A Village Blacksmith Saved His Little Son's Life

Mr. H. H. Black, the well known village blacksmith at Grahamsville, Sullivan Co., N. Y. says: "Our little son five years old, has always been subject to croup, and so bad have the attacks been that we have feared many times that he would die. We have had the doctor and used medicines, but Chamberlain's Cough Remedy is now our sole reliance. It seems to dissolve the tough mucus and by giving frequent doses when the croupy symptoms appear we have found that the dreaded croup is cured before it gets settled." There is no danger in giving this remedy, for it contains no opium or other injurious drug and may be given as confidently to a babe as to an adult. For sale by Dr. White.

Great Luck Of an Editor.

"For two years all efforts to cure Eczema in the palms of my hands failed," writes Editor H. N. Lester, of Syracuse, Kan. "then I was wholly cured by Bucklen's Arnica Salve." It's the world's best for Eruptions, Sores and all skin diseases. Only 25c at Dr. J. W. White.

THE BARBECUE.

It Was a Success—Magnificent Speaking by Watson and Spainhour—A Large Attendance.

The club rally and barbecue at North Wilkesboro last Saturday was a big success.

There was a large crowd, estimated at from 800 to 1000; the speaking was of the best and highest type; the band dispensed sweet music; all partook of the barbecue and were filled; not an incident occurred to mar the pleasure of the occasion; everybody returned home well pleased and enthusiastic for Bryan and Buxton.

The addresses were of a high intellectual grade that appealed to men's reason.

Hon. C. B. Watson of Winston was the first speaker. He was introduced by Chairman Barber who paid him a deservedly high compliment. Mr. Watson made one of the clearest argumentative discourses to which we have ever listened. He traced the ills of trusts and imperialism back to the iniquitous system of unequal taxation inaugurated and carried out by the republican party by which the few accumulate and centralize the wealth, while the masses must bear the burden by becoming poorer and more surely serfs, instead of free citizens. His arguments were unanswerable. We wish every man and woman in the county could have heard his speech.

Mr. R. N. Hackett then introduced Mr. Joe Spainhour, of Burke, who made a rattling and rousing speech. His castigation of E. Spencer was of the latest style and fully up to date. His speech was a gem.

After the speaking came the feast. It was elegant and sufficient for all. In fact the entire occasion was a grand success.

Murder in Ashe.

It is learned here that on last Thursday night, near Jefferson, Ashe county, a man by the name of Hudgins shot and killed a young man named Duncan. He shot him three times. As reported they fell out over politics and whiskey. Duncan was the son of a Primitive Baptist preacher and Democrat. Hudgins is republican. The phone line is out of fix and we have been unable to get the particulars.

Public Speaking.

Messrs. W. W. Barber and H. L. Greene will address the people at Nichols' school house in Reddier River township, Saturday, Nov. 2nd, at 1 o'clock p. m.

Mr. R. N. Hackett will speak at Dimmette Bros' store in Edwards township, Monday, Nov 5th, at 1 o'clock.

Hon. R. B. Glenn, of Winston will speak at Jefferson, N. C., on Saturday, Nov. 3rd, at 1 o'clock.

The people are cordially invited to attend.

To remove a troublesome corn bunion: First soak the corn or bunion in warm water to soften it, then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily; rubbing vigorously for five minutes at each application. A corn plaster should be worn for a few days, to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by Dr. White.

DONE WITH REPUBLICANISM.

A Letter From California.

Editor THE CHRONICLE:

In the Spring of 1888, I left Wilkesboro for California. When I left, R. A. Deal was editor and proprietor of THE CHRONICLE. I hope that neither he nor THE CHRONICLE is dead, because democracy is now very greatly to be desired.

Perhaps a few persons in Wilkesboro may remember me as one of the boys who came from West Virginia to start a republican newspaper. I was not ashamed to be a Republican then. But I quit the party soon after coming to California. I shall give Bryan my vote again in November.

I shall never vote to have our republic develop into an empire as the Roman republic did. I beg to be excused from voting for the party of trusts. The trust is a merciless master. It is as one great company all over the country. It regulates the wage rate. No man can quit work in any line of labor controlled by the trusts and go elsewhere to seek better wages, as he used to do. No man need strike; for he will be starved out, and factories elsewhere will run on and meet the demands. No man can loudly claim his own soul, else will the trust blacklist him and, so far as his line of work goes, he is without employment and turned out to starve. The man who votes with the republican party, votes for slavery for himself and his fellows. The trust is the one monster, conscienceless master.

The late National Bank law fixes the yoke upon our necks, silver and the greenback are to be outlawed in order that money-lenders may have a currency based on bonds, a device to bring them bond interest and bank bill interest. "Sound money" is to be tested by two interests—double interest. Silver and greenback give no class an interest from other classes; therefore, we are told they "unsound". Every seven years labor must redeem the bank-bill currency, that is, the interest, but the principal remains unpaid; and thus it goes on forever. I cannot vote myself such a fool or slave.

Respectfully,
AARON W. FREDERICK.
North Fort, Cal., Oct. 13, 1900.

Officious Deputy Collector.

A Deputy Collector under Harkins, not 500 miles from here, is very busy tolling the people that democratic lawyers caused all the trouble at last term of Greensboro court, and ran their clients off for political purposes. Did any clients leave except those of democratic lawyers? Ask Graham, Davis, McNeill, Holbrooks and others. Now, Mr. D. C., quit such rot; the checks are still in existence which were issued to you for blockade whisky, since your appointment as D. C., and if you demand it, they will be shown you, with your own proper endorsement on the back, and on the face of which should have been "paid" by the bank. Fight fair, Mr. D. C., and don't try to fool the people?

Checks you know are returned by the bank to party issuing them after payment.

One who Knows.

Spread Like Wildfire.

When things are "the best" they become "the best selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years. You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves; hence cures multitudes of maladies. It builds the entire system. Puts life and vigor into any weak, sickly, rundown man or woman. Price 50 cents. Sold by Dr. White Druggist."

Millions Given Away.

It is certainly gratifying to the public to know of one concern which is not afraid to be generous. The proprietors of Dr. King's New Discovery for Consumption, Coughs and Colds, have given away over ten million trial bottles and have the satisfaction of knowing it has cured thousands of hopeless cases. Asthma, Bronchitis, La Grippe and all Throat, Chest and Lung diseases are surely cured by it. Call on Dr. J. W. White Druggist, and get a free trial bottle. Regular size 50c and \$1.00. Every bottle guaranteed.
