 THE CHRONICLE, WILKESBORO, N. C.

VOL. XI

WILKESBORO, N. C., THURSDAY, JAN. 30, 1896.

NO. 42.

## THE CHRONICLE.

R. A. DEAL, Editor and Proprietor.

Entered at the Post-office in Wilkesboro as second-class matter.

THURSDAY, JAN. 30, 1896.

The war clouds still hover round us.

Congress has in it 200 lawyers, 20 editors and 3 ministers.

The national convention of the Populist party is to be held in St. Louis, Mo., July 22nd.

Senator Allison was elected to succeed himself by the Iowa Legislature, last week.

Col. Linney has introduced a bill in Congress for the total repeal of the internal revenue laws.

Col. Money is to succeed Senator George from Mississippi. The Democratic caucus so decided last week.

Davidson College now has the largest number of students in her history, having enrolled 172 since last September.

Illinois Democratic leaders, it is said, have agreed on Morrison for President and Adlai Stevenson for U. S. Senator.

Geo. L. Wellington, Republican, has been elected to succeed Senator Gibson, Democrat, of Maryland.

The Washington Post says: "We desire to call Senator Prichard's attention to the fact that Senator Butler is one speech ahead of him."

The Raleigh News and Observer says that measles are prevalent all over the State and that in a number of places schools have been suspended.

The name of Hon. C. B. Watson, of Winston, has been mentioned in connection with the Democratic nomination for Governor. He would make an able and aggressive canvasser.

The Cubans are still bravely struggling for freedom. The sympathy of the American people is with them, and we hope they will win. Why not Congress lend them a helping hand?

North Carolina and Virginia Congressmen tell their constituents that they will get no garden seeds this year. It seems that the Department cannot get the seed for distribution as usual.

The Postoffice Department is trying to change Mount Airy to "Mountairy," and the News is protesting violently. A petition will be sent to the Department protesting against the change.

Representative Linney says that if the Democrats nominate Judge Geo. H. Brown for Governor, the Republicans will have to nominate Solicitor Marshall Mott, of this place, against him. These men in his opinion being the most brilliant stumpers in the State.

We learn from an exchange that the Mooresville darkies have been debating some interesting and profound questions recently. Among the most important was: "Which is of the most use to the country, buzzards or lawyers?" The buzzard won.

"Five years ago," says Anga A. Lewis, Richard, N. Y., "I had a constant cough, night sweats, was greatly reduced in flesh, and had been given up by my physicians. I began to take Ayer's Cherry Pectoral, and after using two bottles was completely cured."

### U. S. Civil Service Examination.

The Civil Service Commission has ordered another examination to be held at Statesville, Saturday, March 7th, 1896, commencing at 9 o'clock A. M. for the grades of clerk, storekeeper and storekeeper and gauger in the Internal Revenue service. The examination is open to all reputable citizens of the United States, without regard to race, political or religious affiliations. The minimum age limit of those applying for clerk is 18 years; maximum, none. The minimum for storekeepers and gaugers is 21; maximum, none.

Bishop Atticus G. Haygood, of the Methodist Episcopal Church South, died on the 19th at his home in Oxford, Ga. He was one of the most eminent of Southern churchmen, and was a conspicuous figure in church and educational progress in the South. A great man has done his life work well and gone to his rest.

A negro at Monroe, N. C., by the name of Horn proposed marriage to a negro girl and was refused. Thereupon he pulled his gun and opened fire on her, three bullets taking effect in her body. The girl fled for her life, but Horn pursued and broke the pistol over her head. She will hardly recover.

In Europe the ordinary color for mourning is black, which, being the privation of light, is supposed to denote the termination of life. In China it is white the emblem of purity, which color was the mourning of the ancient Spartan and Roman ladies. In Egypt it is yellow, which, representing the color of leaves when they fall and flowers when they fade, signifies that death is the end of all human hopes. In Ethiopia, brown, which denotes the earth.

Winston Daily Sentinel: "R. A. Deal, of the Wilkesboro Chronicle, passed through Winston last evening en route for St. Augustine, Fla., to attend a meeting of the National Press Association. He will be away a week or more. Bob says it was not convenient for his wife to accompany him. The fact is Bob is an old-fashioned bachelor. He says he is thinking seriously of getting married, but has said nothing about it to his girl. He has made a trade with the Register of Deeds of Wilkes to take Bob's 'Cosmopolitan' for three years in exchange for a 'pair' of license when they are needed."

W. R. Parker Dead.  
 On the morning of the 23rd inst., between 12 and 1 o'clock, near Call's Mills, about six miles from Wilkesboro, Mr. W. R. Parker breathed his last. He had been in feeble health for a month or so, but was not confined to his bed till a week or so before his death. He was about 45 years old, and leaves a number of friends and relatives to mourn his death. Pleurisy was the cause of his death. Our sympathy is extended to the bereaved.

The "Mrs. Monroe Doctrine."  
 News & Observer.  
 It transpires that there is also a "Mrs. Monroe doctrine." When Mrs. Monroe was in the White House she made the precedent of steadfastly declining to return social calls. At first her attitude occasioned a great stir, but she finally won, and to this day the wife of the President returns no social calls. Mrs. Monroe's doctrine led to a recasting of the rules of the White House etiquette, and these rules are said to be still in force.

### He is Not Living Up to his Privileges and Duty.

New York Sun.)  
 There is said to be much disappointment among the Tar Heelers because the Hon. Marion Butler, the Colt Senator in Congress from their State, is so tongue-tied and bashful. They had expected that the young man would speak up like a little man, unawed by the solemnities of the Senate, and stir the dust of precedent, kick the ceiling, make the eyes of the Hon. Adlai Ewing Stevenson hum, and scare the bonnie little fact pages out of their wits. Instead he has been as mum as a mouse in the presence of the unbelted cat. He has made only six speeches of six hours a day every working day of the six weeks he has been in the senate. Naturally the Tar Heelers are losing confidence in him. He is not making his quota of noise. He is silent. The Hon. William M. Stewart and the Hon. William Alfred Pepper like to hear him talk, to be sure. They are the only men who will listen to him, and he is the only man who will listen to them; but he will never get the record by talking only thirty-six hours a week. Thirty-six hours a day is Mr. Stewart's record.

### Wanted to Buy Up the Leading Newspapers.

News & Observer.)  
 A Nebraska Populist has heard so much about "the subsidized press" that at the recent meeting of the Executive Committee at St. Louis he pleaded for \$500,000 "with which to buy up all the leading newspapers and magazines in the large cities for the People's party." It is, perhaps, true that some papers are subsidized—more the pity—but they are few and far between, most of the papers being as independent as the Nebraska Populist is corrupt.

### Wake Forest Letter.

The enrollment of students for the present session is 256. Fourteen of these have entered since the opening of the Spring term. The greatest number ever enrolled in any former year was 233, an increase of 23. Four others are expected within a few weeks, which will swell the enrollment to 260.  
 Dr. C. C. Biting, the agent of the American Baptist Publication Society, delivered to interesting lectures here last week, one on the work of the above society and the other on the size and structure of Solomon's temple.  
 Mr. F. S. Brockman, the college secretary of the Y. M. C. A. in the United States, addressed the student body on the evening of the 21st inst.  
 In the recent fire which destroyed three of the leading stores here, the students worked heroically, and it was largely through their efforts that the flames were finally checked.  
 The Wake Forest Academy, in charge of Mr. H. A. Chappell, is in a very prosperous condition, with an enrollment of more than 100.  
 About a dozen men begin the study of law with the opening of the Spring term five members of the class will apply for license in Feb'y.

Don't worry. Don't run in debt. Don't trifle with your health. Don't try experiments with medicines. Don't waste time and money on worthless compound. Don't be persuaded to take a substitute for Ayer's Sarsaparilla. It is the best of blood-purifiers.

FAIR FACES  
 Disfigured by Eruptions  
 ARE CURED BY  
 AYER'S SARSAPARILLA

"Some years ago, I was in a terrible condition with a humor, or eruption, which broke out all over my face and body. Seeing the testimony of others as to the efficacy of Ayer's Sarsaparilla in like cases, I concluded to give this medicine a trial, and the result was a thorough cure, no sign of the complaint making its appearance since. I have no hesitation in recommending Ayer's Sarsaparilla for any kind of skin disease."—J. W. DEAN, Moss Point, Miss.
