STRONG ADDRESS IS DELIVERED BY MR. ERCKMANN

Before a large audience, Mr. H. L. Erckmann delivered the second of the series of addresses to be delivered on Sunday afternoons this fall and winter at the Liberty theatre under the auspices of the Y. M. C. A. Mr. Erckmann's subject was "Christ's Message to Men."

Rev. E. A. Shenk, president of the Ministerial Association, presided at the meeting. The Scripture lesson was read by Rev. G. T. Lumpkin, followed by prayer. Special music was rendered by the Centenary male quartette and the Y. M. C. A. orchestra.

Mr. Erckmann made special reference to the "Men and Religion Forward Movement" in his address.

The speaker referred to the lack of men in the churches and thought that this condition is prevalent because the church has not made a sufficiently strong appeal to men with a real, manly message.

The speaker thought that the real message of Christ to men is a message of service rather than of a "life insurance policy."

Mr. Erckmann declared that this was the reason the Y. M. C. A. workers and the various church brotherhoods had inaugurated the "Men and Religion Forward Movement."

He emphasized the point that the movement is not a new organization and is not a thing outside of the

SHERIFF OPENS PRISON TO LET ACCUSED MAN GO

McCONNELLSBURG, Pa., Oct. 9.—Jefferson Harris, sheriff of Fulton county, has been found guilty of the criminal charge of permitting a prisoner to escape through gross negligence. The prisoner was Russell Sipe, indicted for arson.

During the past few months a number of stables have been burned in this place, all supposed to have been the work of an incendiary, the last being the large Dickson stable in the central part of the town, and the fire was such as to threaten the destruction of the greater part of the town. Immediately after the Dickson fire a detective was employed, and soon sufficient evidence was gathered to warrant the arrest of Russell Sipe.

Before the warrant was served, with his father and Sheriff Harris, Sipe appeared before a magistrate and offered to enter bail for his appearance, but as the magistrate had no authority to take bail, at the request of District Attorney Lynch a commitment was made out and handed to the sheriff. This he refused to accept, and the prisoner was allowed to go at large, but by the next morning the citizens had raised such an outcry against the sheriff that he was compelled to go to the magistrate and get the commitment, which he did and soon had the prisoner lodged in jail. Before daylight of the next day, however, all the prison doors were opened and the prisoner gone.

The day following his escape from jail the prisoner was seen in company with the sheriff at the prisoner's home, and at other places; but the sheriff failed to land him in jail and he is still at large.

SQUAW CONFESSES TO FOURTEEN MARRIAGES

PORTLAND, Oct. 9.—Nellie Lane, a comely Siletz Indian woman and a witness before the federal—and jury that is investigating the sale of liquor to Indians on the Siletz Reservation, is living happily with her fourteenth husband. Mrs. Lane cheerfully volunteered this information to Deputy United States Attorney Evans and smilingly pointed to Moses, a short rotund Siletz with a beaming round face. Moses, the fourteenth husband, appeared to be delighted over the fact that Nellie finally got around to him. The pair seem to be contented, although Moses has only passed through the kindergarten of matrimony, having been married but four times.

ANTI-TYPHOID VACCINATION URGED BY THE GOVERNMENT

WASHINGTON, Oct. 9.—The prevalence of typhoid fever in practically every section of the United States has inspired the public health and marine service to press publicly its belief in the artificial immunity, with certain limitations, afforded by anti-typhoid vaccination, already compulsory in the American army for soldiers under 45 years of age.

In a report just issued, the public health service reproduces the summary of the findings of a commission of the Academy of Medicine of Paris which investigated the subject.

"Anti-typhoid vaccination," the French commission declares, "does not accomplish the complete disappearance of this infectious disease in the community where it is practiced, but it diminishes very notably its

CIRCUS FULL OF LAUGHTER.

Barnum and Bailey Show Has Fifty of World's Funniest Clowns.

If a good laugh is better than medicine, then the Barnum and Bailey circus is the fountain of health and youth. This fountain will bubble merrily in this city on Oct. 18. The fifty best clowns in the world will turn out a laugh a second.

Famous among these fun makers are Harry La Pearl, a recent vaudeville headliner; Clemmings and Dunbar, of the London Drury Lane; Phil Darling, an English mad-cap; Valdo, the Italian wit and jester; Rossi, the Venetian pickle-herring; Pierre Kerfeyser, Hungarian dwarf jester; and Mackintosh, the Highland fool.

The hopeless "sorehead" becomes hilariously good-natured in the presence of this galaxy of mischief-makers. Undertakers go home from the circus and write joke books. There are funny airship stunts, exploding automobiles, North Pole expeditions, Chinese laundry scenes, comic balloon ascensions, travesties on political happenings, clever satires, droll skits, neat pantomimes and delightful foolery to keep the audience in constant merriment. During breathing spells between sieges of laughter there is always a thriller to look at.

Jupiter, the balloon horse, takes a trip to the canvas top and comes down in a shower of fire works. Desperado, a Frenchman, dives from the top of the tent and lands on his bare chest on the ground. Charlie the First, a chimpanzee, is the greatest bicycle rider and acrobat in the world. There is the Koyot family of daring acrobatic equestrians. There is a member of the Siegrist-Silbon aerialists who, with his eyes blindfolded, leaps across the full width of the tent, turning a double somersault on the way and then catching the wrists of a comrade hanging head down from a flying swing. Other thrills are added by the Fonnell family of acrobats, the

A SINGULAR HERMIT WHO COLLECTED HAIRPINS.

SPOKANE, Wash., Oct. 9.—John Wendt, who has lived on a small island in the Spokane River since the founding of the town of Spokane Falls, more than 30 years ago, broke into the collector's class when he announced that he purposes gathering together a collection of hairpins, which he will melt and mold into medals to be presented to suffragettes throughout the United States and elsewhere who pass these tests. Take care of a baby, bake wholesome bread and darn socks. Wendt collects the pins with a magnetized cane, his favorite haunts being lobbies of hotels, theatres, cafes and street crossings where the traffic is heavy. His shack on the island near the Division street bridge, is equipped with a small smelter and a series of molds for making medals. He earns his livelihood by mending umbrellas and kitchen utensils. He is a confirmed bachelor.

INDIAN ARRESTED ON A SERIOUS CHARGE.

ASHEVILLE, Oct. 9.—Ross French, 21 years old, a Cherokee Indian living on the Birdtown reservation, Swain county, was safely locked in the county jail here, charged with the murder of Ethel Shuler, the 14-year-old daughter of a Birdtown farmer, after having attempted to criminally assault her. His arrival here was effected after an exciting escape from a mob of one hundred men bent on lynching the prisoner.

The body of the dead girl was found Friday in the woods near the town with her throat cut and no trace of her assailant was found until Sunday morning, when Deputy Sheriff Beck, of Swain county, arrested French at a point seven miles from Sylva. The arrest was made upon the strength of blood-stained finger prints on the Indian's hat.

The Indian made a partial confession, but would not give full details of the crime.

Telephone messages from Waynesville stated that threats of lynching were being freely made there.

When captured French claimed that the blood stains on his hat were those of an owl which he shot in the woods. He stated that the girl made a desperate fight and that she had hit him in the head with a rock. He said he did not intend to harm her, but had asked her to accompany him into the woods. He denies any effort at criminal assault.

MEETING OF Y. W. A. OF BROWN MEMORIAL CHURCH.

The Young Women's Auxiliary of Brown Memorial church met on Sunday evening in the Phlathea room.

After the devotional exercises the meeting was turned over to Mrs. John Morrissett, the subject for the evening being "The World Survey." Excellent papers were read by Mrs. S. W. Morrissett and Miss Kate Hanes, after which the meeting closed with sentence prayers.

HOW TO TREAT OLD SORES

The proper way—the only successful way—to treat an old sore is to destroy its source. Not by dangerous surgical operations or irritating, "drawing" plasters, but by Nature's true method of purifying the blood and filling the circulation with rich, nourishing properties; then the cure will be natural and lasting. We can easily understand how impurities in the blood will infect some weak point on our bodies, and by continually discharging impurities into it keep the place open and inflamed until a chronic ulcer is formed. Nothing then is so sure to produce a cure of these old sores as S. S. S. This medicine is Nature's perfect blood remedy, composed of the most healing and at the same time the most penetrating and blood-purifying properties. It removes every particle of impurity of morbid matter from the circulation, and assists nature in the increasing of healthful, nutritious corpuscles in the blood. S. S. S. makes pure blood, and pure blood is Nature's unfailing cure for old sores. Every sufferer with an old sore should use S. S. S., because it is the remedy they most need.
