Rev. Mr. Galt, of Richmond, Va. is the guest of Rev. Henry T. Coker, pastor of St. Paul's church.

Mrs. T. J. Jackson, en route from Washington to Nashville, Tenn. is the guest of her sister, Mrs. N. M. Vaughn.

Services will be held at the First Presbyterian church tonight preparatory to the communion Sunday morning.

To the Trustees of Winston-Salem Lutheran Church.

Gentlemen: Its sound sense that we tell you.

It will cost less dollars to paint your church with L. & M. paint, because more painting is done with one gallon of L. & M. than with two gallons of other paints, and the L. & M. also hardens the L. & M. white lead and makes the L. & M. Paint wear like iron.

Any church will be given a liberal quantity free whenever they paint.

4 gallons L. & M. mixed with 3 gallons Linseed Oil will paint a moderate sized house.

Actual cost L. & M. about \$1.20 per gallon.

J. E. Webb, painter, Hickory, N. C., writes, "Houses painted with L. & M. 15 years ago have not needed painting since."

Winston-Salem Presbyterian Church.

Gentlemen:

We want to donate some L. & M. Paint to your church whenever they paint.

The largest Methodist church in Georgia expected to use 100 gallons of the usual kind of paint, they only used 32 gallons L. & M. mixed with 24 gallons of Linseed Oil.

It costs less to paint a house with L. & M. than with other paint, because painter mixes Linseed Oil fresh from the barrel at 60 cents a gallon with L. & M., and doesn't pay \$1.50 per gallon for Linseed Oil as done if ready-for-use paint is used. Also because the L. & M. Zinc hardens the L. & M. White Lead and makes the paint wear like iron.

Actual cost L. & M. about \$1.20 per gallon.

INTERESTING TESTS TO FIGHT DISEASE

New York, Oct. 3.—Tests which are based on the theory that the blood of both human beings and animals contain a principle called opsonin, which acts upon harmful bacteria, are now being conducted in the bacteriological laboratory of the Board of Health, which will, it is expected, modify, if not revolutionize the method of treating diseases with serum. As there is a wide variation in the power to resist disease, inoculations with serum presented many difficulties, but it is now claimed that by gauging the power of the opsonin it is possible to determine to a minute degree how large an injection of serum a patient will be able to receive to produce beneficial results. It is expected that the new method will be of great value in the administration of serums for diphtheria, vaccines for small pox and possibly of tuberculin for the treatment of tuberculosis.

South Side Building Notes.

Mr. J. W. McAllister, manager of the life department of the insurance firm of Ogburn-Vest Co., has awarded the contract for a handsome residence on Cascade Avenue, South Side. The plans were made by Messrs. Smith, Carrier and Northrup. Mr. McAllister will start the work on his new building next week.

Another handsome residence to be built at once on South Side is that of Mr. T. S. Dugglass, on Cascade Avenue, just beyond the residence of Mr. D. S. Reid. Work on the Dugglass home will start in a few days.

The handsome cottage of Geo. A. Hooper, in the same section of South Side, is nearing completion.

This section of South Side and especially West Cascade Avenue is one of the prettiest residence parts of South Side, and is fast building up with nice residences. It is understood that in early spring several very handsome homes are to be built on South Side.

Advertising Party at Skating Rink Postponed.

The advertising party scheduled for this evening at the Twin-City Skating Rink has been postponed to next Friday, October 12th, on account of the participants needing more time in which to prepare their costumes. Every business and profession is asked to participate. The idea is to get one of the skaters to represent you and dress up in such costume as will advertise your business. The management will be glad to give suggestions as to costumes and arrange for skaters to wear them for firms whose members do not skate. A large number of business and professional men have arranged to be advertised and it is hoped that every line will be fully represented. Prizes will be given for two best displays. For further information address Covey & Fletcher, 630 W. Fourth street.
