## UNDER TAFT'S ADMINISTRATION

The tariff has been revised. Within a year following passage of the Payne bill wages were increased more than \$500,000,000. Industry is operating at high pressure, general business is prosperous, and there is a scarcity of labor everywhere.  
Two acts providing safety for railway employees and proper inspection of appliances have been passed.  
The federal mining bureau for reducing the dangers to workmen has been established.  
A children's bureau to minimize infant mortality and reduce child employment in factories has been organized.  
Pensions for Union veterans of the war of the rebellion have been broadened and increased.  
White slavery has been outlawed and checked.  
Our trade with foreign nations has been enormously increased, particularly in iron and steel manufactures. Congress has made the contract between railroads and their employees more favorable to the latter.  
Shippers by rail and patrons of express, telegraph and telephone companies are assured just rates by reason of additional authority conferred upon the interstate commerce commission.  
The eight hour law on government work has been extended to include contract supplies.  
Practice in the federal courts has been simplified in the interest of all litigants, which will relieve particularly the poor suitor.  
Postal savings banks have been established to the great convenience of persons who formerly hoarded their surplus.  
Provision has been made for the parcels post, which will begin operations Jan. 1.  
These are among the achievements of three years of Taft. No other administration within the same brief limit has accomplished so many substantial benefits to the people. Why make a change, involving widespread upheaval of business, when every physical and material condition is favorable?—From Harrisburg (Pa.) Telegram.

## Notice of Change in Business

Having purchased all of the stock of the Yadkinville Harness Company I beg to announce to the public that I will continue the business at the same stand, and under the same name and will appreciate the continued support of all my former customers for whose business I am always thankful.

In the future I will sell only for cash and by doing this and discounting my bills I can make better prices and carry a better stock. All of the discounts which I get will be taken from the price of the goods and the customer will be the beneficiary.

All parties who are indebted to the Company are requested to make payment at once in order that the affairs of the old company can be settled up. This October 1st 1912.

How the Democratic party does progress! Its tariff plank in 1892 and 1912 are duplicates. The results will be, too, if the American people elect Wilson—Norwich (Conn.) Bulletin.

## ALL NICE FELLOWS NOW.

—From Morning Oregonian of Portland, Ore., Sept. 8, 1912.

## WHO WAS REPRESENTED?

Dr. Wilson Asks Question That May Embarrass Democrats.  
"Who," asks Woodrow Wilson in his speech of acceptance, "when you come down to the hard facts of the matter, have been represented in recent years when our tariff schedules were being discussed and determined, not on the floor of congress, for that is not where they have been determined, but in the committee rooms and conferences?"  
Precisely. Who has? When the Payne-Aldrich bill was being framed prolonged and open hearings were conducted by the ways and means committee. Every one who had facts or arguments to present was given an opportunity to be heard. However, when Dr. Wilson's fellow Democrats undertook to revise the schedules in this congress Oscar Underwood and his associates barred the doors and out of advice, the sources of which they have never yet entirely disclosed, proceeded to make up the schedules in secret and jam them through the house by gag rules.  
It would be interesting could Dr. Wilson secure from the Democratic leaders an answer to his question. It was not entirely thoughtful of him to propound it.

## Another African Theodore.

An African Theodore came to grief just forty-five years ago because he thought he was the whole show. The rest of mankind thought they were some show, too, and Theodore of Abyssinia learned too late that he had made a very serious mistake in not taking that very natural attitude into account. Nature has not given to any individual a monopoly of the abilities requisite in the rule of a people.

## A vote for the Democratic ticket this fall is a vote for free trade and all that free trade stands for.

A vote for the Democratic ticket is a vote for something which no one, not even its promoters, can give any light upon. A vote for the Republican ticket is a vote for protection to honest American toil, and protection is a synonym for prosperity.—Newport (N. H.) Champion.  
When Wilson Will Get Worse Left.  
Woodrow Wilson complained that his private car was left several hours behind by the Chicago express. That's nothing to the way he and his free trade crew will be left behind by the Taft Republican express on Nov. 5.

## Over Million Pounds Tobacco Sold on Winston Market Last Week

The Winston tobacco market made a great record last week when it sold over one million pounds of all kinds of tobacco for a grand average of \$12.53 per hundred.  
It is said that no other market in the old belt can show anything like this either in the number of pounds or the average price per hundred. In fact, the market surprised itself both in pounds and prices. Never before in September has the market had such breaks as it had from Wednesday to Saturday of last week.  
Great droves of wagons, the Sentinel says, rolled into the warehouses, filling them up to the doors and then many wagons had to be unloaded on the streets. It was a great sight with hundreds of the growers in the warehouses for four days.

## Terrapin a Hundred And Thirty-One Years Old

Master Sam Tesh Jr., caught a terrapin near his father's store in West Salem on Wednesday of this week which from initials and date cut on the shell of the terrapin shows that this snail-eater had been traveling these parts for one hundred and thirty-one years. The date cut on the shell was 1781, with the letters "Y. Z."  
Mr. Tesh will probably exhibit the terrapin at the fair next week.—Winston Sentinel.

—We are in a position to send you the Ripple and the Carolina Union Farmer, both one year for the small sum of \$1.20.  
—At the Wilkes County fair last week our townsman Mr. B. James won three first prizes and two 2nd prizes—amounting in all to about \$250 in cash.  
—H. B. Bahuson has made a slight change in the arrangement of his store. He has fitted up a neat room for shoes only and a neat appearance is added.  
—Henry B James has all kinds of Buggies and Harness for sale. Good new buggies from \$40.00 up. Good harness \$10.00 a set.  
—Miss Mallie Ostwalt of Ostwalt, Fredl Co. left yesterday for her home after attending some time here with her sister Mrs. Arthur Hinshaw.  
—The announcement of the marriage of Mr. J. P. Parker and Miss Maude Ring has been made at Elkin, the happy event to take place in October.  
—When in Winston, for an easy shave and good hair cut see O. D. Castevens, prop. of the Antiseptic Barber Shop on Liberty Street between Auditorium and Liberty Theatre.  
—Mr. C. N. Mackie of Newberg Oregon, is visiting relatives and friends in this section for a few weeks. This is Mr. Mackie's first visit to this country in several years.  
—Mr. Richard Turner and Miss Ada Wishart were married at Pasadena, Cal., Sept. 11. Mr. Turner is a native of this county, being reared near West Bend, and is a practicing attorney on the Pacific coast.  
—Mrs. Bertha Holcomb and children left yesterday for Keystone Nebr., where she will join her husband who went some time ago, and will make their home in the future. Yadkin Co. loses a good family in the departure of Mr. and Mrs. Holcomb but wish them success in their new field.
