

# Birthdays of Lee and Jackson are Celebrated

## Interesting Exercises Held By the Daughters of the Confederacy Saturday Afternoon.

The James H. Gordon chapter, Daughters of the Confederacy, most appropriately celebrated the birthday anniversaries of General Lee and Jackson on Saturday afternoon at the home of Mrs. W. T. Brown on Cherry street. The anniversary of these two noted men, occurring within two days of each other, one day was selected for both.

Dr. Neal Anderson paid a most glowing tribute to the life and character of the south's commonwealth chief, General Robert E. Lee, while Dr. H. A. Brown, who fought in the war going on with the seventeen-year-old hero the last year of the war, spoke feelingly of this period in our nation's history, showing what a hero in the Confederacy General Jackson's death was. Both addresses were listened to with much interest.

Golden these two enjoyable tea hours, beautiful music was rendered. Mrs. Thomas Martin gave a charming vocal solo with Mrs. Robert Galbreath as accompanist, and Miss Annette Glenn, with Miss Rosa Denton as accompanist, delighted all with her vocal selections. Two exquisite instrumental numbers were given by Mrs. Robert Galbreath.

In addition to the full attendance of members, about twenty visitors were present.

During the afternoon a social session was enjoyed, the character serving delicious refreshments.

WANTED—Boarders. Apply to 603 Spring street.

### WINS SOCIAL VICTORY.

#### Wife of Philadelphia's Mayor Comes Out Ahead in First Encounter.

PHILADELPHIA, Jan. 20.—As hostess at the private annual view of the Academy of Fine Arts, Mrs. John E. Reynolds, wife of the mayor of Philadelphia, has won her first pitched battle with the leaders of conservative society in this city. Such an honor has never before been accorded to the wife of a Philadelphia mayor, nor has the society of any other important city of the country recognized that the office of mayor carries with it social rights for the better half of the mayor. As the wife of the president is the first lady of the land, so should the mayor be the first lady of the city. This is Mrs. Reynolds' declaration of independence, and it has made clamorous and conservative Philadelphia society sit up and gasp. Although Mrs. Reynolds has won the first skirmish, there are likely to be some lively times in the social circles of William Penn's town before the remaining three years of Mayor Reynolds' administration have expired. Wives of municipal chief executives throughout the country will watch Mrs. Reynolds' fight with interest. If she is successful in her contention, the demand for the social rights of mayors' consorts may become general throughout the land.

Mrs. J. H. Coble, of Greensboro, was in the city yesterday.

## LIGHT LEAF SALES

### Not Much Tobacco Being Offered Just Now.

Bidding Lively And Prices On the Local Market Holding Up Well—A List of Some of the Best Averages Made.

As usual, the sales this morning were very light, most of the offerings being warehouse stock or shipped leaf. There was no change in prices. The independent buyers took most of the offerings and the bidding was lively throughout.

Good sales are expected this week. It is known that many of the growers have shipped their holdings and with the market higher than at any time during the present tobacco year it is expected that the market will be a very busy place.

### ENTOMBED FORTY-SIX DAYS.

#### A Rousing Reception Awaits the Men Who, for Nearly Seven Weeks, Have Been Buried Alive in a Nevada Mine—The Imprisoned Men Kept Alive by Means of a Pipe Through Which Food and Drink Was Conveyed.

ELY, Nevada, Jan. 19.—After having been entombed forty-six days, one thousand feet below the surface in the Alpha shaft of the Giroux mine, A. D. Bailey, P. J. Brown and Fred McDonald were rescued last night. Whistles all over the camp blew loudly while crowds cheered in the streets of Ely to the ringing of bells.

"Ah," was the only word of Bailey, the first to reach the outer air. He tottered forward into the arms of comrades, who in a few minutes recuperated him.

"Is that you, Arthur?" queried Fred McDonald, as his brother stepped forward and embraced him after nearly seven weeks of separation.

"By George, it certainly seems good to be out of that hole," he said as he was led away, telling his brother of his terrible experience.

"Somebody give me a chew of tobacco," said Brown, with a laugh as he was led from the mine shaft to the change room of the mine, where the three men were made comfortable.

The news that rescue was near at hand reached Ely from the mine shortly after 11 o'clock yesterday and many citizens went to the mouth of the shaft to greet the men. Many hours passed while the crowd waited and the entombed men and their rescuers dug vigorously to remove the earth that blocked the mouth of the 1,090-foot tunnel.

Finally the anxious crowd around the shaft heard the bell signal "hoist away," and a loud cheer burst forth. The basket soon rose to the surface, bearing gone of the rescuers supporting Bailey. Mrs. Bailey was not present, as one of her children was sick. As soon as Bailey was provided with clean clothes he hurried home supported by friends.

Another shout of joy greeted Fred McDonald, and when the last man, Peter Brown, came out the crowd became almost hysterical, realizing that the long entombment was ended.

#### Officers Installed Sunday.

The new officers of the First Presbyterian Sunday school were installed Sunday morning by the pastor, Dr. N. L. Anderson. Mr. George S. Norfleet, who has been the efficient superintendent during the past year, will serve in that capacity during the present year. The attendance at Sunday's session was the largest in the history of the school and much interest is being taken in the work.

# How Many Bricks Have You Sent Away?

That sounds like a funny question, addressed to every citizen of this town and community, but it's really a serious one. Listen: There is now just completed a magnificent building of red brick exterior and concrete interior right in the business heart of one of the biggest of American cities. It occupies a whole block and calls itself in a large lettered sign "The Largest Monolithic Building in the World." It has many floors, with about a hundred acres of floor space. The entrances are of solid marble. The floors are beautifully tiled.

Altogether it is a credit to the big city in which it stands. Oh, it's a Jim Dandy!

Now, how many bricks have you sent to the city to go into this big building? Honest, how many?

Of the hundreds of thousands of bricks put into the walls of this building the city where it stands has contributed not a single red brick. Country people, the people of small towns and cities far away from the big metropolis, have sent in the bricks for the construction of this splendid edifice.

You may have sent in a few hods of bricks yourself without knowing it.

Listen: This magnificent structure, which ornaments a city you probably never will see yourself, is built of bricks bought with the dollars of people living in towns just like ours—towns that would like to have some new brick buildings themselves now and then. Every dollar contributed to the city building fund means a nice, hefty hod of bricks for this big, beautiful skyscraper, "largest in the world" of its kind. This building was put up, through the kind donations of their unknown country cousins, by a firm that ran a small store in that city a few years ago.

But this firm conceived the cute idea of having thousands of strangers contribute bricks to build its fine, large, new store.

And the building is a Mail Order Store. See?
