BIG POULTRY SHOW OPENS; ABOUT 600 BIRDS ENTERED

The first annual poultry show of the Winston-Salem Poultry Association opened this morning under splendid auspices and with a large exhibit of fine chickens. The bad weather of the past week has broken and a large crowd will doubtless be in attendance tonight.

The show is being held in one of the stores in the new Gorrell block on North Liberty street and both floors are filled with beautiful birds. There are about six hundred birds on exhibit on both floors.

The crowing of the cocks is continuous. Every variety of chickens, also pheasants, pigeons and turkeys, may be seen. The exhibit is one of the largest and best that has ever been seen in this state.

The admission price is ten cents. The doors will be opened until eleven o'clock at night and the show will last through Friday. The feed for the chickens is donated by the Kluck Company, the Corno Company and the Purina Company, represented in this city by Cromer Brothers, Norman-Moir-Daly Company and W. H. Turner, respectively.

Among those making exhibits are: O. D. Boycott, of Greensboro; Sullivan Boe, of Walkertown; Crudup Poultry Yard, Richmond, Va.; L. C. Claybrook, of Martinsville, Va.; L. H. Poe, Reich and Burchett, J. C. Reich, E. A. Sheppard, W. A. Shore, R. C. Taylor, W. H. Vance, and Major J. G. Young, of Winston-Salem.

Quite a number of out-of-town people are in the city attending the shows and representatives of a number of the leading poultry journals of the country are here in the interest of their publications.

The judging of the birds was started today but will not be concluded before tomorrow.

AUGUSTA MAKES PROTEST REGARDING FREIGHT RATES.

WASHINGTON, Dec. 27.—The Augusta Chamber of Commerce petitioned the Interstate Commerce Commission today, claiming railway and steamship lines operating along South Atlantic coast make rate discriminations against Augusta in favor of Atlanta. It cites the shoe rate to Atlanta, less than to Augusta, although the distance is greater.

ATTORNEY FOR BIG PACKING FIRM ON STAND

CHICAGO, Dec. 27.—Albert H. Veeder, attorney for Swift & Co., continued his story of the operations of the packers prior to 1905 when the Chicago meat packers' trial was resumed this morning. Prosecutor Butler is expected to conclude the examination of the witness before the day closes.

There are a large number of witnesses yet to be examined before the case can go to the jury.

DASTARDLY ATTACK ON CLEVELAND MAN.

SHELBY, Dec. 27.—A dastardly attack occurred at Earl, eight miles below Shelby, on the Southern Railway, Tuesday night when William Kendrick, brother of Policeman Bob Kendrick, of this place went to his barn to feed and was assaulted by two negroes who pelted him with rocks and set fire to his barn.

Officers went to Earl and arrested three negroes, Plato Jennings, Henry Whisnart and the latter's young son were brought here and placed in jail. The young Whisnart negro says his father and Plato Jennings did the work.

Mr. Kendrick went home from his neighbor's house, John Arnold, and after he got there he remembered that he had not fed his cow, whereupon he went to the barn and started to climb into the loft. The negroes pushed him to the ground and he went to the house to get his gun. When he came back to the barn they had set fire to it and he immediately began taking his stock out of the stables. As the negroes were departing they fired two shots at him and he returned the fire, but none of the shots took effect. Mr. Kendrick got all of his stock out of the barn and fled to Mr. Arnold's to get assistance.

The negroes were given a hearing before Squire John Miller Roberts, at Patterson Spring, and bound over to court.

Reports from the northwestern states in this country show a range of six above to fourteen degrees below zero.

KILLED TWO MEN.

North Carolinian Shoots His Father In-Law and Brother-In-Law.

ASHEVILLE, Dec. 27.—A belated courier from the interior of Swain county brought the information that George Brendle and his son, Man Brendle, were killed on the afternoon of Christmas day by Jesse Upton, the son-in-law of the older man, and a wealthy farmer of that county. The latter succeeded in making his escape, although the officers of the county have been notified to watch for him.

The alleged killing, it is said, grew out of a family feud, bad blood having existed between the two families for a number of years. The dead men had been notified, it is reported, to keep away from the premises of the man who is charged with the double murder. However, on Christmas day, Brendle and his son called at the home of their relative and were met by Upton who carried a rifle, with which he is alleged to have slain both men.

LOCAL PARTIES TO BUILD AEROPLANE IN THIS CITY

An aeroplane, of the Curtiss type, is to be built in Winston-Salem at once.

Messrs. John Lehman and W. H. Sloan, two splendid local mechanics, have decided to organize the Winston-Salem Aerial Company and it is their purpose to begin the construction work on the new machine early in the new year.

The proposed "airship" will be two passenger capacity and have a thirty foot plane.

Mr. Lehman is an expert automobile man, while Mr. Sloan is recognized in the same class as an electrician.

The builders propose to advertise Winston-Salem extensively with their aeroplane by attending fairs and other large gatherings and making flights.

If the proper encouragement is received, Messrs. Lehman and Sloan may establish a factory here for the manufacture of "flying machines."

"We are going to build one without a doubt," was the statement made by the two machinists today. They will do most of the construction work themselves.

SAYS REPUBLICAN FORM WOULD FAIL IN CHINA

PALO ALTO, Cal., Dec. 27.—A republican form of government in China would be an absolute failure and would be a calamity to the Chinese nation, according to Prof. W. C. Bateman, of the Imperial University of Tien Tsin, who arrived yesterday at his home here after being driven out of China as a result of the revolution.

"The people in China are more ignorant than we Americans realize," said Bateman. "Their condition is awful. They are in no condition to govern themselves."

FOR NEW RECALL LAW.

System Said To Be Unfair and Arizona May Enact Successor.

TUCSON, Ariz., Dec. 27.—When the legislature convenes in Phoenix in February, it will be asked to adopt the Swiss system of recall and abolish the Oregon system, which was voted out of the Constitution on December 12 on the ultimatum of President Taft.

The essential difference between the Swiss system and the Oregon plan is that under the former the only thing voted on in a recall election is the recall of the accused official and in the event of his elimination, the Governor appoints his successor.

Chief A. A. Worsley, a State Senator-elect from Tucson, will propose the new recall system. He is now at work on the measure and will defend it on the ground that under the Oregon system an official under fire is handicapped by a double fight, a struggle not only to retain his position and refute charges against him, but a struggle also against an opposing candidate.

Worsley's bill will provide that when the recall is resubmitted to the people for incorporation in the Constitution, the Oregon and Swiss plans shall be placed on the ballot so voters may vote for their choice.

160,000 WEAVERS ARE TO BE LOCKED OUT.

MANCHESTER, England, Dec. 27. Notices were posted today at all mills belonging to members of the Federation of Master Cotton Spinners in north and northeast of Lancashire county that cloth mills will be closed tonight and not reopen until further notice.

Weavers numbering one hundred and sixty thousand will be locked out. An equal number of spinners will be reduced to half time with the prospect of a complete stoppage of work if the trouble be prolonged.

The Federation of Master Cotton Spinners decided it was impossible to continue turning out yarn while the looms were idle. They will curtail production by stopping work on three days in each week, beginning January 1st.

A man named Wiley, and his wife, two non-unionists whose employment originated the strike in the Helene mill at Accrington Dec. 26, which led to the lockout, would not consent to join the union and thus obviate the lockout.

ARRESTS FICKLE FIANCEE.

Bridgroom-Elect Wants Troussseau and Presents Returned.

WILKES-BARRE, Pa., Dec. 27.—Charging that Miss Anna O. Sada, of West Hazleton, had jilted him and refused to return valuable presents, as well as the wedding trousseau he provided for her, George Michaelwich had warrants issued for the arrest of the girl and her parents. He charges them with obtaining goods under false pretenses, and Alderman Brown will give them a hearing.

Michaelwich declares he was to have been married to the girl within a few days, but that last week she jilted him, and when he found she would not change her mind, he resolved to have her arrested.

35 OIL COMPANIES BEGIN BUSINESS INDEPENDENTLY

NEW YORK, Dec. 27.—Thirty-five separate companies formerly composing the Standard Oil Company today began work as individual entities and the gigantic task of organizing and operating forces for the separate units of the old trust was undertaken.

It will take some time to determine whether the dissolution plan will produce the competition that the government hopes for. According to independent oil men, there has been no change thus far.

CRACKSMEN WEAR KID GLOVES.

Up-To-Date Safe-Blowers Take Precautions Against Finger-Print Clew.

NEW YORK, Dec. 27.—Graduates of the newer school of burglary operated on a safe in a five and ten-cent store in Harlem, and got away with nearly \$4,000 in cash.

The men entered by way of the skylight, drew electricity from a live wire to operate their drill, and with nitroglycerine easily blew off the safe door. Beside the safe were found kid gloves, which the burglars had evidently used to avoid leaving finger prints, which recently have led to the arrest and indictment of several alleged burglars.

THE STREET RAILWAY RAILROADS REPORT HERE HAS NOT BEEN SOLD HEAVY HOLIDAY TRAVEL

A message came to The Sentinel this afternoon from Greensboro to the effect that W. N. Coler & Co., who own the Greensboro, High Point, Salisbury and Concord street railways, had purchased the Winston-Salem street railway.

When seen this afternoon and informed of the report, President H. E. Fries authorized The Sentinel to say that there was not one word of truth in the rumor, adding that there had not been any negotiations whatever between Coler & Co. and the owners of the local plant.

It is true that propositions are received every year from various parties throughout the country asking if the local street railway and electric light plant were for sale, but not one of these has come to the management in several weeks.

The controlling interest in the Winston-Salem railway is owned by local capitalists and it is understood that these gentlemen have no idea of selling, at least at no time in the near future.

ABANDONS PLAN TO LEND MONEY ON COTTON CROP

COLUMBIA, S. C., Dec. 27.—Colonel Robert M. Thompson, promoter of the plan to lend Southern cotton growers \$25 per bale on this year's cotton crop, the rest to be paid when the farmer wishes to sell his product, wrote the editor of a local paper a letter stating that owing to criticism of his scheme he has decided not to press it further now. He hopes the farmers will eventually accept the plan. He declares he is not a speculator and never intends to be one.

The plan, if adopted, Thompson thinks, would save the South fifty million dollars.

He had just drawn his last check and presented it to his housekeeper when he arose from his desk and placed his hand over his heart. He staggered across the room to where his wife was seated, and died in her arms. Mr. Smith was 72 years old.

WIFE "GROUNDS HIS WAVES."

So-called "Electric Healer" Shoots, Slightly Wounding Her.

OCEAN GROVE, Dec. 27.—That he thought her personal magnetism was so strong as to thwart his "electric healing," diverting and distorting the healing current as it emanated from him, seems to be the reason Andrew McConnell, 45 years old, originator of the "human electricity" cult, attempted to kill his wife, Marion, 40, by shooting her at her home. Mrs. McConnell is but little hurt. The ball struck her a glancing blow in the neck, at the base of the brain, striking under the skin for two inches and emerging without penetrating the skull. Despite search McConnell is at liberty.

RAILROADS REPORT HEAVY HOLIDAY TRAVEL

The Christmas travel in Winston-Salem this year was undoubtedly the largest in the history of the city.

City Ticket Agent W. H. Bauerman, of the Norfolk & Western, stated today the travel was very heavy over that road during the holidays. He thought that fully a thousand people went away from the city over the N. & W. to spend the holidays, and great numbers of people came in on their trains to spend the season with relatives here.

A double-header passenger train was conducted last Sunday, when about 800 people were transported between Roanoke and this city. There were over 500 people on the train when it left Roanoke.

City Ticket Agent Fisher, of the Southern Railway, reports that travel was heavier over the Southern than it has ever before been in the history of the city.

The Southbound also enjoyed a splendid patronage.

The main line trains were crowded. The travel is still quite heavy, as many of the people who went away for the holidays are now returning. It will be even heavier the latter part of the week when the holiday rates become effective again.
