JUSTICE AND ADAMS TO HAVE DISCUSSION

(Special to The Sentinel.) GREENSBORO, Oct. 9.—Judge S. H. Adams, chairman of the Republican State executive committee, and E. J. Justice, candidate for the legislature from this county, will speak at Albemarle, Stanley county, Saturday, October 13. For some time the two men have been engaged in a political controversy and a few days ago Mr. Justice challenged Mr. Adams to a joint debate of the issues involved. Judge Adams offered to divide time with him at Albemarle Saturday and while Mr. Justice had hoped that the debate might be here where the people were familiar with the issues involved, he decided to meet Judge Adams at Albemarle. He also challenged the Republican chairman to meet him here later in the campaign. It is believed that Judge Adams will consent to meet Mr. Justice.

J. A. VANCE & CO. TO ENLARGE THEIR PLANT.

The already large iron works and machine manufacturing plant of J. A. Vance, located at the corner of First and Depot streets, is to be enlarged. An addition, 60x175 feet is to be built this fall. It will front on Chestnut street, making the plant extend from Chestnut to Depot streets. The improvements, including new machinery to be added, will cost \$10,000. When completed the working force will also be increased. This concern, which has been doing a successful business for 18 years, manufactures all kinds of wood working machinery and its products go to nearly every state in the Union. Mr. J. A. Vance, the head of the enterprise, is a clever business man and a hustler. He is popular with his employees and the enlargement of the plant is evidence that there is a demand for the machinery manufactured by J. A. Vance & Co.

ALBERTY-LAYNE PLIGHT THEIR TROTH AT BURCH

The marriage of Miss Nannie Layne of Burch, and Mr. Elbert Alberty, of Venable, Surry county, was celebrated at 4 o'clock this afternoon at the home of the bride's parents. Several relatives and intimate friends witnessed the nuptials. Miss Bertha Flynn, of Donmaha, was maid of honor, while Mr. Lee Layne, of this city, brother of the bride, acted as best man. The bride is a sister of Mrs. A. J. Hauser, of this city, who attended the marriage. Mr. and Mrs. Alberty were the recipients of a number of useful presents. They will reside near Venable, where the groom owns a valuable farm.

COPPER MINE IN HANDS OF RECEIVER

(Special to The Sentinel.) SALISBURY, Oct. 10.—By an order of Judge H. G. Ferguson the Union Copper Mine, of Gold Hill, Rowan county, has now been placed in the hands of R. B. Miller, Esq., of this city, as receiver for the mine. The action was taken because of financial embarrassments which, however, are not thought to be serious. The mine is still being operated under the management of Mr. H. L. Griswold, who has been in charge of the plant for a number of years during which time operations have been carried on on a large scale.

GREENSBORO CASES ARE POSTPONED

(Special to The Sentinel.) GREENSBORO, Oct. 9.—The cases against the managers of the Hotel Clug and Hotel Haffner for violations of the Sunday ordinance have been postponed until Saturday at the request of the counsel for the defendants, who are busy in Federal court. The attorneys retained to defend the hotel managers are Judge W. P. Byham, Jr., and Col. John A. Barringer.

GROWING IN INTEREST AND ATTENDANCE.

The attendance and interest in the afternoon services at Centenary M. E. church is increasing. Evangelist Co. Mann preached an effective sermon this afternoon on the power of the Holy Spirit, as explained in the 12th chapter of First Corinthians. His subject last night was "Seeking the Kingdom of God." The discourse made a profound impression. As taught you will be instructed as well as entertained.

—Misses Annie and Emma (lowery) of Kernersville, are visiting friends in the city. —The W. C. T. U. will meet at Centenary M. E. church at the close of the service there tomorrow afternoon.

MAY HOLD ISLAND. \$25 FOR CONTEMPT

It is Quite Possible That United States Will Retain Isle of Pines.

Cuban Complications Lead to Belief That Root Treaty to Restore it to Cuba Will Not Go into Effect.—American Residents Seem Anxious for This Country to Hold the Island.

(By Publishers' Press.) HAVANA, Oct. 9.—Taft's return included a review of former Congressmen Villanueva among the judicial officers granting amnesty permits (here to land to persons from the island) to the United States. Friends of the former Congressman in Cuba are displeased as a result of the opening of prison doors. It is openly stated that Villanueva's friends will start a fund which will not only pay all the fees accrued but also pay the costs of his prosecution by Taft. It is believed that the United States will not go into effect.

HAVANA, Cuba, Oct. 9.—Great indignation is attached to the rule just adopted by provisional government forbidding the shipping of explosives away from government depots and allowing that despite optimistic declarations made by authorities they fear the situation is full of danger. All explosives of which the government has official receipts are stored in government warehouses. Permits has been sought in a number of cases by men engaged in mining and excavating to remove their stocks to the scene of operations. All such requests have been refused, however. Provisional authorities apprehend too thoroughly the amount of damage which could be wrought in a short time if dissatisfied men chose to use dynamite or other explosives to destroy property instead of following the law. They are taking no chances so all requests are being refused for the present. Governor Taft was informed yesterday that all insurgents in Santiago province have been dispersed except one band which encamped at a point of difficulty to approach. Orders were issued for disarming commissioners to find this band and secure the arms of its members. Cubans are feeling good over the announcement made by Governor Taft that he will appoint Jose Marti, of Cuban artillery, as his aide. Capt. Marti is a son of the patriot of the same name.

CASES BROUGHT UP IN SUPREME COURT

(Special to The Sentinel.) RALEIGH, Oct. 9.—One case in the supreme court of more than usual interest comes from Robeson county, the case being Hall vs. Atlantic Coast Line. In this an A. C. L. conductor by the name of Grimsley was caught up with in his practice of stealing from the railroad company and it was found that a large quantity of the stolen goods was found in the possession of Hall, the plaintiff in the case. Hall surrendered the goods to the railroad agent. The conductor was arrested, gave bond and later fled the state, forfeiting his bond. Later Hall brought suit against the railroad for the goods on the ground that he had purchased them from the conductor who was an employee and agent of the railroad company. The court below allowed Hall to recover a portion of the goods and the railroad company brings the case up on appeal. The other seventh district appeals to be heard this week are State vs. King from Columbus county; McKee vs. Railroad from Brunswick; Smith vs. Marsh from Columbus; Vanhook vs. Banking Co. from Columbus; Howell vs. Parfield from Robeson; Shoups vs. Construction Co. from Robeson.

MRS. JEFFERSON DAVIS IS ILL

(By Publishers' Press.) NEW YORK, Oct. 9.—Mrs. Jefferson Davis is again ill at her apartments in the Hotel Majestic, as a result of cold contracted in the recent change of temperature. It was learned that Mrs. Davis, who has been confined in her apartment with very severe cold, which also could be traced to a stormy night, had not become worse. Her illness while serious is not critical, according to her physician, but because of her advanced age the utmost precautions must be taken to prevent serious complications. Her daughter, Mrs. J. A. Hayes, is reported to be spending the middle of her mother, having left Colorado Springs, Col., Monday afternoon.

NEGRO IS LYNCHED BY NEGRO MOB

(By Publishers' Press.) WILLS, TEXAS, Oct. 9.—Arthur Davis, a negro, was lynched by a mob of Texans late last night. He had been arrested and taken on the charge of assaulting a white woman on the street. The mob of negroes caught him and strangled him with a rope by hanging him from a tree. His body was thrown into a ditch.

FUNERAL TODAY OF MISS MARY HODGIN

The funeral of Miss Mary Hodgin was celebrated this morning at 10 o'clock from the residence of her sister, Mrs. J. W. Hanes, in West Hill, by Dr. H. F. Christyberg, assisted by Dr. J. R. Stroup.

Dr. Christyberg paid a most beautiful tribute to the splendid Christian character of the deceased, her modest disposition, unwavering loyalty to her church, and the deep interest evinced by her in the cause of charity. She was one of the charter members and most faithful workers among the Whittesboro Church of King's Daughters.

The floral tributes by the choir of those beautiful hymns, "Abide With Me" and "Lead Kindly Light," was most touching and impressive, as was also "One Sweetly Solitary Thought," sung by Miss Antoinette Glenn. At the grave the choir sang "The Christian's Good Night."

The pall bearers were Messrs. Alex. Hanes, W. P. Hill, C. D. Ogburn, J. J. Norman, Virgil Mair, and Rev. C. E. Hodgkin of Greensboro. The floral tributes were exquisite and numerous. The flower bearers were Mesdames E. D. Mowley, George Brown, W. M. Henderson, T. J. Lentz, J. B. McCreary, Joe Fletcher, Will O'Brien, C. G. Lanier, and Miss Ella Hinchlow of the King's Daughters, and Mesdames H. L. Riggins, W. N. Reynolds and E. L. Jones. A large number of friends were present this morning to pay their last tribute of respect to Miss Hodgin.

POLITICIANS FAIL TO STIR THE VOTERS

(Special to The Sentinel.) KERNERSVILLE, Oct. 10.—The campaign has aroused but little interest as yet in this section of the county. The candidates seem to be on a still hunt. Perhaps as the day of voting approaches they will strike a warmer trail and make a noise sufficient for all time lost.

Mr. John Phillips, merchant at League Town, has gone to Moore's Springs to recuperate his health. He has been in declining health for some weeks and a change is thought to be of advantage to him. The elegant residence on Mountain street which has been built by Mr. D. W. Harmon is now completed. It is perhaps the most modern building in the town, shows to fine appearance and is greatly admired by every observer.

Farmers have their lands prepared for seeding and quite a few have already been sowing. Mr. James A. Lowery can show the largest pumpkin to be seen in this section of his own raising. He has one that weighs 72 1/2 pounds and still another that weighs 60 pounds, both of which he grew on one vine. It would be interesting to know how many pumpkin pies could be made from this 135 pounds of pumpkin.

Mr. Charles W. Davis, R. F. D. No. 1, Kernersville, of Davidson county, died at his home on Monday morning. Mr. Davis had been in bad health for some months and gradually grew worse till the end came. His remains were laid to rest at Abbott's Creek Baptist grave yard today. He has a large circle of friends, he having taught singing schools in all the adjoining counties. He leaves a wife and several children.

JEWISH HOLIDAY SEASON IN N. Y.

(Special to The Sentinel.) NEW YORK, Oct. 10.—The Jewish holiday season which began with "Rosh-ha-Shanah" (new year), two weeks ago continues yet today being called "Hoshna na Rabba" because of many additional prayers beginning with "Hoshna," "Save us, pray thee," which are recited. Seven chorales with the four symbols of the harvest, are made in the synagogue, and additional willows are held in the hand during the prayers. The entire festival is chiefly a season of rejoicing ("Zeman Simchathenu") but even in the midst of joy the frail human life is not forgotten and during the festival the Book of Koheleth "ecclesiasticus" is read. The "scream" or tooth is intended to serve for seven days. If the weather is adverse and the owner and his family cannot dwell there, meals at least are taken there. The reading is made of durable material and consists usually of leaves or branches of trees through which the sky can be seen. The young Jewish children usually decorate the "sugah" with beautiful flowers and fruits. Particularly in the East Side of this city is the custom of building "sugah" very general, every yard being utilized for the purpose. Others use the roof or even the fire escape, tenants in the houses combining to pay the expenses of their erection and the necessary green boughs to cover them and taking their turns in occupancy. Those who are too poor or unable to have a booth of their own, repair to one belonging to the synagogues, where they worship and fulfil a part of their duty by making "kidush" (sanctification of the festival) there.

PLANS FOR BUILDING NOT YET SELECTED.

(Special to The Sentinel.) RALEIGH, Oct. 10.—The North Carolina Commission for the Jamestown Exposition spent yesterday afternoon and night here in night considering plans for the North Carolina building at the exposition, plans being offered by these architects, and finally referred to the whole matter to the executive committee with power to act. The committee consists of Geo. S. Powers, of Asheville, G. W. Hinchshaw, of Winston, and H. E. Decker, of Reidsville. It is certain that the building will cost \$1,000,000 and will be of colonial architecture, and will be permanently erected and sold at the close of the exposition for public use. Country club purposes. James Stanley and Mrs. Sarah M. Stanley were married Monday evening.

MAY MAKE TROUBLE

Some Cubans Are Dissatisfied With Taft's Amnesty Proclamation.

Friends of a Murdered Congressman Object to Murderers Being Granted Amnesty And Make Open Threats of Revolt.—However, As a General Thing the People Seem Satisfied With the Proclamation.

(By Publishers' Press.) HAVANA, Oct. 10.—As a result of Cuban complications the American flag may float over the Isle of Pines. Practically the entire island is owned by Americans. The Root treaty to restore it to Cuba has been held up in entanglement for three years. Opposition to it is led by Major J. E. Runcie of Havana on behalf of islanders. A week ago Runcie suggested to Minister Morgan that the present conditions make it appropriate for the United States to take charge of the island and that such action should be taken by congress. Morgan made no answer. A few days ago Taft notified the committee of the Isle of Pines residents to indicate a form of government satisfactory to them. He also suggested that they adopt resolutions absolving Root and Wood from blame for effort to give island to Cuba. The islanders have adopted resolutions asking for county municipal military government and speaking well of Root and Wood. No action has been taken. The result, however, will probably be elevation of stars and stripes.

Runcie is confident, especially in view of recent example of Cuban government that congress will not deliver the island to Cuba.

THIRD DAY OF THE STRIKE AT SPENCER

(Special to The Sentinel.) SPENCER, Oct. 10.—The third day of the strike of the machinists at the Southern Railway shops here, as well as at all points on the system, has brought no new developments, other than the activity of the railroad officials in preparing for the care of new men to be employed in place of the strikers. A portion of the shop buildings here are being fitted up for lodging purposes, gas ranges and cook stoves are being installed and the new employees will be fed in the shop buildings. Electric lights are being placed at gang ways and watchmen patrol all points of entrance.

At a meeting of the strikers yesterday afternoon Mayor A. H. Boyden, of Salisbury, addressed the men, assuring them of the sympathy of the citizens of the town and expressed his desire to see the trouble settled judiciously. The Salisbury and Spencer Street Railway Co. has granted a rate of one-half fare (25 cents) to strikers until the present trouble is settled. Mr. W. M. Scott, of the state department at Raleigh, has been in Spencer for the past two days investigating the recent burning of two dwellings here, which are alleged to have been fired by an incendiary. But little progress has been made in the case so far.

COW MAKE FIERCES ATTACK ON BOY

(Special to The Sentinel.) SALISBURY, Oct. 10.—A young son of Joel A. Lowder, a well known citizen of this place, was the victim of a ferocious attack yesterday afternoon in a cow. The frenzied animal dashed upon the child, crushing him to the ground and severely trampled and gored him before help could be rendered. Carpenters working near by by the use of clubs beat the cow almost to insensibility in rescuing the boy.

TWO INJURED MEN WILL RECOVER

(Special to The Sentinel.) SALISBURY, Oct. 10.—Conductor T. C. Davidson, who was severely injured in a wreck on the Southern Railway on Tuesday near Danville, Monday afternoon, was brought to his home here yesterday for treatment. His luck is badly hurt and he will not be able to resume his run for some time. F. F. Smith, a fireman on the same train, was also painfully injured but will recover.

To Build Home of Their Own.

Vaughn-Craftfield Co., wholesale druggists of this city, will probably build a home of their own next spring. If a suitable lot can be secured, the increase in trade demands larger quarters. The Sentinel is pleased to note that all of Winston-Salem's wholesale houses are meeting with such splendid success. The Vaughn-Craftfield Co. is now traveling several men and the popularity of the extracts and medicines put up by them must indeed be highly gratifying to the management. Every month shows an increase in business. —There was a heavy frost in this section this morning. It was sufficient to freeze vegetables.
