**BACK GIVES OUT.**

Plenty of Winston-Salem Readers  
Have This Experience.

You tax the kidneys—overwork  
them—

They can't keep up the continual  
strain.

The back gives out—it aches and  
pains.

Urinary troubles set in.

Don't wait longer—take Doan's Kid-  
ney Pills.

Thos. Adams, the well known shoe  
maker, residing at 405 Liberty street,  
Durham, N. C., and whose place of  
business is at 105 Main street, oppo-  
site the courthouse, says: "My back  
ached for sometime and was so weak  
right across my hips that I could not  
get up off a chair without something  
to support me. The aching in my  
back was continuous and I simply  
seemed to have no back at all. Obtain-  
ing Doan's Kidney Pills I can say that  
they have given me a new back. All  
the aching has left. I will certainly  
recommend them for they are fine."

Plenty more proof like this from  
Winston-Salem people. Call at E. W.  
O'Hanton's drug store and ask what  
his customers report.

For sale by all dealers. Price 50  
cents. Foster-Milburn Co., Buffalo,  
New York, sole agents for the United  
States.

Remember the name—Doan's—and  
take no other.

**THE DEPENDABLE GIFT STORE.**

Reid's China Hall is fast winning a  
reputation as the store for dependable  
gifts. If it comes from Reid's it is  
thoroughly appreciated. This store  
has made a study of glass, fine china  
and Japanese ware and we feel per-  
fectly safe in saying that our stock  
is second to no similar line carried by  
anyone in the State. Our sales are in-  
creasing nicely and the first sale  
means a regular customer for our  
store. No store in the city offers the  
advantages in the selection of wed-  
ding gifts that one is offered at Reid's  
China Hall. Open stock dinner sets  
from \$17. to \$150.

**YOUR PAINT.**

Your interests demand that paint  
used on your building shall last as  
long as possible. The chief item in the  
cost of painting is the labor of apply-  
ing. The less frequent the need of  
repainting the lower the annual cost.  
Stag Brand ready mixed paint is made  
absolutely right. It covers well, wears  
longest, every gallon sold under full  
guarantee. W. H. Clinard.

**ARMY DESERTER CAUGHT.**

CHARGED WITH ROBBING GIRL  
OF HER SAVINGS WHILE ILL.

Joe P. Davis, Alias Charles Thomas,  
Wanted by Uncle Sam, in Jail at  
Danville—Orphan Mill Operative  
Says He Forged Her Name.

DANVILLE, Va., July 9.—Joe P.  
Davis, a young white man, who was  
been living here under the name of  
Charles Thomas, is in jail awaiting  
trial on the charge of having deserted  
the United States army, and for for-  
ging the name of a young girl of this  
city to a certificate of deposit in a  
local bank for \$25.

Several days ago chief of police R.  
E. Morris received a letter from the  
War Department at Washington, stat-  
ing that information had been secured  
to the effect that Davis was at work  
in this city under the name of Charles  
Thomas, being employed as a brake-  
man for the Southern Railway. Davis  
is charged with having deserted the  
army several years ago while in New  
Jersey.

The officers began an investigation  
and in a short time located the man  
wanted. Davis was in the act of go-  
ing on his usual run on a freight train  
running between Danville and Greens-  
boro, when confronted with the war-  
rant charging him with desertion. He  
made no denial of his real identity  
and confessed to having deserted the  
army. He is about 24 years of age  
and stated that his home was in Paris,  
Texas.

When questioned in regard to the  
alleged forgery the young man de-  
clared that the girl had signed the  
certificate herself and had given him  
the money to keep for her that it might  
be used in case of emergency. He  
stated that he had returned \$105 of  
the money, but acknowledged that he  
still owed her the remaining \$120,  
but would pay it back as soon as he  
had an opportunity.

Davis is being held pending the ar-  
rival of an officer from the United  
States army, who is expected here  
this afternoon.

**SALISBURY TO SOUTH RIVER.**

An Electric Line Projected to Carry  
Both Freight and Passengers—To  
Go to Mocksville by Way of Coolee-  
mee.

SALISBURY, July 9.—There seems  
no doubt that Salisbury and South  
River are in the near future to be  
connected by an electric railway. The  
project, large as it is, is in the hands  
chiefly of the farmers along the line  
and the people of this city. Salisbury  
engineers are looking towards the con-  
summation of a great deal that will  
give the South River water power to  
the company building the line, and  
they will use it for the motive power  
of the cars. It will be as much as  
a freight line as a passenger and would  
go to Mocksville by way of Coolee-  
mee.

The Salisbury people who are inter-  
ested think there is no doubt that  
this is a near dream and expect to  
handle all South River and Coolee-  
mee freight before many years or months.

**USED BUG POISON ON HIMSELF.**

Man Commits Suicide Because He  
Couldn't Kill Insects.

WINSTED, Conn., July 9.—George  
Butler, a farmer at New Lenox, spray-  
ed Paris green on his potatoes to kill  
the bugs all day. Then he drank the  
rest of the Paris green solution.  
"Oh, why did you do this?" cried  
his tearful wife.

"There was just as many potato  
bugs when I quit spraying as when I  
began," said Butler, who was 32 years  
old. "I am discouraged; tired of liv-  
ing."

The poison was fatal to him. Butler,  
a member of an old Berkshire family,  
seems to have inherited a suicidal  
tendency. His grandfather killed him-  
self; his sister drowned herself about  
ten years ago.
