VOL. VII. WILKESBORO, WILKES COUNTY, N. C., MARCH 18, 1891. NO. 3.

LOCK OUT.

See Quotations Below.

We are selling good Chooper than any house in the town or county, and are paying more for produce than some of our brother merchants in R. R. cities 20 years old and more.

Just Think About it.

Only had a R. R. about 4 months and have as good a market for your chickens, eggs, butter, &c., as Winston or Statesville either.

Think once more about us closing out our old stock for almost nothing in order to get ready to sell you goods right. Remember the old adage that "the new broom sweeps clean." Come and help us make the "new broom" and we will show you how to "sweep clean."

We are going to name this new broom

The Wilkesboro Bee Hive

and we are going to make it appear like a bee hive of pure honey to all our customers. We expect to sting you with New prices and as you look back over the past you will remark: "O how I have been cheated by other men in buying my goods, I shall henceforth and forever stick to the Wilkesboro Bee Hive, where I can buy my goods right and live on pure unadulterated Honey."

We claim to be the

Originators & Adjustors of

Low PRICES,

in Wilkes County and we believe the People have found this out. Remember the prices of Plaids, Domestic, Cottonades, &c., when we came to this place. Come and see what they are now. We simply leave the matter for you to Judge Who started the crusade on the prices of these staple articles and necessities of life.

We pay the money for our goods and intend to give our customers the advantage of every change in the market.

Honor to Whom Honor is Due.

One of the fittest monuments to the enterprise of our people and one of the most needed improvements in the county is the double-track iron bridge spanning the Yadkin and connecting Wilkesboro with the depot. Those who have assisted in this matter are the ones deserving the credit. The Winston Republican leaves a wrong impression concerning this matter. We give below a list of the contributors that honor may be given to whom it of right belongs:

and equalize themselves in every and all sections. This having been accomplished any additional legislation upon the money question could be accomplished with more ease and better judgment. But when right at the point of success, the Democrats are about to abandon the labor of years.

This is not however the work of the older school of Democracy, it is the work of the younger school stimulated by a holy fear of the Farmers' Alliance movement. It is an unfortunate hole we are falling into and will defeat for an additional quarter of a century the good work and noble aims of Democracy as well as whatever of good there is in the Alliance movement. By a little discretion the benefits to be derived from the success of both Democracy and the Alliance could have been accomplished in a short time. But it is time to stop and act with judgment.

Mathis Sentenced.

On Thursday of last week Toke Mathis, convicted of the murder of Thomas Henderson, was brought into court to receive the Sentence of death. The Judge with some feeling remarks sentenced the unfortunate man to be hanged on Wednesday, the 22nd of April 1891, about 3 weeks earlier than at first contemplated. The attorneys for defence took an appeal and the case will be reviewed by the Supreme Court. Whatever be the decision of the Supreme Court, Mathis will not hang on the day mentioned as the Supreme Court opinion will not be rendered in time.

\$150 Damages.

The case of the Town of Wilkesboro against I. S. Call elicited a great deal of interest. It was concerning the matter where the town authorities condemned the right of way and built a street over Calls land to the new iron bridge. Committee of appraisers were appointed at the time and reported \$145 damage in favor of Call. Call appealed to the superior court. The case came up Thursday, occupying the entire day, and was stoutly fought on both sides Dula, Barber, Greene & Finley appearing for Call, and Cranor and Furches for the town. The town claimed that Call was not entitled to damage because the building of the street had benefited him much more than he was injured. Call claimed otherwise. The Jury after remaining a short while returned a verdict of \$150 in favor of Call. The costs and damages will cost the town over \$200.

Bingham's school has opened up at Asheville.

The Geological survey of the State has been re-established, with Prof. Holmes in Management.

Mr. Geo. P. Pell late reading Clerk of the Senate, has accepted a position on the Staff of the State Chronicle.

Governor Hill of New York has accepted the invitation to deliver the address at the unveiling of the Henry W. Grady monument at Atlanta.

The Legislature just closed granted about 37 new R. R. charters. This is certainly a good showing for North Carolina, and evinces a splendid spirit of progress and development at work in our beloved

Speaker Doughton now keeps the time of day by a beautiful Gold watch presented him by the members of the House as a token of his services as Speaker of the House.

"All's well that ends well," and the prolonged struggle in Illinois for the election of U. S. Senator resulted on the 11th inst in the election of Gen. Palmer, Democrat. This was accomplished on the 154th ballot by two of the F. M. B. A. men, Moore and Cockrell, voting with the 101 Democrats for Palmer.

The eighth, our Congressional district, by act of the last Legislature is composed of the counties of Alleghany, Ashe, Watauga, Mitchell, Burke, Caldwell, Cleveland, Gaston, Alexander, Wilkes, Forsyth, and Surry. Lincoln was taken from the eighth and placed in the seventh, and Mitchell, Surry and Forsyth added to the eighth.

Besides presenting a picturesque geographical appearance, it is probably Republican in politics.

COMMITTEE.

Physical culture! What is physical culture? The present aim and the certain results of this new "fad" include the attainment of good health and a fine form; and a fine form outranks a pretty face in the popular estimate of physical beauty. Who is not willing to make some effort for such a desirable attainment? It is not so difficult, after all, if you only know how; and if you want to know how, you may learn from the April number of Demorest's Family Magazine, which contains a splendid article on "physical culture," by Prof. E. B. Warman, A. M., giving a course of exercises, profusely illustrated, which will help everybody—man, woman or child—to acquire a graceful, supple form and without going to a gymnasium, or even spending a cent for apparatus.

And this is not the only attraction of this excellent number of this excellent magazine: "The Land of Our Next Neighbor," "The Care of Palms in the Drawing-Room," "How Art Students Live in New York," "Grottesque Ways of Decorating Easter Eggs," "Kite-Flying" (for the boys), all handsomely illustrated, several capital stories, a fine article on "Thinness: Its Causes and Cure," by Susanna W. Dadds, M. D., are a few of its other features, and there are nearly three hundred illustrations, including a full-page water-color Easter card. As an all-around "family" magazine, this one cannot be beat: there is something in every number for father, mother, and every one of the children; and it is only \$2 per year. Published by W. Jennings Demorest, 15 East 14 Street, New York.

Two Papers a Week for a Dollar a Year.

The "Twice a-week" Edition of The St. Louis Republic is at once the best and the cheapest news journal in the world. It is a big seven-column paper, containing six to eight pages each issue, or 12 to 16 every week, and is mailed every Tuesday and Friday. Its readers get the news of the day almost as promptly and fully as the readers of a Daily and half a week ahead of any Weekly in every State in the Union. Yet the price is Only one Dollar a Year. Special Missouri Illinois and Texas Editions are printed and a General Edition for other States contains nothing but details of important events of interest everywhere. The Republic is the leading Democratic paper of the country, aggressive but at the same time liberal, and the only thoroughly national journal in the whole country. Remember the price is Only One Dollar a Year. Sample copies, also an illustrated premium Catalogue, sent free on application.

It's an Ill Wind that Blows No One Good

In the midst of the Panic which has just passed over the money market of this country our buyers were on the market placing orders for

SPRING GOODS.

A panic has been defined as "People losing their heads." The definition is a good one. During the crisis a Dollar in Cash was worth a handsome Premium. Had our Merchandise who found themselves in need of ready Cash were driven to make Sales, the opportunities for profitable investments were not wanting.

It is only necessary to add that we have taken advantage of the situation to the greatest extent and as a result are prepared for the Spring Trade as never before.

Economical management, small profits and a large volume of business, we have always believed, the surer road to success. This will continue to be our policy.

To merit the good will and support of our customers is always our most in our minds, and starting in the New Year with such auspicious prospects affords us pleasure to invite their continued co-operation.

Very respectfully,

WALLACE BROS.

You are a Very Lazy Fellow

AND CARE NOTHING FOR YOUR OWN INTEREST.

If you are not energetic enough to read these few lines and post yourself as to where to sell your produce and buy your goods.

We have not had time to get any poetry for you this week, but if you will just bring us in your produce and purchase some of our goods, you will go home better pleased than if you could repeat every line of poetry that has ever emanated from the pen of the town poet.

Our stock of goods brooks no rival in quantity, quality, variety and price; and our prices for produce are the highest.
