

AMUSEMENTS

McIntyre and Heath Tonight.

It is wonderful how many things from the manager of the Raleigh Academy sees when he is without a gun. All the funny sights in this world are not to be seen in the theatre, the circus, or the museums. McIntyre and Heath are unquestionably the funniest delineators of characters in their class of work on the stage. They have made millions scream with laughter, and so long as they remain on the stage will undoubtedly continue to do so. It is funny to see them on the beach at Atlantic City screaming at the sights they see. Everyone they pass turns and says: "There go McIntyre and Heath, the funniest actors on the stage," while McIntyre and Heath turn and have a second laugh at the sights they see and evidently enjoy themselves, quite as much in their way as these same said people do McIntyre and Heath on the stage.

Everything is judged from one's own point of view. Klaw and Erlanger saw a good commercial investment in the little sketch that McIntyre and Heath were doing. They secured their services by contract and arranged with George V. Hobart to write around the little sketch a story embodying all the salient points. Then those two popular song writers, William Jerome and Jean Schwartz, were drafted into the good cause and immediately a number of pretty songs were added to the original playlet; then Mr. Herbert Gresham was drawn into line, making an ensemble of talent, art and money which resulted in the tout "ensemble" of the most interesting entertainment seen on the stage today, produced regardless of expense, embracing all star cast, the most wonderful singing and dancing chorus in the world, all set in appropriate scenes, beautiful costumes and surroundings, at Elks' Auditorium tonight. The house will be comfortably heated.

"Hair to the Hoorah,"
"The Hair to the Hoorah," will

comes to the Elks' Auditorium tomorrow night, is one of the greatest comedy successes of recent years. It is interpreted by a splendid company that never fails to please and Winston-Salem is fortunate in having the opportunity to witness such a splendid attraction.

WANT PASSENGER TERMINALS AT SPENCER OR SALISBURY

SPENCER, Feb. 7.—The Order of Railway Conductors, and a number of other organizations among trainmen, are making a strenuous effort to secure a change of passenger terminals on the Southern Railway that will bring all passenger crews into Spencer or Salisbury instead of Charlotte as at present. It is learned today on semi-official authority that such a change will be authorized by the Washington officials not later than March 1, and that the same will be made in the interests of good service and economy rather than to accommodate anyone. Ten of the fastest passenger trains on the Southern system will be effected by the change and 200 or more very desirable citizens will thereby become residents of this section.

SUPT. HUDSON'S TRANSFER TO BIRMINGHAM DIVISION.

SPENCER, Feb. 7.—The hundreds of railroad men of Spencer are greatly concerned over the announcement today that Supt. W. R. Hudson, of the Danville division of the Southern Railway, has been promoted to a similar position on the Birmingham division of the same road effective at once. The railroaders are loath to part with Superintendent Hudson who went from Spencer to his present position. The promotion, it is said, was made on account of his special fitness of the heavy work of the Birmingham district. General satisfaction is expressed that Trainmaster P. D. Walton, of Greensboro, is named as superintendent of the Danville division to succeed Mr. Hudson.

You must reach the spot—get at the cause.

In most cases 'tis the kidneys.
Doan's Kidney Pills are for the kidneys.

Mrs. C. F. Welabaugh, 458 South Liberty street, Winston-Salem, N. C., says: "For some time I suffered from rheumatism and pains throughout my back and limbs. The failure of my kidneys to remove the uric poison from my system caused my health to become much run down and I was feeling very miserable when I learned of Doan's Kidney Pills. I immediately procured a box at O'Hanlon's drug store and began taking them according to directions. They helped me in every way, restoring their kidneys to their normal condition and disposing of the pain in my back. I have no hesitancy in advising others afflicted in a similar manner to give Doan's Kidney Pills a trial."

Rural Hall Boy is Ready to Return Home

WILLS Tuttle, the 17-year-old son of Adolphus Tuttle, of Rural Hall, was picked up at the depot in Greensboro by a policeman, the officers there having been notified of the boy having left home. Tuttle left his home over a month ago and has had experiences which make him ready to subscribe heartily to the sentiment that there is no place like home. He has had the greatest difficulty, he states, in getting work. He went to Wilmington, and from Wilmington to Norfolk from which place he came by easy stages to Greensboro. When he gets back home he says he will be ready to stay there. The Telegram says that Patrolman Casey, after hearing the boy's story, announced his intention to defray his expenses home and rely on him and his father to return the amount thus expended.

COURT DECIDED IN HIS FAVOR

Cooper Fought to Retain Formula Has Made a Fortune.

L. T. Cooper, the man who believes that 90 per cent. of all ill health of this generation is caused by stomach trouble, is fast winning a national faith in his theory. His claim is now admitted by a surprising number of people throughout the country, and he is gaining new adherents every day. While speaking of his success in a recent interview, Mr. Cooper said: "I believed ten years ago that any one who could produce a formula that would thoroughly regulate the stomach would have a fortune. When I got hold of this formula I knew within six months that I was right, and that my fortune was made. I called the medicine Cooper's New Discovery, although I did not get up the formula. I have owned it, however, for over three years. I have had one lawsuit over it, which I won in the courts. When it was settled The Cooper Medicine Company became the only firm in the world that can prepare the medicine. The preparation has sold like wildfire wherever introduced. As I have said before, it is successful simply because it puts the stomach in perfect shape, then nature does the rest. There are any number of complaints never before associated with stomach trouble that the medicine has alleviated in thousands of cases."

Among statements made from users of this medicine one from Mrs. Emma ... in Chicago, at 713 ... yard, who said: "I had the most complicated case I had to deal with. I was years with my stomach with doctors and medicine preparations. My stomach was in such a shape that I could not eat that I ate."

"I was very nervous, hardly able to eat, and I had a nervous headache. I felt very bad and was a very sore spot on my stomach that nearly made me sick."

"I heard about the Cooper medicine and decided to try it. It was really wonderful. I had been really worried, and I improved that I had the man."

"I cannot say too much about the wonderful remedy. It made me well."

We sell the Cooper medicine and consider them well by any one afflicted with stomach trouble and its ailments.
