## VIEWS OF SIMMONS

### Democratic State Chairman Talks About Result of the Election.

**Says Democratic Gain In This State Was Rebuke To Butlerism and the Interference of Federal Officials In State Politics—Senator Simmons Contrasts Some Republican Claims Made Before Election With Result of Tuesday's Voting.**

(Special to The Sentinel.)

RALEIGH, Nov. 8.—Democratic State Chairman F. M. Simmons gives out this evening interview on the result of the election in this State:

"The magnitude of the victory can be appreciated when it is remembered that this is an off year, and that the Republicans have made the greatest effort they have made in recent years. They claimed they would make gains in every county from Currituck to Cherokee. Instead of that prediction being verified, we have made gains in more than a third of the counties of the State, and have increased our majority on the popular vote over that given Parker in the last presidential election. They claimed they would carry their congressmen. We have not only redeemed the eighth district but increased our majority in the tenth. They claimed they would reduce our majority in the legislature. They have not only failed in this, but on the other hand, we have increased the majority, carrying nearly all the close counties and redeeming several counties that went Republican last time, both in the east and the west.

"Taken all in all I regard it as the greatest Democratic victory we have won since the tidal wave of 1898.

"It is a rebuke to the attempted interferrence of federal office-holders in this State with our local politics, and I do not believe we will ever again see in North Carolina the spectacle of the big postmasters running for office and stumping the State at the same time.

"It is a disgraceful spectacle—that of a man, while holding a high federal office, running for a State office.

"It is an emphatic answer to the claims of the Republicans that the trend in North Carolina was away from the Democratic party. It is a rebuke to the attempt to revive Butlerism in this State. It means that the people of this State have no patience with the campaign of misrepresentation and deception, of abuse and villification which Butler, through his papers, has attempted a second time to introduce in this State. It is a notice to Butler and his crowd that, though they fooled the people once by systematic and persistent misrepresentation, they can't do it again."

Mrs. Yorke graduated last summer from the training department of this hospital and it speaks well for the excellence of the department that Mrs. Yorke should be considered entirely competent by the committee for the important position. ## CORNER STONE IS LAID TODAY

### Large Number of Peopel Attend Exercises at Splendid New Masonic Temple.

**Exercises Conducted By Grand Lodge of Masons of North Carolina—Partial List of Articles Placed In The Corner-Stone—Appropriate Addresses—Other Features of the Exercises—Banquet at Hotel Zinzendorf Tonight.**

The corner-stone of the splendid Masonic Temple now in course of erection at the corner of Fourth and Trade streets was laid this afternoon at 2:30 o'clock with appropriate exercises conducted by the Grand Lodge of Masons of North Carolina. A large number of people, many of them from other cities of the State, attended the impressive ceremonies.

The Grand Lodge met in the local Masonic hall at 2:45 and the exercises at the temple began nearly an hour later.

Col. J. W. Alspaugh made a brief but very impressive talk on "The First Home of Winston Lodge No. 167." The corner-stone was laid Nov. 30, 1860. Col. Alspaugh and Mr. Jesse Riggs are the only living Masons in this city who were present then.

Dr. Brown delivered an appropriate address relative to Mr. Peter A. Wilson, first master of Winston lodge.

Maj. S. H. Smith, Past Grand Master, spoke of the second home of Winston Lodge and the exercises incident to the laying of its cornerstone on July 12, 1883.

Various articles were placed in the corner-stone by Mr. J. D. Lougenour, present worshipful master of Winston lodge.' Among these were a number of things that had been placed in the corner-stone of both the earlier homes of the order. A copy of the High Point Reporter published in 1860; an almanac of 1861; People's Press of Nov. 2, 1860, and Western Sentinel of Nov. 3, 1860; several copies of Christian Advocate of 1860; some coins; copy of the Spirit of Age published in Raleigh in 1860; proceedings of grand lodge of 1858; roll of Winston lodge No. 167; proceedings of Grand Lodge of 1906; roll of Winston Chapter No. 24, Royal Arch Masons; roll of Piedmont Commandery No. 6, Knights Templar, were among the things placed in the corner-stone.

Mr. Lougenour was assisted in this part of the ceremonies by Mr. W. E. Franklin, high priest, and Mr. W. J. Roberts, eminent commander.

Then came the laying of the corner-stone by the Grand Lodge of Masons of North Carolina.

At 7:45 tonight there will be an exemplification of some of the initiatory work and at 10 o'clock a banquet will be held at Hotel Zinzendorf.
