PEKING, China, Oct. 20.—Associated Press dispatches from Hankow confirmed reports that the rebels were winning. Success of Rebels. SHANGHAI, Oct. 20.—The retreat of imperial forces at Hankow is confirmed by dispatches from Kiu Kiang, which state the Chinese gunboats are retreating to Kiu Kiang. The rebels' conduct at Hankow is reported exemplary. The latest news of rebel success at Hankow caused great jubilation among Chinese here. The run on the banks stopped. Rebel victories at various points have been reported. The movement in opposition to the imperial government seems to be gaining strength. Missionaries Unharmed. HARRISBURG, Pa., Oct. 20.—A cablegram to Bishop Dubs, head of the missionary board of the United Evangelical Church, indicates missionaries in the China war zone are unharmed. Gunboat Sunk by Crew. SHANGHAI, Oct. 20.—Hankow advices state that one Chinese gunboat was sunk by its crew, who deserted to the rebels. Hankow Concessions Safe. PEKING, Oct. 20.—The foreign legations in Peking have received very meagre dispatches from Hankow. The last message from the American consul general, Roger S. Greene, stated only that fighting had begun. It is believed, however, that the concessions in Hankow are safe, and that the ten or twelve foreign cruisers and gunboats in the harbor are ample protection, even from the joint Chinese army and navy. But it will be impossible to prevent stray shells from threatening foreigners, or conflagrations and looting by the rabble. It would be difficult to cordon the concessions, because only narrow streets cut them off from the densely packed Chinese city. It is hoped that all the women and children have already been safely removed from Hankow, as it is feared the defeat of the revolutionaries might be followed by excess on the part of the mob. The German legation at Peking denied the report that German troops had engaged in fighting in the streets of Hankow. The Board of Communications received a dispatch which mentioned Siakou, in Hu Peh province, as having been captured by the rebels. A report has reached here that Imperialist troops have refused to retreat at Hankow. Other reports say the Chinese gunboats took little part in fighting as a direct fire would have endangered their own troops, while a tank fire would have involved a bombardment over the foreign concessions.

WILLIAM R. HEARST IN A REGULAR DEMOCRAT

NEW YORK, Oct. 20.—William R. Hearst, in an announcement that he is back in the regular Democratic fold has much speculation in political circles regarding the Independence League. This organization was founded by Hearst. He declared himself last night during a rally of the local fusion party in the first public address he has since returning from abroad. Speaking, he said, "as a good Democrat, and also as a good Democrat, and his kind drove me to the Democratic party five years ago. The commendable course of the Democracy brought me to the fold." He declared he would continue his support of Tammany Hall's "undemocratic principles."

PREACHER IS ARRESTED IN CONNECTION WITH DEATH YOUNG WOMAN

BOSTON, Mass., Oct. 20.—Rev. Clarence V. T. Richeson, a Baptist church pastor in Cambridge, was arrested this morning as the result of the police investigation of the death by poisoning of Miss Avis Linnell, a student at the New England Conservatory of Music. The arrest was made at the home of Moses G. Edmunds, the father of Richeson's fiancée, in Brookline. For seven hours the police waited outside the home to make the arrest. No attention was paid during the night to the officers' efforts to gain admission to the house. They waited until eight o'clock this morning and took the preacher out in their custody. A day or two before Miss Linnell's death cards were issued for the wedding of Miss Richeson and Miss Violet Edmunds, which was set for October 31. New facts have been discovered in connection with the circumstances of the girl's death, supposedly from taking cyanide of potassium, believing it to be medicine. Richeson is thirty-five years old. He is a native of Rose Hill, Virginia. Richeson went to the Edmunds home Sunday night almost immediately after being informed of the sudden death of Miss Linnell. Until yesterday the minister denied himself to all callers and refused every plea for a statement about his relations with Miss Linnell. Yesterday Richeson left the Edmunds home, eluding his pursuers. He came to Boston and sought counsel. He was accompanied by Mrs. Edmunds. After calling on an attorney, both returned to Brookline. The police last night discovered long-sought clues. Police Chief Egan, Deputy Superintendent Waits and a squad of policemen, went to the Edmunds home at one o'clock this morning, remaining the rest of the night in a futile attempt to see Richeson. Today a maid was told the officers would break into the house if Richeson did not appear. The minister soon appeared and a few minutes later, without a sign of worry, was accompanying the officers to the police station. Deputy Superintendent Waits states that Richeson was arrested on information substantiated by the police that he bought a quantity of cyanide of potassium at a drug store in Newton Center, October 10. Charged With Murder. BOSTON, Oct. 20.—Police Judge Murray has issued a warrant charging Richeson with first degree murder. Hearing Oct. 31. Richeson was taken to jail and held without bond for a hearing Oct. 31. Statement of Druggist. William Hahn, a druggist, told the police he sold Richeson cyanide of

DECISION OF CAPT. F. C. ROBBINS IS SUSTAINED

A judgment as of the October term of superior court has been signed by Judge C. C. Lyon, awarding the office of the sheriff of Forsyth county to Sheriff George W. Flynt. It will be remembered that this case was argued on exceptions here before Judge Lyon last Friday and he by consent reserved his decision in the case. In the judgment, Judge Lyon overrules the exceptions made by both sides and in every way confirms the report of Hon. F. C. Robbins, of Lexington, the referee in the case. He allows Capt. Robbins, as referee, the sum of \$500, adjudging half of this amount against the defendant G. W. Flynt and the other half against the relator, D. A. Jones. The court costs are adjudged against the relator, D. A. Jones. The court costs aggregate \$167.40, which together with the fee allowed the referee makes the total costs \$667.40. Unless an appeal is taken to the supreme court, this judgment ends a suit that has been followed with much interest by the people of Forsyth county.

ALDRICH REVISES MONETARY PLAN.

WASHINGTON, Oct. 20.—Former Senator Nelson W. Aldrich, of Rhode Island, has submitted to the National Monetary Commission, of which he is chairman, a revision of his plan for monetary legislation. The commission may use it as the basis of its recommendation to Congress. Briefly, the plan still provides for the organization of the National Reserve Association with capital of approximately \$300,000,000, in which the United States Government and the banks owning shares in the association shall be the only depositors. The plan of dividing the United States at first into fifteen financial districts remains unchanged. In each district the banks shall form local associations of their own, which in turn will be represented in the branches and finally in the central organization through a system of election of directors, which, it is said, will make it impossible for any section or set of bankers to control the whole.
