medio, and that the government lost 13 men while the loss of the insurgents is not known. HAVANA, Sept. 14.—The withdrawal of United States sailors from Havana, caused terror among the inhabitants. Every preparation has been made for the flight of President Palma should the Denver in the event of rebel attack on Havana today. It is believed the incident of landing of American sailors will make it necessary for a conference between leaders of the insurgents before an attack is made on Havana. This may cause some delay in former plans to take the city immediately.
