 THE CHRONICLE, Wilkesboro, N. C.

Equal Taxation, Direct and Indirect.

VOL. IX.

WILKESBORO, N. C., THURSDAY, NOV. 2, 1893.

NO. 31.

THE CHRONICLE.

R. A. DEAL, Editor and Proprietor.
 Entered at the Post-office in Wilkesboro as second-class matter.

THURSDAY, NOV. 2, 1893.

The Senate has actually begun to vote—rather curious.

Representative W. H. Bower has given the army cadetship of this district to Mr Joseph T. Linney, son of Wel's Linney, of Vashiti, Alexander county.

If an "imported furriner can import other good "furriners" who make respectable, honest and helpful citizens, why is he not helping the town and county?

Some fellow in Kansas has discovered a dye or something by which he can make negroes white. He is going to open up a paint shop and make his fortune.

Last Saturday the 28th an unknown person entered the home of Carter Harrison Mayor of Chicago and shot him four times, from which he died in a short time

The unconditional repeal of the Sherman law is an accomplished fact. No doubt some wholesome silver legislation will now shortly be enacted.

There seems to be some chance for North Carolina to furnish the man to fill U. S. Judge Bonds place, if an united effort is made. We think it would be proper for all to unite on Judge R. F. Armfield,

Miss Daisy Garland daughter of ex-attorney general Garland committed suicide in Washington City last week, by shooting herself through the heart. She was subject to fits of mental aberration.

A Wilkes correspondent of the Charlotte Observer says: Mr J. P. Rousseau, revenue agent returned from Virginia where he has been for ten days looking after crooked brandy. He seized 4,000 gallons, and found bonds on 10,000 more.

Mr John M Wagner of Statesville died last Saturday at Charlotte, whither he had gone to assist in the Observer office in the absence of Mr Caldwell who is attending the bedside of his sick wife. Mr Wagner was for a time connected with the Lanconrk, and was beloved by all who knew him.

Some of our "furriners" feel slighted because they were not mentioned in the "furrin" write up in the Winston paper. In fact the authors of the great article are "furriners" themselves and they failed to sign their names. But for ways that are dark and tricks that are vain, these "furrin" Radicals take the cake, and the world moves on as lovely as before.

It was a frost right, that on Monday morning. Everything that was exposed is killed. And though "The vine still clings to the mouldering wall Yet at each blast the dead leaves fall."

The tinge of autumn beauty is stamped upon the forests and the leaves, brown and sear are falling one by one. Soon the forests will be bear and the wintry winds will be sighing and shrieking among the open branches. One nearly shivers to think of it.

The North Wilkesboro News has entered its third volume. For two years it has lived and moved and had its being among us, greeting us weekly with its news, and it is still pressing forward. Its editor Mr Robertson, is a special friend of ours, and we wish him and the paper prosperity and success.

Dr J. C. Price, colored, president of Livingston College at Salisbury, died last week. He was undoubtedly one of the foremost negroes this country has ever produced. By his personal efforts he raised about \$30,000 for the endowment of the college of which he was President. He understood the needs of his people and labored to educate them, and was conservative in his views and teachings.

New Jersey belles dont allow little matters to stand in the way of their marrying, and that too, right at the time set. Last week one of them had the hour set for marrying. Her fellow by unavoidable reasons did not arrive as early as she thought he ought. And so she called in another of her old lovers and married him. The other fellow came up just after the ceremony was over. We want to congratulate the fellow that got left. In the language of Col. Linney, "he escaped a mighty 'scapement.'"

Judge Hugh L Bond, Judge of the United States circuit court died in Baltimore last week. His death was due to heart failure. He had never fully recovered from an attack of lagrippe a year ago.

He was appointed Judge by President Grant in 1870, and presided as judge in the Kuklux trials in the Carolinas, and decided the famous South Carolina presidential electoral board case in 1876.

We may be an old foggy on the question, but it always appears to us that it is safer and surer and more economical in the long run to invest as sparingly as possible in commercial fertilizers for wheat. We are aware that it is becoming the general idea that every thing we use should be store-bought. Some even argue that it is cheaper to buy their meet and bread than to raise it at home. But this idea is not the correct one so far as we are able to see. And the idea of buying commercial fertilizers is easily run to the extreme. These fertilizers have to be paid for and there's no getting around it, no matter what price wheat is bringing. In the good old days, before the store buying idea became so prevalent, people used to gather up from every nook and corner, all the manure and rich substance and scatter it over their wheat lands and make good crops. Perhaps the yield was not quite so great but every bushel of it belonged at home, with no store debt hanging over it. And people could sell their wheat when ever they pleased and to whom they pleased. And then there was a real substance left upon the soil. We do not mean to wholly condemn the use of fertilizers for wheat. It is defensible in some instances. But the idea should not be run to the extreme, which appears to be the case this season.

When all other remedies fail Ayer's Sarsaparilla if persistently used effects a cure. Being powerful alternative, it cleanses the blood of all impurities, destroys the germs of scrofula and imparts new life and vigor to every fibre of the body.

On a Quarter. An exchange finds that on an American 25 cent piece there are 13 stars, 13 letters in the scroll held in the eagle's beak, 13 marginal feathers in each wing, 13 tail feathers, 13 parallel lines in the shield, 13 horizontal bars, 13 arrow heads, 13 letters in the words "quarter dollar."

It is reasonable to suppose that as Ayer's Sarsaparilla has benefited others it will benefit you. No other medicine is so effective in producing a radical change in the blood and imparting renewed life and energy to the whole system, both nervous and physical.

LOT SALE.

The First Public Lot Sale of the WILKESBORO LAND & DEVELOPMENT COMPANY, in the town of Wilkesboro N. C. will take place on

WEDNESDAY, NOV. 8th '93

At 10 o'clock a. m.

Every body is invited to attend the Sale and invest in some of the best property in the State.

As to the future of the town of Wilkesboro, it is idle to speak to those who are acquainted, but for the benefit of those who are not posted we will say that the extension of the Railroad from Taylorsville is almost an absolute certainty, and English Company in control of the right of way from Southport contemplate building that road and hope to be in shape to begin work at an early day, and then other railroad matters could be mentioned, which will make Wilkesboro a RAILROAD CENTRE IN THE NEAR FUTURE,

which modestly forbids using as an advertisement at this time "The straws show the way the wind blows," and if you want to be sure you are right invest your money in the town of Wilkesboro.

Terms of Sale:

One-fourth CASH; balance in six, twelve and eighteen months with six per cent. interest. Titles reserved until full payments are made.

Positively no by-bidders, every lot put up will be sold regardless of price. Each and every member of the Company reserves the right of course to bid and buy at this sale, but will be on the same footing with all out side parties. No one allowed to bid for the Company. Every lot of land will be sold if we get a bid.

In the event of rain so that the Sale cannot take place on Wednesday November 8th it will be postponed until Thursday, November 9th, the following day.

No such chance has ever been offered in the history of the town to get good homes cheap, and no time in the history of the town has the progress of the piece been so encouraging or her future so bright.

The Iron Bridge at Curtis Ford over the Yadkin River is now under way, and we hope to have same completed before the day of Sale. This, with the improvement of the roads, will bring the whole of the Blue Ridge Wagon Trade to this town which is a guarantee for Wilkesboro of the best trading point in the State.

The Secretary, or any other member of the Company, will be glad to show any and all prospectors over the property before the day of Sale.

R. A. SPAINHOUR, president.

D. E. SMOAK,

Secretary.

The Winston daily is not favorable to the proposition to extend the Taylorsville road to Wilkesboro. It says we have one railroad and we should sit down and keep quiet. Winston has four or five railroads, and whenever any opportunity is afforded for another one The Daily will do all it can for it, and no one would blame it. If it is alright for Winston why not alright for other people to have more than one railroad? Winston although a splendid town with splendid people is not all the place in the world, and the Daily should not be so selfish as to discourage the idea of any other place making efforts to go forward.

Taylorsville is willing.

The idea of extending the Junebug railroad on to the capital of Wilkes, urged in Sundays Observer, is to the point. This is the most direct route from the northwestern counties to the Southern markets. Is this road were built it might take a little of the Mountain trade from Taylorsville, yet we will not stand in the way of progress. Let them build the road if they want it.

Wants Lewis Fork Remembered.

The Democrats of Lewis Fork township are not professional kickers but simply want Mr Elias and McEwen to recognize some of the good Democrats who are trying for a storekeepers place. The leading Democrats of this township petitioned the Dep't and asked Deputy Collector McEwen to do all in his power for the appointment of a cripple for a storekeepers place, but they failed in that. We had two good men in the field for the place, the Elk man got. Now we are not howling at the Democratic party but simply ask Mr Elias and McEwen to remember a township that is nearly solid Democratic.

KENTON.

Notwithstanding that the Post master at Wilkesboro "Chronicles" the fact week after week; that Joe Robertson, of North Wilkesboro, gives it as much of his Weekly "News"; that Mr Wm Johnson, of Jefferson, is trying to get every "Citizen" to know it; that it shines in every "Star" of Alleghany; yet there are any amount of people in this section that does not know that there is a hardware store in North Wilkesboro, that it is on the corner of B. and 9th street, that N. M. Allen is striving to be useful to them—and himself.

Attention

In time to any irregularity of the Stomach, Liver, or Bowels may prevent serious consequences. Indigestion, headache, nausea, biliousness, and vertigo indicate certain functional derangements, the best remedy for which is Ayer's Pills. Purely vegetable, sugar-coated, easy to take and quick to assimilate, this is the ideal family medicine—the most popular, safe, and useful aperient in pharmacy. Mrs. M. A. BROCKWELL, Harris, Tenn., says:

"Ayer's Cathartic Pills cured me of sick headache and my husband of neuralgia. We think there is

No Better Medicine, and have induced many to use it."

"Thirty-five years ago this Spring, I was run down by hard work and a succession of colds, which made me so feeble that it was an effort for me to walk. I consulted the doctors, but kept sinking lower until I had given up all hope of ever being better. Happening to be in a store, one day, where medicines were sold, the proprietor noticed my weak and sickly appearance, and after a few questions as to my health, recommended me to try Ayer's Pills. I had little faith in these or any other medicine, but concluded, at last, to take his advice and try a box. Before I had used them all, I was very much better, and two boxes cured me. I am now 80 years old; but I believe that if it had not been for Ayer's Pills, I should have been in my grave long ago. I buy 8 boxes every year, which make 240 boxes up to this time, and I would no more be without them than without bread."—H. H. Ingraham, Rockland, Me.

AYER'S PILLS

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

Every Bottle Sold

NORTH CAROLINA TO THE FRONT.

SUPERIOR COMMERCIAL ADVANTAGE! CONTRIBUTE TO HER WONDERFUL GROWTH AND DEVELOPMENT.

NO SECTION SO FAVORED BY NATURE, —and— NONE OBTAINING SUPPLIES AT LOWER COST.

THE LEADING WHOLESALE HOUSE

Of North Carolina claims the credit for not only carrying the Largest, Handsomest and most complete stock of General Merchandise in the State, but what is of much more consequence, LEADING ALL IN LOW PRICES.

In Dry Goods and Notions we are the acknowledged leaders. Few can meet our Prices; none attempt to Beat Them.
