Evansville, Ind., Aug. 19.-Opposiparents saw him alive.

Dallas, Texas, Aug. 19-With iner points on the Texas south east coast sifting thru, it seemed certain early today that the terrific tropical storm early this week had exacted only a comparatively small number of human lives and that the toll of property in the city of Galveston at least was small as compared to the storm of 1900.

That the great two and a half million dollar sea wall saved the city of Galveston from even a worse borror than that of 1900 was evidenced by the outstanding fact that the storm of last Monday and Tuesday caused a property damage estimated at \$2,-600,000 in Houston, which is nearly four times larger than the damage from the 1900 burricane. The damage to Galveston this week, based on measer reports, is placed at \$3,000,000 with a loss of fourteen lives. In 1900, 8,000 per sons met death and the property loss was \$15,000,000

First reports yesterday placed the death list as high as 500 and the damage as high or even higher than the \$15,000,000 mark but this apparently was disproved last night by later advices brought by couriers, newspaper men and oth er persons who spoke with more authority. It is possible, however, that the number of dead at Galveston and other points may be increased by the finding of bodies as the water recedes.

A large section of the storm district is yet to be heard from, but the present number of dead based on the best obtainable information follows:

Galveston 14; Virginia Point 14; Patton 10; Morgan's Point 7; Hitchcock 7; LaPorte 7; Port Action 5; Sylvan Beach 3; Lynchburg 3; Seabrook 3, Houston 5; Dickinson L.

SEA WALL DID DUTY: GALVESTON SAVED

Houston, Texas, Aug. 19-"The sea wall did its duty fully and Galveston was saved."

These were the first words of Dr. Vernon Powell, official representative of the Galveston Commercial Association, who arrived here late yesterday from the is land city. Dr. Powell came from Galveston to Texas City on the steamer Galvez, an excursion boat. From Texas City he came to Houston in a motor car. Dr. Powell said the greatest property damage is on the beach.
