—Miss Margarette Amanda Terrell, who is well remembered here, her father being pastor of the Methodist church here some years ago, was married last week to P. D. Estes, of Rutherford College.
—Some of the cigarette kids who are preparing to enter the penitentiary acted bad the night of the old maid's convention, by almost causing a team or too to run away. There were ladies in the buggies, too.

—Judge F. D. Winston has been designated by the Governor to hold the special term of court for Wilkes, beginning May the 19th next. Judge Winston delivered the Masonic picnic address here a few years ago. He is said to be making a most excellent judge.

—The boys at Booneville Academy will have a debate on Saturday night next on the question "Resolved, that women should have the right to vote in State and National elections."
The speakers are, E. R. Settle and W. J. Johnson for the affirmative, and J. R. Barron and J. J. Corum for the negative. Our countyman Willie Johnson is on the side of the women as usual.
—The "Old Maid's Convention" at the court house Thursday night was most excellently rendered and kept the house in peals of laughter all the while, and although the night was extremely unfavorable a fairly good audience was present and the receipts amounted to over \$23.00. At North Wilkesboro the night before \$54.00 was realized. These sums go to the Baptist State Female University.
—There was an accidental shooting Sunday over near the poor house. Charlie Shepherd and Buret Forester, two boys, were over there and had a pistol. They got into a scuffle over it somehow and of course the pistol fired. The ball took effect in the left side of Shepherd's neck and ranged around to the back of the skull. The ball has not yet been located, and the boy is in a rather dangerous condition. Boys, pistols and cigarettes make a dangerous compound.
To the Public School Teachers.
I desire to call your attention to the fact that after July 1st 1902 the exchange prices on school books cannot be taken advantage of by our people. I urge you therefore to take advantage of these rates at once, for if you fail to exchange your old grammars and arithmetics before July 1st they will be worthless and you will be compelled to buy at full price the new text books which the law requires to be used for the next four years.

There is a decided advantage in having the eyes properly fitted with glasses. It not only changes the value of the eyes, but changes the appearance of the face. Perfect vision makes you look pleasant, and helps you to know the good by enabling you to see the best of life.
