Mail Carried by Flying Machine

New York Dispatch, 23rd

The first United States mail ever transported by aeroplane was carried today from the aviation field on Nassau boulevard, Long Island, to Garden City, a distance of five miles, by Earl L. Ovington, in a Bleriot machine. His flight for this purpose was the leading feature of the international meet's opening day.

Ovington took only one bag of mail, held it between his knees, and when he was over Garden City he dropped it on the signal of a man who waved a flag as pre-arranged. This bag contained about 75 pounds of letters and post-cards. He left behind fully 300 pounds of mail matter which was later sent by automobile to the Garden City post-office, although it bore the special postoffice stamp of "Aerial station No. 1; aerial special service."

Ye Yadkin youngsters.

A word to you, sonny—you little twelve or thirteen year old boy who is smoking cigarettes on the sly. What do you want to be when you grow up—a stalwart, healthy, vigorous, broad-shouldered man, or a little, puny, measley, no-count weak-minded dude? If you want to be a man, strong like a man, with hair on your face, brains in your limbs, you just let those cigarettes alone. If you want to be a thing pitied by your folks, despised by the girls and held in contempt by the fellows, keep right on smoking and end your days in the insane asylum.—Ex.

Says the Charlotte Observer: "It generally requires an equinoctial outburst to upset summer from the lap of winter." It takes no more than the merest indication that papa is approaching to upset a girl from the lap of her beau.—Winston Journal.

How'd ye know?

In Awarding Big Alimony Courts Stimulate Divorce.

By Judge WILLIAM CUSHING WAIT of the Superior Court of Massachusetts.

AS for contributory reasons for divorce I might mention the elaborate, not to say elaborated, stories published in the newspapers regarding enormous sums of money paid for alimony.

Without passing criticism, but simply stating what I think to be obvious conditions, I may say that I think that such a liberal alimony is an INCENTIVE TO SEEK DIVORCE. If the courts were LESS LIBERAL in the awarding of alimony it might be that some of these persons born in poverty and raised to wealth by reason of marriage might not be so anxious to sever the tie that bound them to the one from whom they received an income.

GRANTING THAT AVARICE MAY LEAD SOME PERSONS TO MARRY ANOTHER OF THE OPPOSITE SEX BECAUSE OF MONEY AND LUXURY, THE ATTITUDE OF SOME OF OUR COURTS IN GRANTING AN EXTRAVAGANT ALIMONY SEEMS TO PUT A PREMIUM ON DIVORCE FOR SUCH AVARICIOUS PERSONS.

Personally I believe in moderate alimony, but only in certain cases, comparatively few in number. I don't believe, for instance, in a young and able-bodied woman with any business experience—or business ability—taking money from a man she no longer cares for simply because he was once her husband and because it is EASIER THAN WORKING FOR HERSELF. Pride should step in, and if she won't live with him she SHOULDNT BE WILLING TO ACCEPT MONEY FROM HIM. It doesn't seem to me to be square or sturdy or American.

Big Damage Case is Begun

The plaintiff is represented by S. Carter Williams of this place and Phillips & Bower, and Walser & Walser of Lexington.
