MORE THAN \$8,000 IS STILL NEEDED

Over \$41,000 of Y. M. C. A. Building Fund Has Already Been Secured, and Committees Are Busy Today.

Only Eleven Working Days Remain in Which To Secure the Amount Needed—Concert at Elks' Auditorium Tonight By Salem Boys' Band For Benefit of the Building.

A concert will be given tonight at the Elks' Auditorium by the Salem Boys' Band for the benefit of the Y. M. C. A. building fund.

The price of admission to the band concert tonight is twenty-five cents. There will be no reserved seats.

The Y. M. C. A. building fund aggregated \$41,864 Saturday night, this leaving \$8,136 still to be raised. Only eleven working days remain in which to raise this amount.

The committees were out early this morning and the day's results will doubtless show up well. The people of the city are alive to the importance of the movement and with the effort that is to be made from now until December 15 there is no reason why the entire amount should not be secured in plenty of time but if this is to be done the committees must have the cordial support of the community.

Some Questions and the Answer. Two thousand young men need to be influenced toward right living. Where shall they find the right kind of companions?

Hundreds of young men boarding in Winston-Salem. Where shall they spend their evenings? Where shall the young men who are deprived of open air exercise in the day time get a gymnasium substitute?

Where shall the hundreds of boys who left school early to go to work get the further education in the evenings which they need? Where shall the young men who do not go to church learn the value of manly values of Christianity?

If you lived somewhere else and your boy was working here where would you want him to spend his evenings? Where can you invest a good round sum to return big dividends in citizenship, manliness, health, wisdom and character?

The answer is easy. In the new \$50,000 Y. M. C. A. building. Other Y. M. C. A. Building Movements. By the will of Charles H. Howells, the Brooklyn Association will receive \$100,000, which will probably become an endowment for the Eastern District Branch.

Richmond, Va., has \$40,464 pledged from seventeen persons, for a building to take the place of its present outgrown home. The Richmond Leader, commenting on the need of a building, said: "The work of the Association is a thing necessary for the protection and helping of our boys and young men. There is no object of generosity and self-denial more worthy and more urgent."

Middleton, N. Y., has \$11,900 pledged on a \$30,000 building. Wheeling, W. Va., thirty-day campaign closed November 15 at 10 P. M. with over \$100,000 in hand. Leading men of the city, Catholics and Jews threw themselves into the campaign. Senator Vance gave \$25,000. The young men's committee exceeded its original pledges.

El Paso, Tex., launched its campaign for \$100,000 November 12, and has over \$64,000 pledged. Commenting on the campaign, the editor of a leading paper, said: "Men are worth so much a head for their earning power. Young men can be turned to better account through the agency of a Young Men's Christian Association and the institution will be a most productive investment for every El Paso. Business men must take time from their work and become workers. Employees as well as business men must give to the fund."
