RAILWAYS REGARD THE NEW LAW KINDLY

PORTSMOUTH, N. H., Aug. 8.—The conference of attorneys representing all the important railway systems of the United States which for several days has been discussing the new railroad law broke up Saturday afternoon. Another meeting will be held in New York in December. A statement giving a general outline of the work of the conference was issued in which there was expressed a general sentiment among those present in favor of a liberal interpretation of the amendments to the railroad law adopted by the last congress, particularly of the long and short haul clause.

TO HELP ROADS

"The sole purpose," he continued, "has been to construe the act and to advise the railroad officials as to what they must do in order to comply with it in letter and spirit."

WALTON MOORE, REPRESENTING THE RAILWAYS OF THE SOUTH GENERALLY, WAS CHAIRMAN OF THE COMMITTEE WHICH ISSUED THE GENERAL STATEMENT.

According to this document many points were discussed applying to sections 1, 4, 6 and 15 of the act. The new commerce court was also considered.

REPUBLICAN PARTY IN NORTH CAROLINA FOR MR. MOREHEAD, WITH HIS BUSINESS PRINCIPLES AND OPEN-DOOR POLICY, TO SUCCEED.

It means, and they know it, that the Democratic party has walking ahead of it.

MR. HOLTON'S REPLY TO THE PARTY ORGAN

"What do you say about the Greensboro Daily News editorial on your pernicious activity in politics?" District Attorney Holton was asked today on his return from Durham.

MR. HOLTON'S REPLY TO THE PARTY ORGAN

"I have just this to say," he replied, "On the same page on which this editorial appears are the names of R. M. Phillips, Associate Editor, and A. B. Joyner, news editor. These men are Democrats running what they claim to be the Republican organ of the state, and it comes with poor grace from Mr. Phillips, who now holds a position as reading clerk of the state senate as a reward for services he rendered the Democratic party in the campaign of 1908, to use this language regarding leading Republicans of the state."

AGAIN, MR. PHILLIPS SAYS IN HIS EDITORIAL: "IS IT NOT TIME THE PARTY SHOULD ASSERT ITS MATHOOD? IS IT NOT TIME THE MASSES OF THE PARTY—THE PEOPLE, SHOULD RISE IN THE MAJESTY OF THEIR POWER AND INDIGNATION AND SAY TO THESE GENTLEMEN: 'THIS IS ONE TIME WHEN WE, THE PEOPLE—THE PEOPLE WHO HOLD NO OFFICE AND DRAW NO SALARY—PROPOSE TO EXERCISE THE HIGH PRIVILEGE OF AMERICAN CITIZENS AND CHOOSE OUR OWN LEADERS?'"

"Isn't he a nice gentleman to be advising Republicans of the state as to who they should support or whose advice they should take when he is working solely in the interest of the Democratic party, as has been shown by the columns of his paper for some time. If he succeeds in his effort to destroy Mr. Morehead and the principles he stands for, and keeps in control of the Republican party in the state men who everyone believes have no desire to succeed, he will claim at the next Democratic state convention the nomination for one of their highest state offices as a reward for his services in destroying the Republican party in the state. This is clear from the whole tenor of his attack. No Republican in the state would so pervert the columns of what they claimed to be a Republican organ of the state as the Daily News has been perverted for the last ten days."

"The editorials in the News are strictly in harmony with the attacks made by Josephus Daniels, and other Democratic papers of the state. They realize what it means to the Democratic party in North Carolina for Mr. Morehead, with his business principles and open-door policy, to succeed. It means, and they know it, that the Democratic party has walking ahead of it."

"When Mr. Phillips said in his editorial that we should save our powder for the enemy after the 19th of August, he knew the old machine would not allow the principles of the Republican party to be taught before the people if they could prevent it, for it is an open secret that Judge Adams in the last campaign suppressed posters advertising his speaking at prominent places in the state, and gave orders to his secretaries not to advertise nor allow notices of my speaking to go out from his headquarters, and he, chairman of the state executive committee, giving it as his reason that the character of my speeches was not the proper doctrine to put before the people, when what I was doing was an effort to awaken the people of the state upon the subject of the elevation of the laboring classes. He was one of the few Republicans in the state who disapproved of my speeches, so far as I know. Some of those who are in touch with his campaign were heard to remark that if success was the object the methods adopted were strange."

"It is remarkable that those who are running the old machine, if they desire success for the Republican party, cannot run the Republican organ of the state without employing Democrats to do its brain work, as they have done ever since they obtained control of the paper. Walter Hilderbrand, with the Chairman of the Democratic Executive Committee of Guilford County, in charge of the paper two years ago, did nothing for Mr. Morehead, and now Mr. Phillips, the reading clerk of the Democratic senate, with Mr. Joyner, another Democrat, in charge of the paper, running a partisan campaign for the purpose of defeating the only man who has been elected to congress on the Republican ticket in this district since Tom Bettie was beaten for the nomination by Mr. Duncan at Graham in 1898, by giving three negro delegates positions as storekeepers and gaugers to control their votes."

"Since that time the Republican party in the east has been controlled by just such policies and this is what the people of the state are now struggling to rid themselves of."
