VOL. XX I.

IF HAIR IS TURNING GRAY, USE SAGE TEA

Don't Look Old! Try Grandmother's Recipe to Darken and Beautify

Gray, Faded, Lifeless Hair.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

A well-known druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied-it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural olor and looks glossy, soft and abundant. Adv.

BEAUTY IS POCKETBOOK DEEP

Fussing Ability, Not Looks, Will Determine Kansas University Queens.

"There is really nothing to a girl's credit," Mrs. Eustace Brown, adviser of women says, "if she is elected as one of the five beauties in the Jayhawkers beauty contest. It simply means that the man with whom she goes most has a great deal of power among his friends and fraternity brothers, and can buy them off to vote for his girl.

"The girl may not even be espe cially pretty, but that is only a trifle. If she is electioneered for hard enough, who knows. She might get the place above some far prettier girl.

"It is the same old question of politics over again-buying votes, running the political machine, and so forth.'

The 975 girls who were not elected, therefore, should not feel badly. They may be just as pretty, but the power behind the throne was lacking, according to Mrs. Brown.-University Daily Kansan.
