With Brown-Rogers Company.

Mr. C. F. Lowe, formerly connected for fifteen years with the Heath-Lee Hardware Co., of Monroe, N. C., has become identified with the Brown-Rogers Co., as a stockholder, and will have charge of their sales and buying department.

Mr. Lowe comes here with the highest of testimonials, both as to character, experience and efficiency in the hardware business and The Sentinel welcomes him to this community. Mr. Lowe was born and raised in Lexington, N. C., married Miss Margaret Robbins, daughter of Capt. T. C. Robbins and has an interesting family of two children.

Increasing Capacity.

The Barbee paper box factory is now being operated day and night. The capacity of this plant has been increased steadily since it was installed a short while ago until today the output is doubled, and still the demand for the boxes manufactured by this plant exceeds the capacity. It is the purpose of Mr. Barbee, the proprietor, to increase the capacity of the plant within the next few weeks to 2500 boxes per day. This plant now gives employment to 17 to 20 people.

Raided a Chicken-Roost.

Some fellow who cares more for chicken meat than he does for the personal feelings of Colonel Alexander A. Dean, raided the latter's chicken roost last night and carried away six fat fowls that were soon to have been slaughtered for the table of the colonel and his family. This latest raid makes a total of twenty-two chickens that have unceremoniously taken their departure from the coop of the baggage man during the past few weeks.

To Brew the Best Beer

the brewer must first have, make or buy perfect Malt, for malt is the soul of the beer. Four-day malt cannot make perfect beer such as

Pabst Blue Ribbon

because four-day malt is a forced and unnatural process and beer made from four-day malt lacks the nutritious food elements which distinguish Pabst Beer.

Pabst exclusive eight-day malt, the choicest hops, pure water and a process spotlessly clean are the secret of the rich food value and the fine mellow flavor of Pabst Blue Ribbon Beer.

Southern Life and Trust Company...

Last year \$65,000,000 was paid to foreign life insurance companies by the people of the Southern States.

This enormous drain is ruinous to our section and should be stopped. The most effective method of patronizing our own deserving life insurance companies and thus build them.

The Southern Life and Trust Company is a DESERVING company. Its management realizes that there is no business involving such responsibility and therefore requiring such caution and conservatism as life insurance. The insuring public has already been convinced that its policies afford perfect protection. From small beginnings it has grown into the largest life insurance company, (not industrial) in the South.

Surplus to policy-holders July 31, 1906, \$300,000, and not a death from natural causes has occurred in the company was organized three years ago.

It is the only company that proposes to invest in each locality the net premiums received from that locality.

Take a policy in the Southern Life and Trust Company and you get the best possible protection and at the same time keep your money at home to help build up your own immediate section and assist in relieving the enormous drain of money from your State. The net premiums are returned to Winston-Salem to be loaned through
