DEPARTMENT STORE OF GOTHAM IS IN TROUBLE

New York, April 9.—Receivers were appointed today by Federal Judge Hand for the J. B. Greenhut Company which operates a large department store in this city.

The receivership was asked by a securities company and the defendant consented to the appointment. Walter Noves and William A. Marble were named as receivers under bonds of \$100,000 each.

The J. B. Greenhut Company had an outstanding capital stock of six million dollars and a bond issue of six millions, sinking fund gold six per cent bonds. Under provisions of the bond issue \$150,000 worth of the bonds were to be retired annually. The Central Trust Company of New York is trustee.

Two corporate changes have been made since incorporation of the original firm, Greenhut & Co., Nov. 16, 1910. The first occurred when Greenhut & Co. was consolidated with the Siegel-Cooper Company under the name Greenhut-Siegel-Cooper Company. In May of last year the firm name was changed to J. B. Greenhut Company.

The department store conducted by the company occupies both blocks on Sixth avenue between 18th and 19th streets. It was formerly known as the Siegel-Cooper store. Assets are listed at \$7,465,419 including merchandise, cash and accounts. The liabilities aggregate \$3,543,960, not including the mortgaged liabilities of \$2,950,000.

J. B. Greenhut is also treasurer of the Monmouth Securities Company. The suit is based on indebtedness of about \$200,000 alleged to be due the securities company for loans advanced the J. B. Greenhut Company.

New York, April 9.—The J. B. Greenhut Company conducted a private bank for its customers. Last December, however, the firm gave notice it intended to withdraw from the banking business and no interest would be paid after January 1, 1915. It is believed all depositors withdrew their savings.

A few minutes after appointment of the receiver an involuntary petition in bankruptcy was filed against the company, presented by three creditors with claims representing about \$3,000. They allege that the company's assets exclusive of real estate did not exceed six million dollars and its liabilities aggregate about twelve million dollars.

KAISER VOWS WILL TAKE VENICE TO PUNISH ITALY New York, April 9.—A Paris cable to the New York American says: What the kaiser thinks about Italy is reflected in the following statement he recently made to officers in the Austrian emperor's suite: "Even if we are crushed, we shall never tire of telling our children in Austria, as well as in Germany, that our downfall was due to Italy. If it takes us ten or even twenty years, we will win back whatever we give Italy now, and also seize Venice as interest."

GEN. HUERTA WILL ARRIVE IN UNITED STATES SATURDAY

Former Mexican Dictator Will Pay His First Visit to This Country.

STATE DEPARTMENT FORMALLY NOTIFIED

It Is Rumored He May Become a Resident of New York City Now.

Washington, D. C., April 9.—Official announcement that Victoriano Huerta, late Mexican dictator, was on his way from Spain to the United States was received at the State Department yesterday from the American consul at Seville. Huerta recently sailed on the steamer Antonio Lopez, due to arrive at New York on Saturday. It will be his first visit to the United States, his departure of which last year in the stirring months before he went into voluntary exile led to the American occupation of Vera Cruz.

Just what the purpose of Huerta's visit may be is unknown to officials, but it is generally believed he intends to confer with prominent Mexicans associated with him in his administration who have gathered in New York since the triumph of the constitutionalists forces in Mexico, or perhaps intends to make his residence there.

Plan for Revolt Rumored. The State Department has heard several rumors that some of Huerta's followers were engineering a campaign in Mexico in the name of preventing either the Carranza forces or the Villa-Zapata coalition from obtaining possession of Mexico's government, but nothing tangible has developed, so far as officials here are informed, indicating any move in that direction.

Belief has prevailed in official quarters here that many of the Mexicans now in exile would sooner or later join whatever faction was apparently settling the upper hand in the present struggle.

Duval West at Capital. Fighting still continues in the vicinity of Tampico, but indications are that both sides have drawn on their forces there to strengthen their lines in the neighborhood of Queretaro. This has given officials some relief, because they believe there is less likelihood of attacks on the oil tanks at Tampico.

West in Mexico City. Conditions at Mexico City are unchanged. Duval West, personal representative of President Wilson, has arrived in Mexico City and will confer with the Villa-Zapata officials. He had many conferences at Vera Cruz with Carranza and will endeavor while at Mexico City to get in touch with the Zapata chiefs, and, if possible, visit General Zapata himself at Cuernavaca. His mission is understood to be to report comprehensively on conditions in all parts of the republic, economic as well as political.
