SERIOUS CHARGES AGAINST YOUNG WHITE MAN.

John Terrell Charged With Forgery and False Pretense—Bound Over to Court in \$200 Bond.

John Terrell, a young white man about nineteen years of age, was arrested by Policeman Hartness on the charge of forgery and false pretense. Last Monday, Terrell went to the clothing store of the Joe Jacobs Co. and bought a pair of trousers from Mr. C. F. Peary for \$3.50 and gave in payment for them a check made payable to James B. McKnight by A. L. Conrad. Mr. Peary questioned Terrell about the check and he told him that Mr. Conrad, by whom the check was signed, was a contractor living in this city. The check was made out for \$18.20 and Mr. Peary gave Terrell \$14.75 in change after he had taken out the \$3.50 for the pair of trousers. Yesterday morning the Jacobs Clothing Company was notified that there was no person by the name of A. L. Conrad having an account in the bank. Terrell also went to the store of John Anderson, colored, and bought a dollar's worth of merchandise and gave John a check for \$13.15 as payment. The check was made payable to Monroe Johnson and was signed by J. J. Wakefield. Anderson asked Terrell about the check and Terrell said that his name was Johnson and that J. J. Wakefield was a contractor living in this city in East Winston. John gave Terrell \$12.15 in change, but the bank returned the check, saying that it was not good. Terrell pleaded guilty to the charges. He is a real young-looking man and has never been in trouble before. Several days ago he tried to get Chief Thomas and later Recorder Griffith to endorse a note for him, saying that he wished to go somewhere. Probable cause being found in both cases, Terrell was bound over to the superior court, a \$100.00 bond being required in each case. This has not yet been given.

Not Much Difference From Our Point of View.

LEADERS TALK OF THE COMING CAMPAIGN. THREE DESERTERS FROM U. S. NAVY CAPTURED.

HOT SPRINGS, Va., July 11.—Bringing a message of peace from Vorys and other Ohioans who fought Hitchcock's selection for national Republican chairmanship, Elmer Dover, secretary of the committee, arrived today and had a long conference with Taft. Dover declared the opposition to Hitchcock is ended. Sheridon has received five campaign contributions from men eager to be the first to contribute to the Taft campaign. He refused to give the names of the donors. Hitchcock to See Sherman. WASHINGTON, July 11.—Hitchcock left here today for Utica, N. Y., where he will hold a long conference with Sherman regarding plans for the coming campaign. He said the conference will also deal with the retirement of Sherman from head of the congressional campaign committee and the selection of his successor.

Station Master Jackson is earning a reputation as a detective, and in baseball parlance, if he continues to "make good" it is only a question of time when propositions will be forthcoming from one or more of the big detective agencies inviting him to get in the professional class. Last night Policeman R. W. Bryan and Mr. Jackson were advised by Conductor Stagg that three white men, supposed to be deserters from the United States Navy, were put off the first incoming train from Greensboro at Guilford College last evening for beating the "blind baggage." Capt. Stagg suspected that the men who were playing hobo would at least attempt to board the next passenger train—the one that leaves here at 3 p. m.—and this opinion was expressed to Agent Jackson and Officer Bryan. The latter was going to Greensboro any way after John Terrell, a young man arrested in the Gate City yesterday and wanted here on the charge of forging checks. Mr. Jackson stationed himself in the baggage car, while Mr. Bryan remained in the nearest coach. They had agreed that if the supposed deserters got on Mr. Jackson should rush them into the coach to Mr. Bryan, who had the handcuffs. Just as the train pulled out from Guilford College the hoboes got aboard the "blind baggage." Mr. Jackson proceeded to get familiar with the three men. They were invited to take seats and keep quiet. "I have seen you before," exclaimed the station agent to one of the hoboes. "You are mistaken; you don't know me and I know I never saw you before," replied the deserter. Mr. Jackson proceeded to convince the man that he knew what he was talking about, reminding him that he was in Winston-Salem with the Jones Carnival Shows a year or more ago. "You are right, and my name is Mike Jones, of Greensboro," said the hobo, who made a full confession to Mr. Jackson. The other two also made statements, one saying his name was Jess Powell and that his home was in Oklahoma. The third one said he was from Baltimore and that Thomas Martin was his real name. Mr. Jackson, while the train was speeding along at 30 miles or more an hour, opened the door of the baggage car and escorted his prisoners into the coach, when two of them were handcuffed together, the third one being closely guarded. When the train arrived in Greensboro the officers marched their prisoners around town until time for the train to depart for Winston-Salem. In addition to the three deserters Messrs. Bryan and Jackson brought the young man Terrell back with them. Jones told the officers he had left the navy twice, saying that he was a deserter when he came to this city with the Jones carnival show; that he was arrested and carried back and a few weeks since deserted again. Jones and Powell are attired in sailors' uniform. "We are not regretting our arrest," said Jones, "because we are out of money and have gotten tired of dodging the officers." A telegram was sent to the commander of the United States Navy Yard at Norfolk asking if the three men were wanted and if so what disposition should be made of them. J. J. Norman returned last night from a short business trip.

Ship South Carolina is Launched Today

PHILADELPHIA, July 11.—The United States battleship South Carolina was launched this afternoon at Cramp's shipyard. Many state officials of South Carolina were present and took part in the ceremonies attending the launching. The South Carolina is one of the "all big gun ships," the other being the Michigan recently launched at the New York Shipbuilding Co. yard at Camden, N. J. The vessel today was christened by Miss Fredericka Calvert. Annel, daughter of Governor Ansel Miles Ansel is a handsome young woman and when she broke the bottle of wine over the bow the state officers stood by with bare heads. Governor Ansel, accompanied by his staff and upwards of a score of other persons from South Carolina and the east, attended.

A SPLENDID RECORD. Notable Distinction Is Won by a Winston-Salem Boy.

Mr. Robert McArthur has accepted a position as prescription clerk at O'Hanlon's. Before leaving here to take a two years' course in pharmacy at the University of North Carolina, he was connected with that store and made many warm friends, who will be glad to know that he is to serve them again in his new capacity. Mr. McArthur is a courteous and capable young man and a salesman of remarkable ability and will add strength to Mr. O'Hanlon's already capable corps of assistants. Mr. McArthur, who passed the state board of pharmacy last week, led his class and was awarded the medal given to the one making the highest average. When it is considered that over sixty applicants stood the examination his success in standing at the head is all the more significant and is a distinction of which he has a right to be proud. —Mr. W. H. Denny, who has held a position with the Farmers' Warehouse for several years, died at his home on North Depot street last night, after several weeks' illness, caused by some affection of the heart. Deceased was about 52 years old. The funeral services were held this afternoon, the interment being in Woodland cemetery.

MURPHY AT LAST WINS OUT OVER M'CARREN.

Latter is Practically Dead Now in a Political Sense—Brooklyn Leader Completely Overthrown.

NEW YORK, July 11.—Justice Kelly, of the Supreme Court of Brooklyn, today wiped State Senator Patrick Henry McCarren out of politics by denying a mandamus to compel the board of elections to appoint McCarren men election inspectors, poll clerks and other officials. This means the political death of McCarren and that he will no longer control Brooklyn through the election officials or city patronage. Murphy has been fighting McCarren in the city and state two years but never has been able to completely overthrow the Brooklyn leader until now. At the September primaries and November city, state and national elections all officials at the polls will be Murphy and Coker men.

Bryan Will Not Go to Denver as Planned

LINCOLN, Neb., July 11.—Bryan made the formal announcement today that he will not, as at first planned, go to Denver for a conference with the national committee to select a chairman to manage the campaign. He will, on the other hand, invite the committeemen to come here and talk over matters and map out the campaign. Bryan had hoped to go to Denver but so many returning delegates stop at Fairview that he cannot get away. He is anxious to have the chairman and other committee officials elected with all possible dispatch. Demonstrations for the candidate on the part of neighbors, both Democrats and Republicans, continue unabated today and the candidate said to everybody that came: "This is the happiest day in my life."

Money-Maker Designed by Winston-Salem Boy

Mr. F. E. Thomas, the Originator of a "View-Seeing Wheel" That is Making a Decided Hit at Ocean View. E. E. Thomas has returned from Ocean View, Va., where he has been spending several weeks putting up and starting a "View Seeing Wheel," which he designed and built himself. The wheel carries 28 people the height of 79 feet. It goes straight up, over and straight down, and is far superior to the Ferris or any other view-seeing wheel. Mr. Thomas has only put out one machine, that being the one now in operation at Ocean View, and the wheel is making a big hit and is a money-maker. The capacity of the wheel is \$28 per hour at 5-cent fares. Mr. Thomas has had many inquiries since erecting the wheel at Ocean View, but he has not fully completed arrangements for putting the wheel on the market. Atlantic City, New Jersey, has put in an application for a wheel 100 feet tall, this to be the first wheel Mr. Thomas puts up. The wheel is operated by motor-power and only requires 2 1/2 horse-power. At night the wheel is illuminated by 94 eight candle power lights. Mr. Thomas is a Winston-Salem boy, being a son of Mr. Thomas, of Waukegan.

Prominent Lawyer is Charged With Crime

DANVILLE, Ill., July 11.—Charles Brown, a prominent Danville lawyer, and graduate of Michigan University, is believed by government officials to be the head of an extensive counterfeiting conspiracy. He is held in the county jail today following arrest at his home by secret service men from Chicago. A complete outfit of counterfeiters' dies and matrices was found in a secret drawer of his desk in the basement. No counterfeit coins were found. —The hardware baseball team will cross bats with the strong baseball aggregation of the Hotel Zinzendorf in the near future.

THIS MARKET AGAIN LEADS IN SALE OF LEAF.

Nearly Fifteen Thousand Pounds Sold Last Month Here—Meeting of Tobacco Growers Here Next Month.

RALEIGH, July 11.—Only eight of the leaf tobacco markets of North Carolina, less than half of them, report any sales for the month of June, according to an official report just issued by the State Department as compiled from reports made by warehousemen by statutory requirement. The aggregate sales foot up 57,911 pounds, of this 45,552 being first hand for growers. Winston-Salem and Oxford, only, report sales other than first hand, these being 3,646 for dealers. The first hand sales reported by the various markets show the following: Winston-Salem, 14,765; Durham, 44,050; Rockyville, 9,504; Mt. Airy, 3,785; Oxford, 2,987; Madison, 929; Warrington, 222; Stoneville, 539 pounds. To Have Meeting Here. J. O. Graveley and other members of the executive committee of the North Carolina Protective Association were in session here yesterday at the call of Mr. Graveley, considering plans for maintaining the prices of tobacco at a reasonable scale for the crop soon to be put on the market. The outcome of the conference was the determination to form a stock company sufficiently strong to have buyers on all the markets in the state and maintain sufficient competition in the buying and if necessary to assure the prices required, to go into the manufacture of tobacco. A call is to be issued at once to the members of the North Carolina Protective Association and any and all other tobacco growers in the state to be in Winston-Salem August 22 to further arrange and perfect the movement for maintaining prices; briefly stated, the meeting to take under consideration the perfection of the organization, control the marketing of the week, regulate the production and create a fund for the corporation that is to go into the market and assure sufficient competition to keep up the prices and if need be manufacture the tobacco outright. In a statement to the press Mr. Graveley said that while North Carolina growers deprecate and condemn the "night riding" carried on in Kentucky for the purpose of keeping down the volume of the crop and forcing up the prices, the Association is determined to proceed to attain the same end by proceeding along such conservative lines as will induce investors in all branches of industry to join in the undertaking as a matter of profitable investment. Those participating in the conference were J. O. W. Graveley, Rocky Mount; P. B. Neal, Rockingham; J. L. Bailey, Wilkes; R. H. Simmons, Surry; D. P. Tilghman, Stokes; H. W. Winstield, Edgecombe county. Listing Farm Lands. The statement is made at the state department of agriculture that quite a large number of land owners in North Carolina are listing farm lands for sale to immigrants with the department under the operation of the plan the department is inaugurating whereby a list of available lands, the prices and illustrations where possible will be printed, advertisements placed in newspapers and periodicals of the northwest and these lists sent to parties answering the advertisements and desiring information as to desirable localities. This undertaking by the department will be well under way very soon now. Wake Superior Court. Judge Walter Neal, of Laurinburg, is to convene a two-weeks term of Wake Superior Court for criminal cases next Monday, there being 118 cases on the docket, mostly for larceny and other petty offenses. There will be no murder trials unless those pending in magistrates' courts against "Boots" Brown and Ira Oakley are gotten ready for trial by that time, which is not likely. STOCK MARKET. NEW YORK, July 11.—Consolidated Gas, Southern Pacific, Illinois Central, unchanged; Anaconda down 1/4; St. Paul up 1/2; Smolting and Northern Pacific up 3/8; Amalgamated up 1/4; Union Pacific, Reading, Brooklyn Transit, up 1/8; Steel preferred lower. —Farmers in town today were in the best of humor. Why shouldn't they be happy? Corn and tobacco never appeared more promising than now. The seasons have been fine for both. —A number of local fans went to Greensboro on the 11:35 train today to root for the Twins. The game this afternoon was called at 4 o'clock.

KERN TO STOP AT LINCOLN FOR A CONFERENCE.

Will See Bryan There and Discuss Situation With Him—Probably to Take Active Part in Campaign

INDIANA IN 1849 AND HAS BEEN A PROMINENT STATE POLITICIAN—DEFEATED IN 1900. DENVER, July 11.—John W. Kern, the Democratic vice presidential nominee, will go to Lincoln for a conference with Bryan Sunday or Monday. He will take an active part in the campaign if his health permits. Two-thirds of the crowd left Denver last night before midnight. Early trains today carried a majority of those who remained. Many east-bound delegates will stop at Lincoln. Many are today congratulating Taggart for the skill with which he engineered the Kern boom. Kern is a staunch friend of Bryan. He frequently entertains the Congressman at his Indianapolis home. This is admittedly one of the factors of Taggart's success in managing his boom. Tolstol is Shocked. ST. PETERSBURG, July 11.—Count Leo Tolstol, shocked by the recent statement of one of his closest friends that his books have done more harm than good, is today sending out letters to his friends, asking their candid opinion of the moral and sociological value of his works. Launching of Battleship. WASHINGTON, July 11.—A number of naval officers went to Philadelphia today to see the launching of the battleship South Carolina, which is to be added to the Atlantic fleet. It is a sister ship to the Michigan. Miss Margaret Sharp, of Richmond, Va., is visiting her brother, C. L. Sharp, and sister, Mrs. W. M. Brown, on Spruce street. There are two other children—John W. Kern, Jr., aged 9, and William H. Kern, who is now five years old.
