## Meeting of Young Ladies Club

Last Friday afternoon Miss Rachel Royall charmingly entertained the Busy Finger Club at her home.

The guests were received and ushered into the parlor by the hostess, where a pleasant hour was spent in needlework.

A delightful musical program rendered by Misses Royall and Dixon was highly enjoyed by all. Delicious refreshments were served after which Miss Royall was chosen President and Miss Dixon Sec. of the club. Those present were, Misses Blanche Dixon, Turnie Warden, Beulah Logan, Laura Reynolds, Florence Holton, Florence Dobbins, Hemans Kelly and Connie Reynolds.

## HEALTH TALKS

Well, anyway, don't worry about it. We are scheduled for hot weather, and worrying will not cool it any. On the other hand, worrying is sure to make you feel much hotter. Take things easy. Smile at the other fellow when he says he is hot. Be good natured. A cool temper and a sunny disposition go well with hot weather.

For comfort, dress according to the season. This is pre-eminently the season for light colors and light weight, porous, loose fitting clothes. Tight fitting clothes are for women only. Mere man will never be induced to imprison himself within close fitting clothes. Under summer temperatures it is burden enough for him to be required to keep within the bounds of modesty in regard to clothing.

Don't live in a room in which there is no fresh air. Don't work in room in which there is no fresh air. Don't sleep in a room in which there is no fresh air.

Consumption causes more deaths than flood, famine, fire earthquake, war, and tornado, all combined.

Prevention is better than cure and far cheaper.

## Notice

The Republican voters of North Liberty township are hereby notified to meet and hold their primary at Yadkinville Saturday August 3rd, 1912, at 2 o'clock p. m. for the purpose of electing delegates to the County Convention.

This July 8, 1912.  
J. E. SHUGART,  
Chairman Liberty township Com.

## Learn How To Handle Your Tools

One queer idea rather prevalent in the South is that when a farm implement fails to do good work on some man's farm it is the fault of the machine. Now a little thought should convince anyone that nine times out of ten it must be the fault of the man. All farm implements are not perfect, of course, and no one of them is likely to be best under all conditions; but it needs only a moment's reflection to convince a man who thinks, no one can afford to make and sell a machine that will not do good work if given a fair chance—certainly no man or firm with a large investment of capital or with a reputation to lose, or make, can afford to do so. I have seen men harrow their corn and drag out a lot of it, but it wasn't the harrows fault. It was because the land had been poorly prepared, because the harrow teeth were not properly set, and because the driver did not know his business. On land prepared as it should be I can run a harrow all day and not pull up enough corn for anyone to notice it at all two days later. The man who does not get good results with any standard farm implement should first of all make sure that he is handling it properly.—Shop Man, in the Progressive Farmer.

## Swain Denies Reports

Mr. W. F. Swain, whose card appears in another column, has a few words to say in regard to some reports that have been circulated about him as follows:

"It having been reported in some sections of the County that my educational qualifications were not sufficient to administer the duties of the office of Treasurer of Yadkin County. I hereby take this step to deny these reports. I have been List taxer for Knobs township two times; have been in the mercantile business for 12 years and have done all my book-keeping, etc. during that time. All I ask is a square deal with the good Republicans of Yadkin and I am sure they will give it to me."  
W. F. SWAIM.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes weeping and doing housework all day, and crawling into bed dead tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

## Mail Carriers Will Fly

This is an age of great discoveries. Progress rides on the air. Soon we may see Uncle Sam's mail carriers flying in all directions transporting mail. People take a wonderful interest in a discovery that benefits them. That's why Dr. King's New Discovery for Coughs, Colds and other throat and lung diseases is the most popular medicine in America. "It cured me of a dreadful cough," writes Mrs. J. F. Davis, Stickney Corner, Me., "after doctor's treatment and all other remedies had failed." For coughs, colds or any other bronchial affection its unequalled. Price 50c and \$1.00. Trial bottle free at all Druggists.

## Some Advice To The Farmer

I would like to make a few suggestions to the farmer as how he can help in big and little ways to make his wife, as she ought to be, the happiest and best contented woman on earth.

If there is a telephone line in reach of you, have a phone put in your house. If there is none, get together with your neighbors and build one. It will pay you as well as give pleasure to your family.

Get to work on good roads in your community, if you haven't them already. Then get a gentle horse your wife can drive and see that it is at her disposal at least once a week. Get a buggy for her to ride in instead of having to use the old heavy farm wagon.

Subscribe for one or two good magazines for her. Make her your business partner and consult with her about everything. The chances are she has just as much sense and business judgment as you and she may have more.

And remember that anything you can do to increase your wife's health and happiness will increase your own and that of the whole family.—Mrs. Lillian Brooks Gatin, in the Progressive Farmer.

## Institute In Full Blast

The Teachers Institute being conducted by Prof. J. S. Wray opened Monday morning with a good attendance but some did not arrive until yesterday.

They now have on roll 77 regular pupils and 25 visiting pupils. Mrs. Foreman who was to have assisted Prof. Wray has not arrived.

Although the attendance is large some of the teachers are not attending the Institute, and it is a matter of fact and law that those of the teachers, who do not attend cannot teach school next year, even if they have got a certificate. According to Prof. Martin's statement those who are provisionally kept away can secure schools.

## A Fancy Marriage

A new notary in Memphis called on marry his first couple was completely lost, but arose heroically to the occasion and said the ceremony as follows:

"Do each of you solemnly swear that you will obey the Constitution of the United States and of Tennessee, and that you will obey the duties of your office? Then I pronounce you man and wife forever, and you stand committed until all fines are paid, and may God have mercy on your souls."
